### DESPATCHES, Etc.

CANADA.  
No. 1353.

DOWNING STREET,  
30th November, 1916.

MY LORD DUKE,—With reference to my despatch No. 811 of the 25th of August, 1915, I have the honour to transmit to Your Excellency, for the information of your Ministers, copies of a public notice dated 19th October, 1916, issued by the Board of Trade, regarding the use of manifests and bills of lading during the war.

2. I shall be glad if a similar notice may be issued in Canada.

I have the honour to be,  
My Lord Duke,  
Your Grace's most obedient,  
humble servant,

(Signed) A. BONAR LAW.

Governor General  
His Excellency  
The Duke of Devonshire, K.G., G.C.V.O.,  
&c., &c., &c.

#### NOTICE TO SHIPPERS AND SHIPOWNERS RESPECTING MANIFESTS AND BILLS OF LADING.

THE attention of Shippers and Shipowners and the trading community generally is drawn to the fact that in time of war the practice of shipping goods with Bills of Lading made out "to order" (made illegal by Section 4 of the Customs (War Powers) Act, 1915, in the case of goods shipped from the United Kingdom under license) is very undesirable in respect of any goods exported from any part of the British Empire. Shippers of goods not requiring licenses are therefore advised not to make out Bills of Lading "to order," but only—

(a) To a named consignee, or

(b) To a bank or financial house of high standing, with the remark in the margin of the Bill of Lading "Notify A.B." "A.B." being the name of the person or firm for whom the goods are ultimately designed. Goods shipped to Holland should be consigned to the Netherlands Oversea Trust.

It is essential during the war that, in the case of all goods, whether shipped under license or not, British ships should have on board throughout the voyage a full manifest of cargo and all the Bills of Lading, or certified copies of the Bills of Lading.

Unless these requirements are complied with, there will be a risk that the ships will be stopped and diverted by H.M. ships or the war vessels of the allied nations, in order to permit of full examination of the cargo, and ascertainment of its destination.

In the case of British ships that will touch at ports in countries contiguous to enemy territory, compliance with these requirements is of special importance and serious delay may result to ship and cargo in such cases if all ship's papers are not on board and in order.

This notice supersedes the announcement made by the Board of Trade on August 19th, 1915, (see "Board of Trade Journal" of 26th August, 1915, pp. 594-5) but in no way affects the requirements of Section 4 of the Customs (War Powers) Act, 1915, in regard to licensed goods.

BOARD OF TRADE, 19th October, 1916. 27-3

The Minister is of the opinion that the lots in question should be disposed of in the manner above suggested, and he, therefore, recommends that he be authorized to issue leases to the respective applicants for the lots appearing opposite their names as hereinafter set forth, for a term of ten years at a nominal annual rental of \$1, subject to residence upon the land and

AT THE GOVERNMENT HOUSE AT OTTAWA.

Thursday, the 28th day of December, 1916.

PRESENT :

HIS EXCELLENCY THE GOVERNOR GENERAL  
IN COUNCIL.

**T**HE Committee of the Privy Council have had before them a report, dated the 18th December, 1916, from the Minister of the Interior, stating that Angus Thompson holds under Military Bounty Warrant (1885) the north half of Section 6, Township 73, Range 8, west of the 6th Meridian.

On the 15th May, 1916, an Order in Council was passed relieving Mr. Thompson of the necessity of performing any residence duties, in view of the fact that a medical certificate had been submitted stating that he was suffering from tuberculosis of the lungs in an advanced stage, and authorizing the issue of patent in Mr. Thompson's favour on proof being submitted that the other conditions of the entry had been complied with. Mr. Thompson now represents that unless he moves to a warmer climate he will not survive the coming winter.

In view of the foregoing, the Minister recommends that authority be given, under subsection (2) of section 76 of The Dominion Lands Act, chapter 20, 7-8 Edward VII, for the sale of the north ½ of Section 6, Township 73, Range 8, west of the 6th Meridian to Mr. Thompson at the rate of \$1.00 per acre, and that patent for this land be issued in his favour on completion of the required payments.

The Committee submit the same for approval.

## AT THE GOVERNMENT HOUSE AT OTTAWA

Tuesday, the 19th day of December, 1916.

PRESENT :

HIS EXCELLENCY THE GOVERNOR GENERAL  
IN COUNCIL.

HIS Excellency the Governor General in Council is pleased, under the provisions of Section 17 of the Dominion Forest Reserves and Parks Act, to make the accompanying regulations relating to the administration of "Project Meadows" to apply to the forest reserves within the Railway Belt in the Province of British Columbia, and the same are hereby made and established, accordingly.

RODOLPHE BOUDREAU,  
Clerk of the Privy Council.

REGULATIONS relating to Project Meadows to apply to Dominion Forest Reserves in the Railway Belt in the Province of British Columbia.

"Project Meadows" are meadows within Forest Reserves which are located in places difficult of access whence it will be impossible to haul hay so that any use of the meadows will be contingent upon feeding stock on the ground.

A "lessee of stock" is a person or company who have leased a ranch or farm and fixtures including stock as a going concern for a term of years on the basis of either a fixed rental or shares of profit and a guarantee to return an equivalent number of stock or the cash value of same to the owner on the termination of the lease.

1. A permit for a term of five years for the sole use of a project meadow or in the case of small meadows for any number of meadows whose combined acreage as determined by the method provided in clause 13 hereafter does not exceed one hundred acres may be granted to any person who is a British subject, subject to the conditions hereinafter set forth.

2. Every project meadow for which application for use under permit is received will be surveyed by a forest officer by metes and bounds. A plan of said survey will be filed in the office of the Forest Supervisor and every permit issued shall be based on the acreage as shown on such plan.

3. (a) In considering applications for the use of project meadows the following classes of applicants will be considered in the following order of preference ;

Class 1. Applicants who are *bona fide* owners of ranch or farm lands who desire to procure project meadows to be used as adjuncts to their ranches or farms.

Class 2. Applicants who do not own ranch or farm lands which they wish to supplement by the use of project meadows in raising stock but who desire to use project meadows to raise stock thereon as independent business ventures.

(b.) Applications from persons in Class 2 will not be considered until all applications of persons in Class 1 are satisfied.

4. Where more than one application of the same class is received at the same time for a meadow for which no permit is in force the forest officer may partition the meadow, if satisfactory to the applicants. If no agreement is possible between them he shall put the right up to tender on an acreage basis at an upset price not less than the rates fixed in Section 11 of these Regulations.

5. The permittee shall undertake improvement work adequate to bring the meadow to its maximum bearing capacity, such improvements to be satisfactory to the Forest Officer in charge of the Reserve.

6. Only stock of which the permittee is the *bona fide* owner or lessee shall be maintained upon a project meadow.

7. A permittee may use a project meadow in any one of the following ways :—

1. To put up hay for feeding stock the following winter.
2. To pasture stock during the summer.

3. To grow hay on one part and pasture the remainder.

8. The minimum annual use requirement for stock maintained upon a project meadow shall be as follows :—

1. During the first three years of the duration of the permit :

- a. Cattle or horses, at the rate of one head to be wintered for two acres of meadow under permit.
- b. Sheep at the rate of five head to be wintered for every two acres of meadow under permit.

2. During the fourth and fifth years of permit and during the renewal thereof granted under section 10 of these Regulations :—

- a. Cattle or horses, at the rate of one head to be wintered for every acre of meadow under permit.
- b. Sheep, at the rate of five head to be wintered for every acre of meadow under permit.

9. Every permittee shall make affidavit to the Forest Officer in charge of the Reserve before May 1st of each year of the use made of the project meadow under permit to him during the preceding twelve months. This affidavit shall set forth :—

1. Number of stock maintained ;
2. Time maintained ;
3. Quantity of hay put up ;
4. Quantity of hay fed ;
5. Improvements made ;

10. Every permittee who has conformed to the requirements of these regulations shall be granted three renewals of said permit for further five year terms upon application at least six months prior to the termination of said permit or renewal thereof, and such application will have preference over all other applications for the same land under these regulations.

11. The dues to be charged for the use of project meadows will be as follows :—Original permit—five cents per acre per year. First renewal—ten cents per acre per year. Second and third renewals—fifteen cents per acre per year.

12. Permits for the use of project meadows shall not be transferable or assignable without the consent of the Minister and no person or company shall be entitled to more than one permit at a time.

13. In cases where consent has been given to the assignment of a permit the permit shall be returned to the Department and a new permit shall be issued to the assignee for the remainder of the term of the original permit assigned and subject to the same conditions.

14. In case of cancellation of a permit or where a renewal is not desired or procurable a second permittee for an improved project meadow will be required to pay the dues which the original permittee would have paid had his occupancy continued.

15. All fences constructed shall be maintained by the permittee during his occupancy in a condition satisfactory to the Forest Officer.

16. All timber required to be cut on the forest reserve for the construction of improvements shall be obtained under permit under the conditions of the forest reserve regulations and at the prescribed rates of dues.

17. Every holder of a permit will be held responsible for any fire which starts directly or indirectly, personally or through any servant, employee or agent of said permittee upon any land within a forest reserve held under permit granted to said permittee and all employees' services shall be given free whenever a fire starts on or threatens the land or improvements held under said permits. Any neglect on the part of the permittee which may cause fire is sufficient reason for the cancellation of the permit ;

18. Summer range for stock wintered on a project meadow may be secured under the terms of the grazing regulations. The holder of a permit for a project meadow shall be considered as having the same standing as applicants for grazing permits in Class one as defined in Section 39 of the Forest Reserve Regulations, as established by Order in Council of the 20th April, 1916.

## AT THE GOVERNMENT HOUSE AT OTTAWA.

Monday, the 4th day of December, 1916.

PRESENT :

HIS EXCELLENCY THE GOVERNOR  
GENERAL IN COUNCIL.

THE Committee of the Privy Council have had before them a report, dated 14th November, 1916, from the Minister of the Interior, submitting as follows :—

That by chapter 22 of the statutes of the Province of Manitoba for 1913, hereinafter referred to as the Act of Incorporation, the inhabitants of the cities of Winnipeg and St. Boniface, of the town of Transcona, and of certain adjoining rural municipalities as specified and defined in that Act, all in that province, were made and declared to be a body politic and corporate under the name of the "Greater Winnipeg Water District" hereinafter referred to as the corporation. The short title of the Act of Incorporation is the "Greater Water Power District Act," and it has been amended by the following statutes of the Province of Manitoba : Chapters 46, 47 and 48 for 1914 ; chapters 29 and 30 for 1915, and by chapter 51 for 1916 ;

That by chapter 208 of the Dominion Statutes of 1914 certain privileges and powers were granted to the Corporation, namely : power to get and to take water including water from sources outside of the province of Manitoba ; the erection and maintenance of all necessary works ; the entrance upon all lands necessary for survey and other purposes in connection with such works ; the purchase and occupation of necessary lands ; the building of roads, tunnels and bridges, of telegraph, telephone and electric lines, and of all other necessary works and buildings ; the diversion and alteration of any of such works or lines, or of streams and highways ; and the doing of all other acts necessary for the construction, maintenance and operation of any work required for the purposes of the corporation ; the preparation, submission, filing and inspection of maps, books of reference and plans shewing the works or parts of them ; and the application for the purposes of the Committee of certain provisions of the Railway Act and of the "Act relating to the establishment and expenses of the International Joint Commission under the waterways Treaty of January the eleventh, nineteen hundred and nine, and to the said Treaty" ;

That the objects or purposes of the corporation are stated in section 5 of the Act of Incorporation, that section being as follows :—

"5. The objects of the corporation shall be the supplying of water from any permanent source, whether within or without the province, for the use of the inhabitants of the said district for all purposes. It shall be within the corporate authority of the corporation to extend its operation and exercise its powers, with said object, outside of the limits of this province, subject to its obtaining any legal rights that may be required therefor from the Dominion of Canada or any authority besides this province".

That to furnish the supply of water referred to, it became necessary to construct an aqueduct from Shoal Lake, a part of the Lake of the Woods, to the city of Winnipeg, a distance of 100 miles, approximately, and it also became necessary in connection with that work, and to secure the success of the purposes of the corporation, as set out in section 5 hereinbefore quoted, to build the railway referred to in section 1 of chapter 47, one of the amending Acts before mentioned ;

That when this railway, which is now nearing completion, has been completed, a large tract of country which is now nearly altogether unsettled, and which was not suitable for settlement for agricultural purposes because of its remoteness from existing railways, will be opened to settlement mainly for agricultural purposes ;

That the Mayor of the City of Winnipeg, who is the Chairman of the Administration Board provided for in the Act of Incorporation, has submitted, as such chairman, to the Minister, a scheme for the placing upon lands, adjacent to the railway now nearing completion

between the city of Winnipeg and the Lake of the Woods, of settlers to be selected by the Land Settlement Committee of the Corporation from persons who have some experience in farming, and has applied for a reservation of the vacant and available Dominion lands within the following tract : the north half of township 7 and the whole of township 8 in range 13 ; the whole of township 7 and south half of township 8 in range 14 ; the north half of township 7 and south half of township 8 in range 15 ; all east of the principal meridian ;

That the Chairman states that the Administration Board has been assured of the active assistance of the Government of the Province of Manitoba in the matter of making necessary local improvements, establishing schools and in promoting settlement generally within the tract above described ;

That it is further represented that a Committee of the citizens of the City of Winnipeg comprising men experienced in the class of settlement intended, are co-operating in the plan, and have appointed an experienced man to take special charge of the work ;

That the Chairman of the Administration Board has asked that, in connection with the settlement of the tract before referred to, certain concessions be granted as set forth below.

The Minister is of the opinion that the public interests would be served by giving effect to these requests, and he therefore recommends that, under the provisions of paragraph (k) of section 76 of the Dominion Lands Act of 1908, authority be granted for the carrying into effect of such concessions, that is to say :—

1. That the reservation of all vacant and available lands within the tract before described, be approved and confirmed, the Minister of the Interior to have power to vary the boundaries of the said reservation, as may appear to him to be advisable ; and also to have power to cancel the reservation at any time after twelve months notice has been given in the *Canada Gazette* and in the *Manitoba Gazette*.
2. That within the tract so reserved no entries shall be granted or sales made except to persons who have been approved of by the Land Settlement Committee hereinbefore referred to.
3. That in respect of entries granted to such approved persons, the existing provisions of the said Act and regulations shall apply in so far as the same may be applicable, except as hereinafter set forth.
4. That the Land Settlement Committee be permitted to decide in what manner the holdings shall be subdivided and allotted, subject to the approval of the Minister of the Interior.
5. That the cultivation required in each case be approximately twenty per cent of the area of the land held under entry, a suitable reduction to be made if the Minister of the Interior is satisfied that such land is too difficult to break.
6. That the Land Settlement Committee be permitted to select a suitable central site comprising approximately thirty acres for the purpose of school, church and cemetery, the land so selected to be reserved for the purposes of the corporation.
7. That in respect of entries granted under the foregoing conditions, no applications for cancellation shall be accepted under the provisions of the Dominion Lands Act of 1908 and amendments, but the Department of the Interior shall be charged with the work of inspecting the land from time to time as the Minister of the Interior may deem necessary ; and where such entries are found to be in default, cancellation proceedings may be instituted under the Act before referred to, and such cancellation proceedings shall be disposed of in the same way as in the case of ordinary entries.
8. That in the event of the cancellation of any entry, the lands affected thereby shall revert to the reservation and shall become subject to the conditions hereinbefore set forth.

9. That where any settler selected by the Land Settlement Committee is found to have already exhausted his right to a free homestead, a sale may be made to such settler upon such terms and settlement conditions as the Minister of the Interior may prescribe.
10. That the Minister of the Interior be authorized to make such orders, rules and regulations as are deemed necessary in cases which arise and for which no provisions are made herein.

The Committee concur in the foregoing recommendation and submit the same for approval.

RODOLPHE BOUDREAU,  
Clerk of the Privy Council.

HIS EXCELLENCY THE GOVERNOR GENERAL  
IN COUNCIL.

THE Committee of the Privy Council have had before them a report, dated 16th November, 1916, from the Minister of the Interior, submitting that Mr. Gustav Julseth obtained homestead and pre-emption entries for the west half of section 7, township 32, range 2, west of the 4th meridian, on the 4th December, 1911, and that after performing about twelve months' residence, he developed tubercular trouble and has since returned to his native country, Norway, where he has been undergoing medical treatment ever since the year 1913. In support of the foregoing, the Department of the Interior has been furnished with reliable medical testimony, according to which authority there is no likelihood of Mr. Julseth ever recovering his health or being in a position to return to Canada with a view to completing the residence duties. With reference to the other conditions of the entries, Mr. Julseth has a brother farming in the vicinity who has undertaken to complete the necessary improvements and according to evidence submitted in this connection, a house valued at \$100 has been erected and a total area of 175 acres has been brought under cultivation on the half section.

The Minister therefore recommends that the performance of further residence duties be waived under the provisions of section 20, s.s. 3, of The Dominion Lands Act of 1908, and that patents issue for the half section on proof being furnished in the ordinary way that the other conditions of the entries have been completed and the preemption paid for as provided by the Act.

The Committee concur in the foregoing recommendation and submit the same for approval.

RODOLPHE BOUDREAU,  
Clerk of the Privy Council.

Wednesday, the 29th day of November, 1916.

PRESENT :

HIS EXCELLENCY THE GOVERNOR  
GENERAL IN COUNCIL.

THE Committee of the Privy Council have had before them a report, dated 23rd November, 1916, from the Minister of the Interior, stating that Frank Nylund, a Russian by birth, made homestead entry in 1911 for the northeast quarter of Section 14, Township 59, Range 20, west of the 4th Meridian;

Representations having been made that this entrant had deserted his wife and left the country, steps were taken to cancel his entry so that the land might be made available for his wife who has been in continuous residence;

From a Homestead Inspector's report it appears that Mrs. Nylund has continued to work on the quarter-section and desires to secure the same, but finds that she is unable to secure a certificate of naturalization as a British subject, as required by subsection 3, of section 25, of The Dominion Lands Act,—

The Minister recommends, therefore, that authority be given under subsection (1) of section 76 of The Dominion Lands Act for the sale of this land to Mrs. Nylund at the rate of \$1 per acre, patent to issue on proof being furnished that the required three years settlement duties have been completed subsequent to desertion and on land being paid for in full.

The Committee submit the same for approval.

Clerk of the Privy Council.

## AT THE GOVERNMENT HOUSE AT OTTAWA.

Thursday, the 14th day of December, 1916.

PRESENT :

HIS EXCELLENCY THE GOVERNOR GENERAL  
IN COUNCIL.

WHEREAS the regulations for the disposal of quartz mining claims on Dominion lands, established by Order in Council, dated 13th August, 1908, under the authority of the Dominion Lands Act, provide that any person having discovered mineral in place may personally stake out a location not exceeding in area 1,500 feet square; that no person shall hold in his own name, except by assignment, more than one such mineral claim on the same vein or lode, or within a distance of one-half mile; that evidence must be furnished each year to show that the locator has done or caused to be done on the claim itself to the value of \$100, or pay that amount to the Mining Recorder in lieu; and that, after the sum of \$500 has been so expended on the location or paid to the Recorder, the locator shall be entitled to a lease of the tract so staked for a term of years; work done outside the claim, with intent to work the same, may, however, if such work has direct relation and is in direct proximity to the claim, be deemed to be work done on the claim, if to the satisfaction of the Mining Recorder; and

Whereas representations have been made to the Department of the Interior that mineral of economic value exists in that portion of the Dominion of Canada bordering on Coronation Gulf near the mouth of the Coppermine River, in the Arctic region, but that no serious attempts have been made to explore or to develop the mineralized belt said to exist, owing to the very great difficulties experienced in reaching that remote region, and the very large initial cost involved in such an enterprise; and

Whereas Fort Norman, at the mouth of Great Bear river, may be reached, during the short period of navigation, by rail to Fort McMurray and by river steamer on the Athabaska and Mackenzie rivers, but at that point the prospector is confronted by two very serious obstacles, that is, transportation from Fort Norman on the Mackenzie river to Fort Franklin on Great Bear lake, a distance of about one hundred miles, and from Fort Confidence at the head waters of Great Bear lake to the mouth of the Coppermine river, a distance of about one hundred and twenty miles; and

Whereas it has been represented that the area prescribed by the regulations, while sufficient in those portions of the Dominion which are easily accessible, would not be an adequate basis of return for the risk and outlay which would necessarily be incurred in sufficiently improving the means of transportation to the mouth of the Coppermine river to enable the prospector to take in machinery and supplies, and that it is essential to the exploration and development of the mineral resources of that remote part of the Dominion that additional inducements be offered to prospectors who may have sufficient capital to undertake so expensive and so hazardous an enterprise; and

Whereas it has been represented that an expenditure of at least \$25,000 would be necessary to sufficiently improve the means of transportation from Fort Norman to admit of an expedition being sent in to prospect that part of the country during a period of one year, and it has been suggested that any individual or company prepared to expend during one year such an amount in prospecting and improving the means of transportation, be given permission, in consideration of such expenditure, to stake out and obtain entry for a greater number of mineral claims than is prescribed by the regulations; and

Whereas the tract within which mineral of economic value is said to exist lies between the 108th and 118th Meridian of West Longitude, and between the 66th and 68th degree of North Latitude;

Therefore, His Excellency the Governor General in Council, in order to stimulate prospecting in that part of the country, is pleased to authorize and doth hereby authorize the grant to any prospector, whether individual or company, who expends during the calendar

year, 1917 the sum of not less than \$25,000 in actual prospecting operations within the tract above described, and in improving the means of access between Fort Norman and the mouth of the Coppermine river, entry under the provisions of the Quartz Mining Regulations for fifty mineral claims of the prescribed size, that is, one claim for each \$500 expended, upon the following terms and conditions:—

(1) That the prospector shall, on or before the 31st day of December, 1917, furnish the Minister of the Interior with evidence supported by affidavit, and accompanied by vouchers, if required, to show that he has, during the calendar year 1917, expended the sum of not less than \$25,000 in actual prospecting operations by recognized methods within the tract above described, and in improving the means of access between Fort Norman on the Mackenzie River and the mouth of the Coppermine River. The evidence submitted shall be in the form of a detailed statement, showing the amount expended in improving the means of access and the purpose for which each item of expenditure was incurred, and shall be accompanied by plans showing the position and character of the obstacle overcome, as well as the nature and cost of the improvements made. A separate statement in detail shall be furnished, showing the expenditures incurred in prospecting operations, and the exact nature of the work done at each point, and shall be accompanied by plans showing the particular tracts upon which the work set out in the detailed statement was performed.

(2) That the claims for which the prospector may desire to apply shall be staked out in the manner prescribed in the regulations, and application for entry therefor shall be made to the Mining Recorder for the district in due form before the expiration of the year 1917; provided, however, that the prospector, who has incurred during the year the expenditure of \$25,000 above provided for, may stake out and obtain entry for more than one claim on the same vein or lode, or within a distance of one-half mile, notwithstanding the restrictions of section 13 of the regulations in this respect.

(3) Staking on behalf of a company prepared to incur the expenditure of not less than \$25,000 for the purpose and in the manner provided for herein, shall be by some person or persons duly authorized by the company to do so, and accepted by the Minister of the Interior.

(4) That in staking and recording the claims and in retaining the same after entry therefor may have been granted, the prospector shall conform in every respect with the provisions of the regulations, with such exceptions as are provided for herein.

(5) The grantees of mineral claims within the tract described, who comply fully with the provisions of section 45 of the Quartz Mining Regulations in respect of each such claim, shall be entitled to receive a lease thereof under and in accordance with the provisions of the said regulations and of the Dominion Lands Act for a period of twenty-one years, at a rental to be fixed by order of the Governor in Council, renewable for a further period of twenty-one years, provided the lessee furnishes evidence to the satisfaction of the Minister of the Interior that during the term of the lease he has complied in every respect with the conditions of such lease and the provisions of the regulations, and subject to renewal for additional periods of twenty-one years each, on such terms and conditions as may be prescribed by the Governor in Council.

(6) That the entries or leases which may be issued for mineral claims staked within the tract described shall reserve to the Crown such royalty on the sales of the products of the mines as may from time to time be specified by order of the Governor in Council, the royalty to be collected in such manner as may be prescribed by the Minister of the Interior.

(7) All entries or leases which may be issued under the authority herein contained shall be subject to the provision that ores or other deposits of mineral of commercial value taken or mined from the claims described in such entries or leases shall not be exported for smelting, refining or other treatment, but shall be smelted, refined or otherwise treated entirely within

the limits of Canada, under the provisions of such regulations as the Governor in Council may enact.

(8) The evidence of expenditure submitted by the prospector shall in all cases be to the satisfaction of the Minister of the Interior, otherwise the prospector's right to receive entries for claims shall be that prescribed in the regulations for the disposal of quartz mining claims.

(9) That applications for entries for mineral claims staked during the calendar year 1917 within the tract above described shall not be finally considered by the Mining Recorder, and entries therefor shall not be granted except during the last twenty days of the said calendar year.

Clerk of the Privy Council.

HIS Excellency the Governor General in Council is pleased to order that the regulations governing the granting of yearly licenses and permits to cut timber on Dominion lands, established by Order in Council of the 1st July, 1898, and subsequent Orders in Council, shall be and the same are hereby amended by adding the following thereto :—

1. In any case where waters flowing through, over, or along, or having their source in any timber berth, empty into any stream, or are tributary to any stream from which a domestic or municipal water supply is, or may be obtained, or in any case where the pollution of any such waters may, in the opinion of the Minister, deleteriously affect any municipal or domestic water supply, the licensee of such timber berth shall comply with the following regulations :

(a) Locate all camp buildings, outhouses, cesspools, and other structures at a sufficient distance from any stream, lake or other source of water supply to prevent the pollution of such municipal or domestic water supply.

(b) Immediately remove and burn any camp refuse or debris of any description, or any substance which would be likely to cause the pollution of any such waters, and otherwise keep the ground in the vicinity of all logging camps in a neat, orderly and sanitary condition.

(c) Prevent any depositing, leaving or accumulating in any stream, lake or other source of water supply within the berth, or in an exposed or unsanitary condition on the berth, any debris of any description or any substance which would be likely to cause the pollution of such waters.

(d) Prevent the depositing or leaving by any person employed or purporting to be employed about the berth, or the accumulation as a result of any operations carried on by reason of the license in any stream, lake or other source of such water supply on any Dominion lands whatever, or in an exposed or unsanitary condition on any such lands, any such debris or substance.

(e) Observe all laws and regulations respecting sanitation and the protection of the purity of waters which are applicable to the premises, or any regulations which may be promulgated by the Governor in Council ; and shall also comply with any requirements which may be made by the Minister for the purpose of carrying out the above provisions.

2. For each infraction of the provisions of clause (1) hereof, the licensee shall, in addition to the other penalties provided in the said regulations, be liable on summary conviction to a penalty not exceeding one hundred dollars, and such sum shall be recoverable with costs at the suit of, and in the name of the Crown.

Thursday, the 14th day of December, 1916.

PRESENT :

HIS EXCELLENCY THE GOVERNOR  
GENERAL IN COUNCIL.

THE Committee of the Privy Council have had before them a report, dated 6th December, 1916, from the Minister of the Interior, submitting that Mr. John R. Welch, of Grenfell, Saskatchewan, purchased at the auction sale of school lands held at Broadview in June, 1916, the northeast quarter of Section 29, Township 16, Range 7, west of the 2nd Meridian, which is now entered in the records of the Department as a sale in his name.

A communication was subsequently received from the Department of Militia and Defence stating that it was found necessary in the public interest that that Department should obtain control of this quarter section as it was urgently needed in connection with a Rifle Range at that point, and stating, also, that an arrangement has been made with Mr. Welch under which he agreed to exchange the northeast quarter of section 29 in question for the southeast quarter of the same section, provided this Department would be willing to authorize the exchange.

Before taking any steps in that direction, however, it was decided to have an inspection made of the two quarter sections to ascertain the value of each.

The report of Inspector Evans has since been received, and he states that there is very little, if any, difference in the value of the two quarter sections, the northeast quarter, which it is proposed that Mr. Welch should surrender, being possibly the more valuable. The Inspector further states that Mr. Welch is quite willing to surrender the northeast quarter provided he obtains entry for the southeast quarter in place of it.

Under these circumstances, and as the Minister is of the opinion that it would be in the public interest that the Department of Militia and Defence should be allowed the use of the northeast quarter of the section in connection with the Rifle Range at that point, he recommends that he be authorized to carry out the proposed exchange, that is, to cancel the entry of Mr. Welch for the northeast quarter and to grant his entry for the southeast quarter in place of it, and that, on this being done, the Department of Militia and Defence be allowed the use of the northeast quarter of the said section for Rifle Range purposes.

The Committee concur in the foregoing recommendation and submit the same for approval.

WHEREAS, an application has been filed with the Department of the Interior by the Corporation of the City of Salmon Arm, British Columbia, for the reservation from homestead entry, sale or other disposition which would endanger the waters of East Canoe creek to contamination, certain areas lying within that watershed which is situated in township 20, range 19, west of the 6th meridian, and

Whereas a joint investigation on the entire situation has been made by the local Agent of Dominion Lands and the Divisional Engineer of the British Columbia Hydrometric Survey, who report that the areas applied for comprise the watershed of East Canoe creek, from which the City's domestic water supply is obtained, and that they are of a rough mountainous character, generally unfit for agriculture and should therefore be reserved by the Crown from any disposition which would be liable to affect the purity of the waters of the stream, and

Whereas the Corporation of the City of Salmon Arm have already secured from the Provincial Water Rights Branch at Victoria the necessary water rights for the diversion and use of the waters of East Canoe creek for domestic and other purposes and have constructed a pipe line for the carriage of these waters to the town which is already in operation.

Therefore His Excellency the Governor General in Council is pleased to order and it is hereby ordered that the following lands comprising that portion of the drainage basin of East Canoe creek which are required in order to adequately protect the waters of this stream from contamination shall be withdrawn from homestead entry or sale; and further that if at any time it is desired to deal with any portion of the areas so reserved in connection with any undertaking special authority from the Minister of the Interior must first be obtained and any rights or privileges so granted shall be subject to such provisos and conditions as he may consider necessary in order that the purity of the water supply for the City of Salmon Arm may be retained,—

## AT THE GOVERNMENT HOUSE AT OTTAWA.

Tuesday, the 19th day of December, 1916.

PRESENT :

HIS EXCELLENCY THE GOVERNOR  
GENERAL IN COUNCIL.

THE Committee of the Privy Council have had before them a report, dated 13th December, 1916, from the Minister of the Interior, submitting that authority has been granted under the provisions of the Irrigation Act to The Southern Alberta Land Company, Limited, to construct a system of irrigation works taking water from Bow river at a point on the southeast quarter of section thirty-one, township twenty-one, range twenty-five, west of the fourth meridian, and that, pursuant to such authority, the said company has surveyed and partly constructed a canal from the said point of intake to and across the tract of land to be irrigated.

By authority vested in the Minister of the Interior by section 54 of the Irrigation Act, regulations have

been made for granting free right of way for irrigation canals and ditches, such right of way to include, in addition to the width of the canal or ditch, a marginal strip not exceeding twenty feet on one side and ten feet on the other side of the said canal or ditch, to give access to the same for purposes of operation and repairs, provision having also been made in the said regulations for granting a greater width, not exceeding ten acres in all, when such shall be shown to be necessary for the effective operation of the irrigation system.

Owing to the size of the canal now under construction by the aforesaid company, to the depth of the excavation at certain points and to the height of the fill at other points, it has been found necessary in some cases to allow a greater area to be included in the right of way in order to permit of the disposal of the excavated material and to afford adequate facilities for the maintenance of the works.

In all cases, to which reference is hereafter made in this minute, where the lands are held under a homestead or pre-emption entry, easements have been executed by the entrants in favour of The Southern Alberta Land Company, Limited, granting right of way of the canal over the lands; the said easements being now registered in the Department of the Interior. The remainder of the lands mentioned, over which right of way is required, are still vested in the Crown.

The Minister, therefore, recommends that authority be given for granting free right of way by License of Occupation to The Southern Alberta Land Company, Limited, for its works through, over and upon the lands hereinafter described, not exceeding the area mentioned in each case and as shown on the plan of the said works filed in the office of the Commissioner of Irrigation at Calgary, and in the Department of the Interior, and registered in the office of the Registrar of Land Titles at Calgary, in the province of Alberta, such grants to remain in effect for so long as the works herein referred to are used for irrigation purposes:

- (1) The northwest quarter of section (19), township fourteen (14), range nineteen (19), west of the 4th meridian, comprising an area of thirteen and six-tenths (13'6) acres, more or less, as shown on Irrigation Plan No. 360.
- (2) The southeast quarter of section nineteen (19), township fourteen (14), range nineteen (19), west of the 4th meridian, comprising an area of thirteen and fifty-one one hundredths (13'51) acres, more or less, as shown on Irrigation Plan No. 360.

- (4) The southeast quarter of section twenty-five (25) township fourteen (14), range twenty (20), west of the 4th meridian, comprising an area of ten and fourteen one hundredths (10'14) acres, more or less, as shown on Irrigation Plan 360.
- (5) The northeast quarter of section twenty-seven (27), township fourteen (14), range twenty (20) west of the fourth meridian, comprising an area of fourteen and eighty-four one hundredths (14'84) acres, more or less, as shown on Irrigation Plan No. 360.
- (6) The southwest quarter of section twenty-five (25), township fourteen (14), range twenty (20), west of the 4th meridian, comprising an area of sixteen and seventy-nine one hundredths (16'79) acres, as shown on Irrigation Plan No. 360.
- (7) The northwest quarter of section thirty-four (34), township thirteen (13), range seventeen (17), west of the 4th meridian, comprising an area of thirty-five and twenty-one one hundredths (35'21) acres, more or less, as shown on Irrigation Plan No. 159, and eighty-two one hundredths (82) acres, more or less, as shown on Irrigation Plan No. 296.
- (8) The northeast quarter of section sixteen (16), township fourteen (14), range eight (8), west of the 4th meridian, comprising an area of eleven and eighty-five one hundredths (11'85) acres, more or less, as shown on Irrigation Plan No. 183.

HIS EXCELLENCY THE GOVERNOR GENERAL

THE Committee of the Privy Council have had before them a report, dated 9th December, 1916, from the Minister of the Interior, representing that Mr. T. J. Kelly of Bear Lake, in the Province of Alberta, is desirous of acquiring a quarter-section of Dominion lands in the Peace River district in order to provide a home for himself and children, and is not eligible to make homestead entry having exhausted his homestead right.

The Minister states that there are no lands available for purchased homestead entry in the Peace River

district, the same lying outside the purchased homestead tract, and as Mr. Kelly is at present located in the said Peace River district with a large outfit of agricultural implements and horses, he is of the opinion that the application should receive favourable consideration.

The Minister, therefore, recommends that he be authorised to lease to Mr. Kelly for a period of three years, an available quarter-section of Dominion lands at an annual rental of two cents an acre, payable in advance, the same being the rate charged where lands are leased for grazing purposes.

The Committee concur in the foregoing recommendation and submit the same for approval.

SUBSTANCE OF RULES OF THE SENATE RELATING TO NOTICES AND APPLICATIONS FOR BILLS OF DIVORCE.

As Revised and brought in force 22nd March, 1916.

Every applicant for a Bill of Divorce shall give notice of his or her intended application, and shall specify therein from whom and for what

cause such divorce is sought, and shall cause such notice to be published during at least three months before the consideration by the Committee on Divorce of his or her petition for the said Bill, in the *Canada Gazette* and in two newspapers published in the district in Quebec, Manitoba, Saskatchewan, Alberta, British Columbia or the Northwest Territories, or in the county or union of counties in other provinces, wherein such applicant usually resided at the time of the separation of the parties; but if the requisite number of papers cannot be found therein, then in an adjoining district or county or union of counties.

Notices given in the Provinces of Quebec and Manitoba are to be published in one English and one French newspaper, if there be such newspapers published in the district, but otherwise shall be published in one newspaper in both languages. If a notice given for any session of Parliament is not completed in time to allow the petition to be dealt with during that session the petition may be presented and dealt with during the next ensuing session, without any further publication of such notice.

A copy of the said notice and a copy of the petition to be presented shall, at the instance of the applicant, and not less than two months before the consideration by the Committee of the petition, be served personally, when that can be done, on the person from whom the divorce is sought, who is hereinafter called "the respondent."

If the residence of the respondent is not known or personal service cannot be effected, then, if it be shown to the satisfaction of the Committee that all reasonable efforts have been made to effect personal service, and, if unsuccessful, to bring such notice and petition to the knowledge of the respondent, what has been done may be deemed and taken by the Committee sufficient service.

No petition for a bill of divorce shall be presented to the Senate after the first sixty days of the Session.

The petition of an applicant for bill for divorce must be fairly written and must be signed by the petitioner, and should briefly set forth the marriage, the names in full of the parties thereto, their ages and occupations, when, where and by whom the ceremony was performed, the domicile and residence of each of the parties at the time of the marriage, their matrimonial domicile, residence, and any change thereof, the material facts upon which the petitioner relies as the grounds on which relief is asked, and the nature of the relief prayed for.

The petition should also negative connivance at, or condonation of the wrong complained of and collusion in the application for divorce.

The allegations of the petition must be verified by declaration of the petitioner, under *The Canada Evidence Act, 1893*.

The copy of the petition served upon the respondent shall have endorsed thereon, or appended thereto, the following information:—

(1) The petitioner's residence at the time of service.

(2) A Post Office address in Canada at which letters and notices for the petitioner may be delivered.

(3) The name and address of the solicitor, if any, acting for the petitioner.

(4) If such solicitor's address is not at Ottawa, the name and address of some agent for him at Ottawa, upon whom all notices and papers may be served.

(5) That if the respondent desires to oppose the granting of the divorce and to be heard by the Senate Committee on Divorce, the respondent must send a notice to that effect to the Clerk of the Senate at the Parliament Buildings, Ottawa, within two months from the date of service upon the respondent, and must in the notice to the Clerk of the Senate give:—

(a) The respondent's residence at the time of sending such notice.

(b) A Post Office address in Canada at which letters and notices for the respondent may be delivered.

(c) The name and address of the solicitor, if any, acting for the respondent.

(d) If such solicitor's address is not at Ottawa, the name and address of some agent for him at Ottawa upon whom all notices and papers may be served.

(6) That, if the respondent does not so notify the Clerk of the Senate, the petition may be considered, and a bill of divorce founded thereon may be passed, without any further notice to the respondent.

(7) When the petition is one by a husband for a divorce from his wife, that, if the wife shows to the satisfaction of the Senate Committee on Divorce that she has, and is prepared to establish upon oath, a good defence to the charges made by the petition, and that she has not sufficient money to defend herself, the Committee may make an order that her husband shall provide her with the necessary means to sustain her defence, including the cost of retaining Counsel and the travelling and living expenses of herself and of witnesses summoned to Ottawa on her behalf.

No petition for a bill of Divorce shall be considered by the Committee unless the applicant has paid into the hands of the Clerk of the Senate the sum of two hundred and ten dollars, (\$210).

The petition when presented to the Senate shall be accompanied by the evidence of the publication of the notice, and by declaration in evidence of the service of a copy of the notice and of a copy of the petition.

A copy of every petition for a Bill of Divorce, or relating to any matter arising out of an application for divorce, and of every document and paper accompanying such petition or produced in evidence before the Committee, shall be furnished to the Committee by the person on whose behalf the petition, document or paper is presented or produced.

# AVIS AUX EXPÉDITEURS ET AUX ARMATEURS AU SUJET DES MANIFESTES ET CONNAISSEMENTS.

ON attire l'attention des expéditeurs et des armateurs ainsi que du commerce en général au sujet du fait qu'en temps de guerre la pratique d'expédier des marchandises sous connaissements "faits à ordre" (définie par l'article 4 de la loi dite "Customs (War Powers) Act, 1915," dans le cas de marchandises expédiées du Royaume-Uni sous permis) est des moins désirables au sujet de toutes marchandises que ce soit exportées d'une partie quelconque de l'Empire Britannique. Les expéditeurs de marchandises qui n'ont pas besoin de permis sont en conséquence priés de ne pas faire leurs connaissements "à ordre," mais

(a) qu'à un consignataire nommé, ou  
(b) qu'à une banque ou une maison financière bien cotée seulement, avec la remarque en marge du connaissement "Avissez A. B.," "A. B." étant le nom de la personne ou de la maison à laquelle les marchandises sont destinées en dernier lieu. Les marchandises expédiées en Hollande doivent être consignées à la "Netherlands Oversea Trust."

Il est de première nécessité durant la guerre que les navires britanniques ayant à bord n'importe quelles marchandises, expédiées sous permis ou non, possèdent durant tout le voyage un manifeste complet de la cargaison ainsi que tous les connaissements ou des copies authentiquées des connaissements.

A moins qu'on ne se conforme à ces exigences, les navires courent le risque d'être arrêtés et leur route peut être changée par les navires de Sa Majesté ou les vaisseaux de guerre des nations alliées, afin de leur permettre d'examiner complètement la cargaison et de s'assurer de sa destination.

Pour les navires britanniques qui toucheront aux ports des pays contigus au territoire ennemi, il est d'importance spéciale qu'ils se soumettent à ces exigences et des délais sérieux peuvent être causés au navire et à la cargaison lorsque tous les papiers du navire ne sont pas à bord et en règle.

Cet avis annule l'annonce publiée par le Board of Trade le 19 août 1915 (voir "Board of Trade Journal" du 26 août 1915, pages 594-595), mais il n'affecte aucunement les dispositions de l'article 4 de la loi dite "Customs (War Powers) Act, 1915," au sujet des marchandises permises.

# TRIBUNAUX DES PRISES PORTUGAIS.

FOREIGN OFFICE,

11 novembre 1916.

RELATIVEMENT à la note qui fut publiée dans la *London Gazette* du 30 mai dernier, la traduction du décret portugais n° 2565 du 14 août 1916, concernant les procédures dans les tribunaux des prises portugaises, se lit comme suit :

(TRADUCTION.)

Décret No 2565 (14 août 1916).

Article 1.—La manière de procéder par-devant les tribunaux des prises sera en la forme sommaire établie par le décret n° 3 du 29 mai 1907, avec les modifications telles qu'établies par les articles suivants :

Article 2.—En faisant une déclaration de réclamation le plaignant demandera que le défendeur soit avisé de produire au bureau du registraire, sous la période établie de cinq jours, une déclaration de défense donnant toute sa défense.

Paragraphe 1.—Au sujet de l'article 36 du décret n° 2350 du 20 avril 1916, l'action sera prise contre l'administrateur-dépositaire, ou l'avocat, et en même temps, demande devra être faite de sa nomination et d'une sommation à l'effet de le faire comparaître.

Paragraphe 2.—Lorsque la chose est nécessaire, le juge s'occupera immédiatement de faire cette nomination, et dans le même ordre, il ordonnera que la sommation soit émise. Cette sommation doit être signifiée dans les vingt-quatre heures.

Article 3.—Si l'on a demandé de faire entendre des témoins, alors, durant les trois jours après que la déclaration de défense aura été produite, ou une plus longue période qui pourra être accordée à cet effet, au plus trois témoins amenés par chacune des parties seront

entendus, sans permettre aucune procédure interlocutoire ou autre délai; et, le jour suivant, le juge rendra un jugement provisoire. Avis de ce jugement sera signifié dans les vingt-quatre heures, ou il pourra être rendu public à une séance du tribunal, et dès lors il sera en pleine vigueur et deviendra exécutoire.

Article 4.—A la fin des procédures ci-dessus mentionnées, la cause, selon sa classification, sera assignée à un registraire du tribunal. Le plaignant pourra alors répondre à la déclaration de défense déjà produite; cette réponse doit être produite, et les autres procédures indiquées dans les articles 5 et suivants du décret n° 3 du 29 mai 1907, devront être terminées sous 5 jours après avoir reçu avis du jugement provisoire ou après que ce dit jugement aura été publié.

Paragraphe unique.—S'il n'y avait pas eu de déclaration de défense ou si elle est déclarée inutile, le jugement provisoire deviendra final.

Article 5.—Après le jugement final rendu dans les procédures des prises, il pourra en être appelé de ce jugement directement au Supremo Tribunal de Justiça (au tribunal Suprême de Justice,) où il sera pris connaissance des vices de forme allégués, et des appels interlocutoires qui peuvent être pendants; aucun autre appel n'étant permis.

Article 6.—L'expertise en matière de navires, faite par les comités techniques, qui est traitée à l'article 29\* du décret n° 2350, est une preuve suffisante pour jugement provisoire et jugement final.

Article 7.—Les jugements ordonnant la retenue de la capture, qu'ils soient provisoires ou finals, seront communiqués directement par les juges qui les ont rendus au Ministère des Affaires Étrangères dans le but de s'assurer s'ils ne tombent pas sous le coup de l'article 2 de la 12e Convention de la Haye d'octobre 1907, approuvé par le décret du 24 février 1911.

Article 8.—Le représentant légal de l'Etat interviendra toujours comme partie principale dans les procédures des prises, sans préjudice aux intérêts légitimes de toute autre personne qui sera co-plaignante dans cette cause.

Article 9.—Il n'y aura pas de délais dans les procédures dont il est question dans ce décret.

Article 10.—Le présent décret deviendra immédiatement en vigueur, et toutes dispositions qui lui sont contraires sont révoquées.

Les Ministres de tous les départements en prendront connaissance en conséquence et ils s'assureront de son exécution.

PRÉSENT :

SON EXCELLENCE LE GOUVERNEUR  
GÉNÉRAL EN CONSEIL.

AU comité du Conseil privé a été soumis un rapport du Ministre de l'Intérieur, daté le 18 décembre 1916, représentant que Angus Thompson, sous l'empire d'une patente accordée pour service militaire en 1885, détient la moitié nord de la section 6, township 73, rang 8, à l'ouest du 6e méridien.

Le 15 mai 1916 un arrêté en conseil a été passé relevant M. Thompson de ses obligations de résidence, en vue du fait qu'un certificat médical avait été soumis représentant qu'il souffrait de tuberculose grave des poumons, et autorisant la concession au dit Thompson de la patente dès que serait fournie la preuve que les autres conditions de l'inscription avaient été remplies. M. Thompson représente maintenant qu'à moins d'un séjour dans un climat plus chaud il ne pourra survivre aux rigueurs du prochain hiver.

En considération des faits précités, le Ministre demande l'autorisation, sous l'empire du paragraphe (1) de l'article 76 de la *Loi des terres fédérales*, chapitre 20, 7-8 Édouard VII, de vendre à M. Thompson la moitié nord de la section 6, township 73, rang 8, à l'ouest du 6e méridien, au prix de \$1 l'acre, et de lui concéder la patente de ce terrain dès que les paiements requis auront été faits.

Le comité agréé cette recommandation et la soumet pour approbation.

Attendu que le terrain demandé et ci-après décrit est disponible à ces fins d'après les archives du Ministère de l'Intérieur et que le Ministère de l'Intérieur recommande que cette demande soit accordée,—

IL plaît à Son Excellence le Gouverneur en conseil de décréter que les règlements gouvernant l'octroi de licences et de permis annuels pour la coupe du bois sur les terres fédérales établis par un arrêté en conseil du 1er juillet 1898 et par arrêtés en conseil subséquents soient par les présentes modifiés en y ajoutant les articles suivants :—

1. Partout où un cours d'eau coule à travers, au-dessus, ou le long d'une coupe de bois quelconque ou à sa source dans une coupe ou se déverse dans un autre cours d'eau ou est tributaire d'un autre cours d'eau qui fournit ou peut fournir un approvisionnement d'eau domestique ou municipal ; ou si de l'avis du ministre la population d'un tel cours d'eau peut avoir un résultat délétère sur un approvisionnement d'eau municipal ou domestique quelconque, quiconque obtiendra tel permis de coupe de bois doit se conformer aux règlements suivants :

(a) Placer toute les bâtisses, dépendances, puisards, et autres constructions de ses chantiers à une distance suffisante de tous cours d'eau, lac ou autres sources d'eau, lac ou autres sources d'approvisionnement d'eau, pour prévenir la pollution de tout approvisionnement d'eau municipal ou domestique.

(b) Enlever et brûler immédiatement tous les déchets ou débris de toute nature provenant de ces chantiers ou toute matière qui serait de nature à polluer ces cours d'eau ; enfin maintenir le terrain dans le voisinage de tout chantier dans un état propre, sanitaire et en bon ordre.

(c) Empêcher qu'il soit déposé, laissé ou qu'il s'accumule dans aucun cours d'eau, lac ou autre source d'approvisionnement d'eau dans la coupe ou sur une partie de la coupe dans un état exposé ou malsain, des débris de quelque nature ou aucune matière qui pourrait causer la pollution des dits cours d'eau.

(d) Empêcher qu'il soit déposé ou laissé par aucun employé ou soi-disant employé sur la coupe, ou qu'il s'accumule à la suite de toute opération en rapport avec la dite licence, dans aucun cours d'eau, lac ou autre source d'approvisionnement d'eau sur aucunes terres fédérales ou dans un état exposé ou malsain sur aucune des dites terres de tels débris ou matières.

(e) Se conformer à toutes les lois et règlements applicables à l'endroit concernant la préservation des dits cours d'eau dans un état sain et pur, ou tout règlement promulgué par le Gouverneur en conseil ; et se conformer aussi à toutes les prescriptions faites par le Ministre dans le but de mettre en vigueur les dits règlements.

2. Pour chaque infraction aux dispositions de l'article 1 des présents règlements, quiconque obtient un permis de coupe de bois sera passible sur conviction sommaire, en plus des autres peines imposées par les dits règlements du Gouverneur en Conseil, à une amende n'excédant pas cent dollars, laquelle amende sera exigible sur la requête et au nom de la Couronne.

## SON EXCELLENCE LE GOUVERNEUR GÉNÉRAL EN CONSEIL.

AU comité du Conseil privé a été soumis un rapport du Ministre de l'Intérieur, daté le 6 décembre 1916, représentant que M. John R. Welch, de Grenfell, Saskatchewan, a acheté à la vente à l'enchère de terrains d'école, à Broadview, en juin 1916, le quart nord-est de la section 29, township 16, rang 7, à l'ouest du 2e méridien, aujourd'hui consigné aux archives du département comme lui ayant été vendu.

Le Ministère de la Milice et de la Défense a depuis envoyé un communiqué représentant qu'il est nécessaire et d'intérêt public que le dit ministère obtienne possession du dit quart de section pour ses propres fins, vu que ce terrain est indispensable à l'établissement d'un champ de tir à cet endroit et ajoute qu'après négociations avec M. Welch, ce dernier consent à échanger le quart nord-est de la section 29 en question contre le quart sud-est de la même section si le ministère y consent.

Avant d'aller plus loin cependant, il a été décidé de faire l'inspection des deux quarts de section pour s'assurer de leur valeur respective.

L'inspecteur Evans a depuis fait rapport qu'il y a très peu de différence, s'il y en a, dans la valeur des deux quarts de section ; le quart nord-est, propriété de M. Welch, ayant probablement plus de valeur que l'autre. L'inspecteur ajoute que M. Welch est tout disposé à céder le dit quart nord-est pourvu qu'on lui accorde l'inscription du quart sud-est en retour.

Dans ces circonstances, et vu qu'il considère d'intérêt public que le ministère de la Milice et de la Défense puisse disposer du quart nord-est de la dite section pour les fins du champ de tir à cet endroit, le ministre recommande qu'on l'autorise à faire l'échange ainsi projeté et qui consiste à résilier l'inscription du quart nord-est à M. Welch et à lui accorder l'inscription du quart sud-est en retour et que le dit quart nord-est soit ensuite mis à la disposition du Département de la Milice et de la Défense pour les fins du champ de tir.

Le comité agréé cette recommandation et la soumet pour approbation.

PRÉSENT :

## SON EXCELLENCE LE GOUVERNEUR GÉNÉRAL EN CONSEIL.

ATTENDU que les règlements pour la vente des claims de mines quartzeuses sur les terres fédérales, établis par un arrêté en conseil du 13 août 1908 sous l'empire de la *Loi des terres fédérales*, prescrivent que toute personne qui a découvert du minerai en place peut jalonner personnellement un claim dont la superficie n'excède pas 1500 pieds carrés ; de plus que nulle personne en son propre nom, sauf par cession, peut détenir plus d'un claim minier sur la même veine ou le même filon, ou à une distance de moins d'un mille de cette veine ou de ce filon ; que la preuve soit fournie chaque année que celui qui a délimité le claim, y a fait exécuter des travaux pour une valeur d'au moins \$100, ou, à défaut d'exécution de ces travaux, a payé cette somme au registraire des mines ; et qu'après que la somme de \$500 a ainsi été dépensée sur le claim ou payée au registraire, celui qui a jalonné le claim a droit à un bail du terrain ainsi jalonné pour une certaine période d'années. Toutefois, les travaux exécutés en dehors du claim (avec l'intention de l'exploiter), si ces travaux sont en rapport direct avec le claim et dans son voisinage immédiat, seront considérés comme ayant été exécutés sur le claim même, si le registraire minier y consent.

Et attendu que des représentations ont été faites au Département de l'Intérieur qu'il existe des minéraux de valeur économique dans cette partie du Canada située sur le golfe Coronation, près de l'embouchure de la rivière Coppermine, dans la région arctique, mais qu'on n'a fait encore aucun effort sérieux pour explorer ou développer la zone minérale qu'on dit y exister, à cause des grandes difficultés qu'on a éprouvées pour atteindre cette région lointaine et les frais préliminaires d'une telle entreprise.

Et attendu qu'on peut atteindre le Fort Norman, à l'embouchure de la rivière Great Bear, au cours de la courte saison de navigation, par chemin de fer à partir du fort McMurray et par bateau sur les rivières Athabaska et Mackenzie, mais qu'à cet endroit le prospecteur rencontre deux obstacles très sérieux, savoir : le transport de Fort Norman, sur la rivière Mackenzie, à Fort Franklin sur le lac Great Bear, une distance d'environ 100 milles, et de Fort Confidence à la source du lac Great Bear jusqu'à l'embouchure de la rivière Coppermine, une distance d'environ 120 milles.

Et attendu qu'il a été représenté que l'étendue de terrain prévue aux règlements, quoique suffisante dans les districts d'accès facile, ne pourrait offrir une garantie adéquate pour le risque et les frais qu'il faudrait nécessairement encourir en améliorant les moyens de transport jusqu'à l'embouchure de la rivière Coppermine, afin de permettre au prospecteur d'y transporter son outillage et ses approvisionnements, et qu'il est essentiel à l'exploitation et au développement des ressources minières de cette région éloignée du pays d'offrir des avantages spéciaux aux prospecteurs qui peuvent avoir le capital nécessaire pour s'engager dans une entreprise aussi coûteuse et hasardeuse.

Attendu qu'il a, aussi, été représenté qu'une dépense d'au moins \$25,000 serait nécessaire pour améliorer suffisamment les moyens de transport à partir de Fort Norman pour permettre à une expédition d'atteindre cette région et de l'explorer pendant un an, et qu'il a été suggéré qu'en considération de telles dépenses il soit permis à tout particulier ou à toute compagnie s'engageant à dépenser cette somme dans une année, en explorations et en améliorations des moyens de transport, de jalonner un plus grand nombre de claims miniers qu'il n'est prescrit par les règlements et d'en obtenir l'inscription.

Et attendu que la région où l'on prétend que gisent ces dépôts de minéraux de valeur économique est située entre les 108e et 118e méridiens de longitude ouest, et entre les 66e et 6e degrés de cette latitude nord ;

Par conséquent, il plaît à Son Excellence le Gouverneur général en conseil, afin de stimuler la recherche

des gisements de minéraux dans cette partie du pays, d'autoriser par ces présentes la concession à tout prospecteur, soit particulier ou compagnie, qui dépense au cours de l'année civile 1917 la somme d'au moins \$25,000 en travaux d'exploration dans la région ci-dessus décrite et en améliorations des moyens de transport entre Fort Norman et l'embouchure de la rivière Coppermine, sous l'empire des dispositions des règlements concernant les mines quartzeuses, de cinquante claims de la grandeur prescrite, soit un claim pour chaque \$500, aux conditions suivantes :

(1) Le prospecteur doit le ou, avant le 31e jour de décembre 1917 fournir au Ministre de l'Intérieur la preuve confirmée par affidavit et accompagnée de pièces justificatives, s'il est ainsi exigé, démontrant qu'au cours de l'année civile 1917 il a dépensé la somme d'au moins \$25,000 en travaux d'exploitation, selon les méthodes reconnues, dans les limites de la région ci-dessus décrite et en améliorations des moyens de transport entre Fort Norman sur la rivière Mackenzie et l'embouchure de la rivière Coppermine. Cette preuve doit être sous forme d'état détaillé indiquant le montant dépensé en amélioration des moyens de transport, ainsi que les fins auxquelles chaque item de dépense a été appliqué ; y seront joints des plans indiquant la position et la nature de l'obstacle qu'il a fallu surmonter, ainsi que la nature et le coût des améliorations. Doit être de plus fourni un état détaillé distinct, montrant les dépenses encourues en travaux d'exploration et la nature exacte des travaux exécutés à chaque endroit ; aussi des plans montrant les endroits particuliers où ont été exécutés les travaux mentionnés dans l'état détaillé.

(2) Les claims dont le prospecteur demande la concession doivent être jalonnés de la manière prescrite par les règlements, et la demande d'inscription doit être faite au registraire minier du district en bonne et due forme avant l'expiration de l'année 1917. Toutefois, le prospecteur qui au cours de l'année a fait la dépense de \$25,000 ci-dessus prescrite peut jalonner plus d'un claim sur la même veine ou le même filon et en obtenir l'inscription, ou dans un rayon d'un demi-mille de cette veine ou filon, nonobstant les restrictions de l'article 13 des règlements à ce sujet.

(3) La délimitation de claims pour une compagnie qui est prête à encourir une dépense d'au moins \$25,000 pour les fins susdites et de la manière ici prescrite, peut être faite par toute personne ou toutes personnes dûment autorisées par la compagnie et acceptées par le Ministre de l'Intérieur.

(4) Dans la délimitation et l'enregistrement de claims et pour les retenir après que l'inscription a été accordée, le prospecteur doit se conformer sous tous rapports aux prescriptions des règlements, sauf telles exceptions qui peuvent être ici prévues.

(5) Les concessionnaires de claims miniers dans les limites de la région ci-dessus décrite qui se conforment en tout aux prescriptions de l'article 45 des règlements des mines quartzeuses en ce qui concerne chacun de ces claims, ont droit à la cession du bail de ces claims sous l'empire des dispositions des dits règlements et de la loi des terres fédérales pour une période de 21 ans, au loyer qui sera fixé par un décret du Gouverneur en conseil, le bail étant renouvelable pour une autre période de 21 ans dès que le concessionnaire aura fourni au Ministre de l'Intérieur la preuve satisfaisante qu'au cours de la durée du bail il s'est conformé sous tous rapports aux conditions du dit bail et aux prescriptions des règlements ; de nouveaux renouvellements pourront être accordés pour des périodes additionnelles de 21 ans chacune, aux termes et conditions que prescrira le Gouverneur en conseil.

(6) La patente ou le bail d'un claim minier dans la région ci-dessus décrite réserve à la Couronne un droit régalién sur les ventes des produits des mines qui sera déterminé de temps à autre par décret du Gouverneur en conseil et sera perçu de la manière prescrite par le Ministère de l'Intérieur.

(7) Toutes les patentes émises ou les baux cédés en vertu des pouvoirs ici conférés sont sujets à la restriction que les minerais ou autres dépôts de minéraux de valeur commerciale extraits des claims et décrits dans ces patentes ou baux ne seront pas exportés pour réduction, raffinage ou autre traitement, mais devront

être réduits, raffinés ou autrement traités exclusivement dans les limites du Canada et conformément aux prescriptions des règlements que le Gouverneur en conseil peut établir.

(8) La preuve de la dépense encourue par le prospecteur doit dans tous les cas être à la satisfaction du Ministre de l'Intérieur; sinon le droit du prospecteur à la patente de ces claims ne sera autre que celui prescrit par les règlements concernant les claims de mines quartzéuses.

(9) Les demandes de patente pour les claims miniers délimités au cours de l'année civile de 1917 dans la région ci-dessus décrite ne seront prises en considération définitive par le registraire minier et les patentes de ces claims ne seront accordées que dans les derniers vingt jours de la dite année civile

PRÉSENT :

SON EXCELLENCE LE GOUVERNEUR  
GÉNÉRAL EN CONSEIL.

Le comité du Conseil privé a été soumis un rapport du Ministre de l'Intérieur, daté le 14 novembre 1916, représentant ce qui suit :—

Le chapitre 22 des statuts de 1913 de la province du Manitoba ci-après désigné sous le nom de "Loi d'incorporation," a constitué en corps politique et incorporé, sous le nom "The Greater Winnipeg Water District," ci-après désigné "la corporation," les résidents des cités de Winnipeg et St-Boniface, de la ville de Transcona et de certaines municipalités rurales adjacentes mentionnées et désignées dans la dite loi. La loi d'incorporation est désignée sous le nom de "Greater Water Power District Act," a été modifiée par les statuts suivants de la législature du Manitoba, savoir : chapitres 46, 47 et 48 de 1914, chapitres 29 et 30 de 1915 et chapitre 51 de 1916.

Le chapitre 208 des statuts fédéraux de 1916 accorde à la dite corporation certains privilèges et pouvoirs, savoir : le droit de se procurer et prendre de l'eau, y compris de l'eau provenant de sources hors la province de Manitoba; l'érection et le maintien de tous travaux nécessaires; l'entrée sur tous terrains pour y faire des arpentages ou pour d'autres fins en rapport avec les dits travaux; l'achat et l'occupation des terrains nécessaires; la construction de chemins, tunnels et ponts, de lignes téléphoniques et télégraphiques et électriques, et de tous autres travaux et constructions nécessaires; le détournement et l'altération d'aucuns de ces travaux ou d'aucune de ces lignes ou des cours d'eau ou grandes routes; et tous autres travaux nécessaires pour la construction, le maintien et le fonctionnement de tout ouvrage nécessaire aux fins de la corporation; la préparation, la soumission, le classement et l'inspection des cartes, livres de renvoi et tracés indiquant les travaux pour toute partie d'icelle; et la mise en vigueur pour les fins de la commission de certains dispositifs de la Loi des chemins de fer et de la Loi concernant l'établissement et les dépenses de la commission conjointe internationale sous l'empire du traité des eaux navigables portant la date du 11 janvier 1909.

L'article 5 de la Loi d'Incorporation donne à la dite corporation les objets et buts suivants :—

5. La dite corporation aura pour objet d'approvisionner pour toutes fins les résidents du dit district d'eau tirée de sources quelconques soit dans, soit hors la province. La dite corporation a le droit d'étendre et d'exercer les droits à elle conférés à ces fins hors les limites de cette province, sujet néanmoins à son obtention de tous droits légaux nécessaires à ses fins du Gouvernement du Canada ou de toute autre autorité extra provinciale.

Pour fournir l'approvisionnement d'eau ci-haut mentionné il a fallu construire un aqueduc du lac Shoal, une partie du lac des Bois, à la cité de Winnipeg, une distance d'environ cent milles, et il a fallu en rapport avec ces travaux et pour mener à bonne fin l'objet de la Corporation, tel que mentionné dans l'article 5 sus-

mentionné, construire le chemin de fer mentionné à l'article 1 du chapitre 47, l'une des lois qui tel que susmentionné modifie la *Loi d'incorporation*. Quand aura été construit ce chemin de fer, dont le parachèvement est prochain, il sera ouvert à la colonisation, pour des fins de culture surtout, une grande étendue de terrain qui aujourd'hui est presque complètement dépourvue de colons à cause de son éloignement des chemins de fer actuels.

Le maire de la cité de Winnipeg, qui est le président du bureau d'administration établi par la Loi d'incorporation, en sa qualité de président, a soumis au ministre un projet pour établir sur les terres adjoignant le chemin de fer qui doit s'achever prochainement entre la cité de Winnipeg et le Lac-des-Bois des colons devant être choisis par le comité de colonisation de la dite corporation parmi des gens qui ont certaine expérience en agriculture et le dit maire a demandé que les terres fédérales suivantes qui sont vacantes et disponibles soient réservées à ces fins : la moitié nord du township 7 et tout le township 8 dans le rang 13; tout le township 7 et la moitié sud du township 7 dans le rang 14; et la moitié nord du township 7 et la moitié sud du township 8 dans le rang 15; tout à l'est du méridien principal.

Le président représente que le bureau d'administration a reçu l'assurance que le gouvernement de la province de Manitoba contribuerait activement aux améliorations locales nécessaires sur les terrains susmentionnés : établissement d'écoles, aide à la colonisation, etc.

On a de plus représenté qu'un comité de citoyens de la ville de Winnipeg, formé d'hommes d'expérience dans ce genre de colonisation donne son appui au projet et a proposé un homme d'expérience pour se charger spécialement de l'œuvre.

Le président du bureau d'administration demande que certains privilèges mentionnés ci-après soient accordés dans le but d'aider à la colonisation des terrains susmentionnés.

Le ministre est d'avis qu'il sera d'intérêt public d'accorder les dites demandes et recommande en conséquence que, sous l'empire du paragraphe (k) de l'article 76 de la Loi de 1908 des terres fédérales, autorisation soit donnée d'accorder les dits privilèges, savoir :

1. Que la réserve soit autorisée et ratifiée de toute terre vacante et disponible dans les limites ci-haut décrites et que le Ministre de l'Intérieur soit autorisé de changer les limites de la dite réserve comme il le jugera à propos et de rescinder la dite réserve en tout temps sur douze mois d'avis publié dans la *Gazette du Canada* et dans la *Gazette du Manitoba*.

2. Que dans les limites ainsi réservées il ne soit concédé ou vendu aucune inscription excepté à des personnes agréées par le comité de colonisation susmentionné.

3. Que la concession d'inscription à des personnes agréées comme ci-dessus soit sujette aux dispositions de la dite loi et des dits règlements en autant que ces derniers peuvent s'y appliquer et sauf les réserves ci-dessus mentionnées.

4. Que la dite commission de colonisation soit autorisée de décider de quelle manière les dites terres soient subdivisées et cédées, sujet à l'approbation du Ministre de l'Intérieur.

5. Que les conditions de culture dans chaque cas soient approximativement 20% de la superficie des terres sous inscription sujettes à une réduction raisonnable si le Ministre de l'Intérieur juge que le terrain en question est trop difficile à défoncer.

6. Que la commission de colonisation soit autorisée de choisir un site central de trente acres approximativement pour l'établissement d'une école, d'une église et d'un cimetière, le site ainsi choisi devant être réservé aux fins de la dite corporation.

7. Que relativement aux inscriptions accordées aux conditions sus-mentionnées, il ne soit accepté aucune demande pour rescision sous l'empire de la Loi de 1908 des terres fédérales et ses modifications, mais au Ministère de l'Intérieur ressortit de faire l'inspection des dites terres de temps à autre selon que le Ministre de l'Intérieur le jugera opportun; et s'il est trouvé que les conditions des dites inscriptions n'ont pas été remplies, il peut être institué des procédures en rescision sous l'empire de la loi susdite, lesquelles pro-

cédures doivent être conduites de la même manière que pour les inscriptions ordinaires ;

8. Que, sur rescision d'une inscription, les terrains en question retournent à la réserve et redeviennent sujets aux conditions susmentionnées.

9. Que, si de l'avis de la dite commission de colonisation, un colon perd son droit à un homestead gratuit, une vente peut lui être consentie aux termes et conditions d'établissement que peut exiger le Ministre de l'Intérieur.

10. Que le Ministre de l'Intérieur soit autorisé de faire toute prescriptions, règles et règlements, qu'il juge nécessaires dans les cas qui peuvent surgir et qui n'ont pas été prévus dans les présents règlements.

Le comité agréé cette recommandation et la soumet pour approbation.

AU comité du Conseil privé a été soumis un rapport du Ministre de l'Intérieur, daté le 16 novembre 1916, représentant que le 4 décembre 1911, M. Gustav Julseth a obtenu l'inscription de homestead et de préemption de la moitié ouest de la section 7, township 32, rang 2, à l'ouest du 4e méridien, et qu'après avoir fait douze mois de résidence, il fut atteint de la tuberculose et est depuis retourné en Norvège son pays natal, où il a suivi un traitement médical depuis l'année 1913. A l'appui de ce qui précède, la déclaration d'une autorité médicale a été soumise au Département de l'Intérieur représentant que suivant toute apparence M. Julseth ne recouvrera jamais la santé et ne sera jamais en état de revenir au Canada pour y compléter ses obligations de résidence. Relativement aux autres obligations de l'inscrite, il est établi que M. Julseth a un frère qui exploite une ferme dans les environs et qui a entrepris de faire les améliorations nécessaires. Il a été établi que 175 acres de la demi-section ont été mis en culture et qu'une maison de la valeur de \$100 y a été érigée.

Le ministre recommande, par conséquent, qu'en vertu des dispositions du paragraphe 2 de l'article 20 de la Loi des terres fédérales, 1908, cet inscrite soit relevé de toute autre obligation de résidence en rapport avec ladite demi-section et que patente lui en soit délivrée sur preuve fournie de la manière ordinaire que les autres conditions de l'inscription ont été remplies et que la préemption a été payée en conformité de la loi.

Le comité agréé cette recommandation et la soumet pour approbation.

Attendu que l'agent local des terres fédérales et l'ingénieur divisionnaire hydrométrique de la Colombie-Anglaise ont fait un examen conjoint complet de la situation et font rapport que les terrains en question comprennent les sources du creek East Canoe qui fournit à la ville son approvisionnement d'eau domestique, et que les dits terrains sont pierreux, montueux, en général impropres à l'agriculture et que la Couronne devrait les soustraire à toute aliénation qui pourrait altérer la pureté des eaux du creek, et

Attendu que la corporation de la ville de Salmon Arm a déjà obtenu du département provincial des droits hydrauliques à Victoria l'autorisation voulue pour la diversion et l'utilisation des eaux du creek East Canoe pour les fins domestiques et autres, et qu'elle a construit un aqueduc qui actuellement conduit l'eau jusqu'à la ville.

IL plaît à Son Excellence le Gouverneur général en conseil, sous l'empire et en vertu des dispositions de la Loi des mesures de guerre de 1914, de décréter et d'établir les ordres et règlements suivants concernant l'importation de marchandises d'origine ennemie, et les dits ordres et règlements sont par ces présentes établis et décrétés en conséquence :

Lorsque le Ministre des Douanes a raison de soupçonner que le pays d'origine de certaines

marchandises importées au Canada est un pays ennemi dans le sens des diverses proclamations concernant le trafic avec l'ennemi, ces articles peuvent être confisqués et, à moins de preuves au contraire, le pays d'origine de tels articles sera censé pays ennemi.

Tous les articles ainsi confisqués dont le pays d'origine n'est pas prouvé à la satisfaction du Ministre des Douanes être autre qu'un pays ennemi sont confiscables par la Couronne et seront détruits, ou il en sera autrement disposé de la manière que le Ministre des Douanes ordonnera.

RAL EN CONSEIL.

AU comité du Conseil privé a été soumis un rapport du Ministre de l'Intérieur daté le 9 décembre 1916, représentant que M. T. J. Kelly, du lac des Ours, dans la province de l'Alberta, désire faire l'acquisition d'un quart de section de terres fédérales dans le district de la rivière à la Paix pour y établir domicile avec ses enfants et qu'il ne peut obtenir une inscription de homestead, son droit à une concession de homestead étant épuisé.

Le Ministre affirme qu'il n'y a pas de terres disponibles pour l'inscription d'achat de homestead dans le district de la rivière à la Paix, vu que ce district est situé en dehors des limites des homesteads sujets à achat, et considérant que M. Kelly est maintenant établi dans le dit district de la rivière à la Paix avec un outillage considérable d'instruments aratoires et de chevaux, il est d'avis que la dite demande soit accordée.

A ces causes le Ministre recommande l'autorisation de louer à M. Kelly, pour un terme de trois années, un quart de section de terres fédérales maintenant disponible, à un loyer annuel de deux cents l'acre, payable à l'avance, ce loyer étant le prix exigé pour la location de terrains pour fins de pâturage.

Le comité agréé cette recommandation et la soumet pour approbation.

## DEMANDES AU PARLEMENT.

## CHAMBRE DES COMMUNES.

## RÈGLES RELATIVES AUX PÉTITIONS ET AUX BILLS PRIVÉS.

88. (1) Les pétitions pour bills privés ne sont reçues par la Chambre que si elles sont présentées pendant les six premières semaines de la session, et tout bill privé sera présenté à la Chambre dans les deux semaines à compter de l'époque où l'Examinateur ou le comité des ordres permanents auront fait un rapport favorable sur la pétition, et nulle motion à l'effet de suspendre cette règle ne sera acceptée, à moins qu'au préalable le comité des ordres permanents n'ait présenté un rapport recommandant cette suspension et exposant les raisons la motivant.

## Instruction aux comités.

97. Qu'il soit enjoint à tous les comités sur bills privés, dans le cas où les promoteurs ne seraient point prêts à procéder avec leurs mesures quand celles-ci auront été appelées deux fois en deux occasions différentes devant le comité pour y être discutées, de rapporter ces mesures à la Chambre sans délai, faisant connaître les faits, et avec la recommandation que ces bills soient retirés.

## Dépôt de bills et honoraires.

89. (1) Toute personne qui voudra obtenir un bill privé sera tenu de déposer entre les mains du greffier de la Chambre, au moins huit jours avant la réunion de la Chambre, un exemplaire de ce bill en anglais ou en français, avec une somme suffisante pour en payer la traduction et l'impression, la traduction en devant être faite par les fonctionnaires de la chambre, et l'impression par le département des impressions publiques, et si pareil bill n'est pas déposé dans le délai ci-dessus prescrit, le solliciteur devra, en sus des frais d'impression et de traduction, payer la somme de cinq dollars pour chaque jour qui s'écoulera entre le dit huitième jour avant la réunion de la Chambre et la date de la présentation du bill ; mais ces taxes additionnelles ne devront pas dépasser en totalité la somme de deux cents dollars.

2. Après la deuxième lecture d'un bill et avant son examen par le comité auquel il a été renvoyé, celui qui en fait la demande doit dans tous les cas verser le prix de l'impression de la loi dans les statuts ainsi qu'un droit de deux cents piastres.

## Taxes supplémentaires.

3. Les taxes suivantes seront également imposées et payées, en sus de celles qui précèdent savoir :—

- (a) Lorsqu'une règle de la Chambre est suspendue relativement à un bill, ou à la pétition de ce bill pour chaque suspension. . . . . \$ 100 00
- (b) Lorsqu'un bill est présenté dans la Chambre après la huitième semaine de la session et avant la fin de la douzième . . . . . 100 00

- (e) Lorsque le capital social projeté d'une compagnie dépasse \$500,000, et n'excède pas \$750,000. . . . . 150 00

4. Quand l'objet d'un bill est d'augmenter le capital social d'une compagnie existante, le droit additionnel est déterminé selon le tarif ci-dessus, mais n'est calculé que sur le montant de la majoration.

5. Quand un bill est à l'effet d'augmenter ou tend à augmenter pour une compagnie sa faculté d'emprunter, sans qu'il y ait augmentation du capital social, le droit additionnel est de \$300.

6. Si, à quelque phase d'un bill, il est apporté quelque augmentation au chiffre du capital social projeté d'une compagnie, ou à celui de sa faculté d'emprunter, le bill ne passe pas à la phase subséquente tant que les droits découlant de ce changement n'ont pas été versés.

7. Dans la présente règle, l'expression "capital social projeté" comprend toute augmentation de ce capital prévue dans le bill, et dans le cas où un bill accorde le pouvoir d'augmenter, à quelque date que ce soit, le montant du capital social projeté, le droit additionnel sera prélevé sur le chiffre maximum de telle augmentation projetée, telle qu'il en est fait mention dans le bill.

8. Les taxes supplémentaires prescrites en la présente règle s'appliqueront aussi aux bills privés prenant naissance au Sénat, sauf, toutefois, que si une pétition demandant pareil bill privé a été présentée en cette Chambre dans les six premières semaines de la session la taxe supplémentaire imposée sous l'empire des alinéas b ou c de l'article 3, ne sera pas exigée.

Greffier des Communes.

(D.) Tout pareil avis sera transmis par la poste par lettre enregistrée de manière à parvenir au secrétaire de la province, et au greffier du conseil de comté et de la corporation municipale, au moins deux semaines avant que l'Examineur ou le comité des ordres permanents ne prennent la pétition en délibération, et une déclaration conforme à la loi et établissant ce dépôt à la poste, sera adressée au greffier de la Chambre.

### SENAT.

#### SUBSTANCE DES RÈGLES ET FORMES DE PROCÉDER DU SENAT CONCERNANT LES BILLS DE DIVORCE.

*Telles que révisées et mises en vigueur le 22 mars 1906*

Tout pétitionnaire en divorce doit annoncer son intention de demander un bill de divorce, par un avis spécifiant contre qui et pour quelle cause le divorce sera demandé; il fait insérer cet avis, pendant trois mois au moins avant la prise en considération par le comité des divorces de sa pétition pour obtenir le bill, dans la *Gazette du Canada* et dans deux journaux—du district où il avait sa résidence habituelle à l'époque de sa séparation d'avec son conjoint, s'il résidait alors dans la province de Québec, le Manitoba, la Saskatchewan, l'Alberta, la Colombie-Britannique ou les Territoires du Nord-Ouest,—ou du comté ou des comtés-unis, s'il résidait dans une autre province; et à défaut de ce nombre de journaux, l'avis doit se publier dans le district, le comté ou les comtés-unis voisins.

Dans les provinces de Québec et du Manitoba, les insertions doivent se faire dans un journal anglais et un journal français, s'il en existe des deux langues dans le district; autrement, elles se font en anglais et en français au même journal. Si l'avis donné pour une session expire trop tard pour qu'il puisse être statué sur la pétition pendant cette session, la pétition pourra être présentée et accueillie à la session suivante sans nouvelle publication d'avis.

Une copie de cet avis et une copie de la pétition qui sera présentée doit, à la diligence du pétitionnaire et au moins deux mois avant la prise en considération de la pétition par le comité, être signifiée en main propre si cela est possible, à la personne contre laquelle le divorce sera demandé, ci-après appelée "partie défenderesse".

Si la résidence de la partie défenderesse n'est pas connue, ou que la remise de l'avis ne peut être faite en ses mains, s'il est prouvé, d'une manière jugée satisfaisante par le comité, que tous les efforts raisonnables ont été faits pour opérer la signification en main propre, et, en cas d'inutilité de ces efforts, pour porter l'avis et la pétition à la connaissance de la partie défenderesse, ces diligences peuvent être tenues pour une suffisante notification.

Aucune pétition en divorce n'est recevable après l'expiration des soixante premiers jours de la session.

Toute pétition en divorce doit être écrite lisiblement et porter la signature du pétitionnaire. Elle énonce sommairement le fait du mariage, en indiquant les noms au long, l'âge et l'état des parties, en quel temps, en quel lieu et par qui a été faite la célébration; le domicile et la résidence de chacune des parties à l'époque du mariage, leur domicile conjugal, leur résidence et tout changement qui en aurait eu lieu; les faits essentiels sur lesquels est fondée la demande de redressement et la nature du redressement demandé.

La pétition doit aussi contenir l'assurance qu'il n'y a pas eu ni connivence, ni pardon pour les torts qui donnent lieu à la plainte, ni collusion dans la demande en divorce.

Les allégations de la pétition doivent être appuyées d'une déclaration du pétitionnaire, faite conformément à l'Acte de la preuve en Canada, 1893.

La copie de la pétition signifiée à la partie défenderesse portera en endos ou en annexe les renseignements suivants:

(1) La résidence du pétitionnaire à l'époque de la signification.

(2) Une adresse postale en Canada à laquelle les lettres et avis pour le pétitionnaire puissent être délivrés.

(3) Le nom et l'adresse de l'avocat, s'il y en a un, agissant pour le pétitionnaire.

(4) Si cet avocat n'a pas d'adresse à Ottawa, le nom et l'adresse de quelque agent le représentant à Ottawa à qui tous avis et pièces puissent être signifiés

(5) Si la partie défenderesse veut s'opposer à la demande en divorce et être entendue par le comité des divorces du Sénat, elle doit adresser un avis à cet effet au greffier du Sénat aux édifices du Parlement, Ottawa, dans les deux mois de la signification faite à la partie défenderesse et donner dans cet avis au greffier du Sénat:

(a) La résidence de la partie défenderesse à l'époque de l'envoi de l'avis.

(b) Une adresse postale en Canada à laquelle les lettres et avis pour la partie défenderesse puissent être délivrés.

(c) Le nom et l'adresse de l'avocat, s'il y en a un agissant pour la partie défenderesse.

(d) Si cet avocat n'a pas d'adresse à Ottawa, le nom et l'adresse de quelque agent le représentant à Ottawa, à qui tous avis et pièces puissent être signifiés.

(6) Si la partie défenderesse ne notifie pas ainsi le greffier du Sénat, la pétition peut être prise en considération, et un bill de divorce basé sur cette pétition peut suivre son cours sans autre avis à la partie défenderesse.

(7) Lorsque la pétition est présentée par un mari pour obtenir le divorce contre sa femme, si celle-ci fait voir au comité d'une manière satisfaisante qu'elle peut opposer et qu'elle est prête à produire sous serment de bons moyens de défense contre les accusations portées dans la pétition, et qu'elle n'a pas l'argent nécessaire pour faire valoir ces moyens, le comité peut rendre un ordre que son mari ait à lui fournir la somme nécessaire pour qu'elle puisse présenter sa défense en retenant les services d'un conseil, payer ses frais de voyage et de séjour et ceux des témoins assignés de sa part à Ottawa.

La pétition en obtention d'un bill de divorce n'est prise en considération par le comité que lorsque le pétitionnaire a versé au bureau du greffier du Sénat une somme de \$210.

La pétition, au moment de sa présentation au Sénat doit être accompagnée de la preuve de la publication d'avis et d'une déclaration établissant qu'une copie de l'avis de la pétition a été signifiée.

Une copie de toute pétition en obtention d'un bill de divorce, ou relative à quelque demande de divorce,—et une copie de tous documents et papiers accompagnant cette pétition, ou à produire devant le comité, devra être fournie par la personne au nom de laquelle la pétition, les documents ou les papiers seront présentés ou produits.

SAML. E. ST. O. CHAPLEAU,

Greffier du Sénat.

### SENAT.

#### *Avis de bills privés.*

#### EXTRAIT DES RÈGLES DU SENAT.

107. Toute demande au Parlement, pour obtenir un bill privé, de quelque nature qu'il soit, doit être annoncée par avis inséré à la *Gazette du Canada*; cet avis doit indiquer d'une manière claire et précise la nature et l'objet de la demande, être signé par les pétitionnaires ou en leur nom et contenir l'adresse des signataires; et si elle a pour objet l'obtention d'un acte constitutif, il faut donner aussi dans l'avis le nom de la compagnie projetée.

Outre l'avis à insérer dans la *Gazette du Canada*, il doit en être publié un semblable, comme il suit:—

A. Lorsque la demande a pour objet l'obtention d'un acte constituant en corporation,—

1. Une compagnie de chemin de fer ou de canal,—dans un des principaux journaux de la principale cité ou ville ou le principal village de chaque comté ou district par où passerait le chemin de fer ou le canal dont la construction est projetée;

2. Une compagnie de télégraphe ou de téléphone,—dans un des principaux journaux de la principale cité ou ville de chaque province ou territoire où elle se propose d'opérer;

3. Une compagnie pour la confection de travaux quelconques, dont la confection ou l'exploitation intéresserait spécialement telle localité particulière ; ou une compagnie tendant à obtenir des droits ou privilèges exclusifs, ou l'autorisation de faire une chose dont l'opération pourrait porter atteinte aux droits ou à la propriété d'autrui,—dans un des principaux journaux de l'endroit ou des endroits que l'acte demandé intéresse ;

4. Une compagnie de banques ; une compagnie d'assurance ; une compagnie de crédit ; une compagnie de prêt, ou une compagnie industrielle, sans pouvoirs exclusifs, —dans la Gazette du Canada seulement ;

5. Et si les travaux d'une compagnie (constituée ou à constituer) doivent être déclarés d'utilité générale pour le Canada, cette intention sera spécifiquement mentionnée dans l'avis ; et les requérants feront envoyer par lettre enregistrée une copie de cet avis au secrétaire de chaque conseil de comté et de chaque corporation municipale spécialement intéressée dans la construction ou l'exploitation de ces travaux, ainsi qu'au secrétaire de la province dans laquelle ces travaux sont ou seront situés ; et la preuve de l'accomplissement de cette prescription par les requérants devra s'établir par une déclaration statutaire.

B. Lorsque la demande a pour objet de modifier un acte existant,—

1. Afin de prolonger une ligne de chemin de fer ou un canal, ou de construire des embranchements qui s'y relient, l'avis sera le même, *mutatis mutandis*, que celui pour l'obtention d'un acte constituant en corporation une compagnie de chemin de fer ou de canal ;

2. Afin de proroger le délai fixé pour la confection ou l'achèvement d'une ligne de chemin de fer, d'un canal, d'une ligne télégraphique ou téléphonique, ou d'autres travaux quelconques déjà autorisés,—dans un des principaux journaux de l'endroit où la compagnie a son siège ou est autorisée à avoir son siège ;

3. Afin d'étendre les pouvoirs d'une compagnie (sans attribution de pouvoirs exclusifs) ; d'accroître ou de réduire le capital-actions d'une compagnie, ou d'augmenter ou modifier sa faculté d'émettre des obligations ou de faire des emprunts, ou d'effectuer des changements pouvant porter atteinte aux droits ou intérêts des actionnaires, obligataires ou créanciers de la compagnie,—dans un des principaux journaux du lieu de la situation de son siège.

c. Dans tous ces cas, les avis insérés soit à la Gazette du Canada ou dans les journaux, doivent se publier au moins une fois par semaine pendant cinq semaines consécutives ; et, lorsqu'ils se publient dans les provinces de Québec et du Manitoba, ils doivent être en langue anglaise et en langue française. Il faut envoyer au greffier du Sénat des exemplaires marqués de chaque numéro de tous les journaux contenant l'avis, avec, sur le pli de la feuille, les mots : "Avis de bill privé" ; ou l'on peut transmettre, au lieu des journaux, une déclaration statutaire que l'avis a été dûment publié.

Tout avis par lettre enregistrée sera déposé à la poste à temps pour parvenir au Secrétaire de la province et au greffier de chaque conseil de comté et de chaque corporation municipale cinq semaines au moins avant la considération de la pétition par le comité des Ordres permanents ; et une déclaration statutaire établissant le fait du dépôt à la poste sera transmise au greffier du Sénat.

108. Nulle pétition pour la constitution en corporation d'une compagnie de chemin de fer ou d'une compagnie de canal, ou pour l'extension de la ligne d'un chemin de fer ou d'un canal existant ou autorisé, n'est prise en considération par le comité des Ordres Permanents, à moins qu'il n'ait été déposé devant le comité une carte ou un plan indiquant le tracé proposé des travaux ainsi que les comtés ou les districts par où doit passer le chemin de fer, le canal, l'embranchement ou le prolongement qu'on veut construire.

109. Avant d'adresser au Sénat la pétition pour en obtenir la permission de présenter un bill privé ayant pour objet la construction d'un pont de péage, la ou les personnes qui ont l'intention de faire cette pétition doivent, en donnant l'avis prescrit par les règles précédentes mentionner en même temps et de la même manière, les péages qu'elles se proposent de percevoir,

l'étendue du privilège, la hauteur des arches, l'espace libre entre les culées ou les piles pour le passage des trains de bois et des bateaux ; en outre, mentionner si le pont sera mobile ou non, et indiquer les dimensions de la partie mobile.

110. Aucune pétition en obtention d'un bill privé n'est reçue par le Sénat après les trois premières semaines de la session ; aucun bill privé ne peut lui être présenté après les quatre premières semaines de la session ; aucun rapport d'un comité permanent ou spécial sur un bill privé n'est reçu après les six premières semaines de la session.

114. Toute personne qui voudra obtenir un bill privé, si elle se propose de le présenter au Sénat, devra déposer entre les mains du greffier de cette Chambre, huit jours avant la réunion du Parlement, une copie du bill en langue anglaise ou en langue française, avec une somme d'argent suffisante pour en payer la traduction, laquelle sera faite par les traducteurs du Sénat, et payer l'impression de 600 exemplaires anglais et de 200 exemplaires français ; elle aura pareillement à verser entre les mains du greffier du Sénat, aussitôt après la deuxième lecture du bill, et avant la prise en considération par le comité auquel il aura été renvoyé une somme de \$200, avec les frais d'insertion de l'acte au corps des Statuts ; et elle remettra au commissaire-greffier du comité un reçu constatant le versement de ces sommes.

CANADA.  
No. 1353.

DOWNING STREET,  
30th November, 1916.

MY LORD DUKE,—With reference to my despatch No. 811 of the 25th of August, 1915, I have the honour to transmit to Your Excellency, for the information of your Ministers, copies of a public notice dated 19th October, 1916, issued by the Board of Trade, regarding the use of manifests and bills of lading during the war.

2. I shall be glad if a similar notice may be issued in Canada.

I have the honour to be,

My Lord Duke,  
Your Grace's most obedient,  
humble servant,

(Signed) A. BONAR LAW.

Governor General

His Excellency

The Duke of Devonshire, K.G., G.C.V.O.,  
&c., &c., &c.

NOTICE TO SHIPPERS AND SHIPOWNERS  
RESPECTING MANIFESTS AND BILLS  
OF LADING.

**T**HE attention of Shippers and Shipowners and the trading community generally is drawn to the fact that in time of war the practice of shipping goods with Bills of Lading made out "to order" (made illegal by Section 4 of the Customs (War Powers) Act, 1915, in the case of goods shipped from the United Kingdom under license) is very undesirable in respect of any goods exported from any part of the British Empire. Shippers of goods not requiring licenses are therefore advised not to make out Bills of Lading "to order," but only—

(a) To a named consignee, or

(b) To a bank or financial house of high standing, with the remark in the margin of the Bill of Lading "Notify A.B." "A.B." being the name of the person or firm for whom the goods are ultimately designed. Goods shipped to Holland should be consigned to the Netherlands Oversea Trust.

It is essential during the war that, in the case of all goods, whether shipped under license or not, British ships should have on board throughout the voyage a full manifest of cargo and all the Bills of Lading, or certified copies of the Bills of Lading.

Unless these requirements are complied with, there will be a risk that the ships will be stopped and diverted by H.M. ships or the war vessels of the allied nations, in order to permit of full examination of the cargo, and ascertainment of its destination.

In the case of British ships that will touch at ports in countries contiguous to enemy territory, compliance with these requirements is of special importance and serious delay may result to ship and cargo in such cases if all ship's papers are not on board and in order.

This notice supersedes the announcement made by the Board of Trade on August 19th, 1915, (see "Board of Trade Journal" of 26th August, 1915, pp. 594-5) but in no way affects the requirements of Section 4 of the Customs (War Powers) Act, 1915, in regard to licensed goods.

BOARD OF TRADE, 19th October, 1916.

## AT THE GOVERNMENT HOUSE AT OTTAWA.

Wednesday, the 29th day of November, 1916.

PRESENT :

HIS EXCELLENCY THE GOVERNOR GEN-  
ERAL IN COUNCIL.

THE Committee of the Privy Council have had before them a report, dated 22nd November, 1916, from the Minister of the Interior, submitting that applications have been made by certain half-breeds and others, who have been in occupation for several years, of small lots comprising areas varying from five to ten acres in the Grand Rapids Settlement, at the mouth of the Saskatchewan River, at the head of Lake Winnipeg, in the Province of Manitoba, and that their claims have been especially investigated and a survey made of their holdings by a Dominion Land Surveyor in the permanent employ of the Department of the Interior, who has recommended that the lots they occupy be leased to the applicants instead of being disposed of to them outright, as in the latter case it is feared that their holdings might be acquired from them for speculative purposes.

The Minister is of the opinion that the lots in question should be disposed of in the manner above suggested, and he, therefore, recommends that he be authorized to issue leases to the respective applicants for the lots appearing opposite their names as hereinafter set forth, for a term of ten years at a nominal annual rental of \$1, subject to residence upon the land and

renewable at the expiration of that period for a further term of ten years at the discretion of the Minister of the Interior, such leases to be non-assignable and subject to cancellation at any time by the Minister of the Interior in the event of the lessees ceasing to reside upon the land.

Thursday, the 28th day of December, 1916.

PRESENT :

HIS EXCELLENCY THE GOVERNOR GENERAL  
IN COUNCIL.

THE Committee of the Privy Council have had before them a report, dated the 18th December, 1916, from the Minister of the Interior, stating that Angus Thompson holds under Military Bounty Warrant (1885) the north half of Section 6, Township 73, Range 8, west of the 6th Meridian.

On the 15th May, 1916, an Order in Council was passed relieving Mr. Thompson of the necessity of performing any residence duties, in view of the fact that a medical certificate had been submitted stating that he was suffering from tuberculosis of the lungs in an advanced stage, and authorizing the issue of patent in Mr. Thompson's favour on proof being submitted that the other conditions of the entry had been complied with. Mr. Thompson now represents that unless he moves to a warmer climate he will not survive the coming winter.

In view of the foregoing, the Minister recommends that authority be given, under subsection (l) of section 76 of The Dominion Lands Act, chapter 20, 7-8 Edward VII, for the sale of the north  $\frac{1}{2}$  of Section 6, Township 73, Range 8, west of the 6th Meridian to Mr. Thompson at the rate of \$1.00 per acre, and that patent for this land be issued in his favour on completion of the required payments.

The Committee submit the same for approval.

Tuesday, the 19th day of December, 1916.

PRESENT :

HIS EXCELLENCY THE GOVERNOR GENERAL  
IN COUNCIL.

HIS Excellency the Governor General in Council is pleased, under the provisions of Section 17 of the Dominion Forest Reserves and Parks Act, to make the accompanying regulations relating to the administration of "Project Meadows" to apply to the forest reserves within the Railway Belt in the Province of British Columbia, and the same are hereby made and established, accordingly.

RODOLPHE BOUDREAU,  
Clerk of the Privy Council.

REGULATIONS relating to Project Meadows to apply to Dominion Forest Reserves in the Railway Belt in the Province of British Columbia.

"Project Meadows" are meadows within Forest Reserves which are located in places difficult of access whence it will be impossible to haul hay so that any use of the meadows will be contingent upon feeding stock on the ground.

A "lessee of stock" is a person or company who have leased a ranch or farm and fixtures including stock as a going concern for a term of years on the basis of either a fixed rental or shares of profit and a guarantee to return an equivalent number of stock or the cash value of same to the owner on the termination of the lease.

1. A permit for a term of five years for the sole use of a project meadow or in the case of small meadows for any number of meadows whose combined acreage as determined by the method provided in clause 13 hereafter does not exceed one hundred acres may be granted to any person who is a British subject, subject to the conditions hereinafter set forth.

2. Every project meadow for which application for use under permit is received will be surveyed by a forest officer by metes and bounds. A plan of said survey will be filed in the office of the Forest Supervisor and every permit issued shall be based on the acreage as shown on such plan.

3. (a) In considering applications for the use of project meadows the following classes of applicants will be considered in the following order of preference ;

Class 1. Applicants who are *bona fide* owners of ranch or farm lands who desire to procure project meadows to be used as adjuncts to their ranches or farms.

Class 2. Applicants who do not own ranch or farm lands which they wish to supplement by the use of project meadows in raising stock but who desire to use project meadows to raise stock thereon as independent business ventures.

(b.) Applications from persons in Class 2 will not be considered until all applications of persons in Class 1 are satisfied.

4. Where more than one application of the same class is received at the same time for a meadow for which no permit is in force the forest officer may partition the meadow, if satisfactory to the applicants. If no agreement is possible between them he shall put the right up to tender on an acreage basis at an upset price not less than the rates fixed in Section 11 of these Regulations.

5. The permittee shall undertake improvement work adequate to bring the meadow to its maximum bearing capacity, such improvements to be satisfactory to the Forest Officer in charge of the Reserve.

6. Only stock of which the permittee is the *bona fide* owner or lessee shall be maintained upon a project meadow.

7. A permittee may use a project meadow in any one of the following ways :—

1. To put up hay for feeding stock the following winter.
2. To pasture stock during the summer.

3. To grow hay on one part and pasture the remainder.

8. The minimum annual use requirement for stock maintained upon a project meadow shall be as follows :—

1. During the first three years of the duration of the permit :

a. Cattle or horses, at the rate of one head to be wintered for two acres of meadow under permit.

b. Sheep at the rate of five head to be wintered for every two acres of meadow under permit.

2. During the fourth and fifth years of permit and during the renewal thereof granted under section 10 of these Regulations :—

a. Cattle or horses, at the rate of one head to be wintered for every acre of meadow under permit.

b. Sheep, at the rate of five head to be wintered for every acre of meadow under permit.

9. Every permittee shall make affidavit to the Forest Officer in charge of the Reserve before May 1st of each year of the use made of the project meadow under permit to him during the preceding twelve months. This affidavit shall set forth :—

1. Number of stock maintained;

2. Time maintained;

3. Quantity of hay put up;

4. Quantity of hay fed;

5. Improvements made;

10. Every permittee who has conformed to the requirements of these regulations shall be granted three renewals of said permit for further five year terms upon application at least six months prior to the termination of said permit or renewal thereof, and such application will have preference over all other applications for the same land under these regulations.

11. The dues to be charged for the use of project meadows will be as follows :—Original permit—five cents per acre per year. First renewal—ten cents per acre per year. Second and third renewals—fifteen cents per acre per year.

12. Permits for the use of project meadows shall not be transferable or assignable without the consent of the Minister and no person or company shall be entitled to more than one permit at a time.

13. In cases where consent has been given to the assignment of a permit the permit shall be returned to the Department and a new permit shall be issued to the assignee for the remainder of the term of the original permit assigned and subject to the same conditions.

14. In case of cancellation of a permit or where a renewal is not desired or procurable a second permittee for an improved project meadow will be required to pay the dues which the original permittee would have paid had his occupancy continued.

15. All fences constructed shall be maintained by the permittee during his occupancy in a condition satisfactory to the Forest Officer.

16. All timber required to be cut on the forest reserve for the construction of improvements shall be obtained under permit under the conditions of the forest reserve regulations and at the prescribed rates of dues.

17. Every holder of a permit will be held responsible for any fire which starts directly or indirectly, personally or through any servant, employee or agent of said permittee upon any land within a forest reserve held under permit granted to said permittee and all employees' services shall be given free whenever a fire starts on or threatens the land or improvements held under said permits. Any neglect on the part of the permittee which may cause fire is sufficient reason for the cancellation of the permit ;

18. Summer range for stock wintered on a project meadow may be secured under the terms of the grazing regulations. The holder of a permit for a project meadow shall be considered as having the same standing as applicants for grazing permits in Class one as defined in Section 39 of the Forest Reserve Regulations, as established by Order in Council of the 20th April 1916.

PRESENT :

HIS EXCELLENCY THE GOVERNOR GENERAL  
IN COUNCIL.

**W**HEREAS the regulations for the disposal of quartz mining claims on Dominion lands, established by Order in Council, dated 13th August, 1908, under the authority of the Dominion Lands Act, provide that any person having discovered mineral in place may personally stake out a location not exceeding in area 1,500 feet square; that no person shall hold in his own name, except by assignment, more than one such mineral claim on the same vein or lode, or within a distance of one-half mile; that evidence must be furnished each year to show that the locator has done or caused to be done on the claim itself to the value of \$100, or pay that amount to the Mining Recorder in lieu; and that, after the sum of \$500 has been so expended on the location or paid to the Recorder, the locator shall be entitled to a lease of the tract so staked for a term of years; work done outside the claim, with intent to work the same, may, however, if such work has direct relation and is in direct proximity to the claim, be deemed to be work done on the claim, if to the satisfaction of the Mining Recorder; and

Whereas representations have been made to the Department of the Interior that mineral of economic value exists in that portion of the Dominion of Canada bordering on Coronation Gulf near the mouth of the Coppermine River, in the Arctic region, but that no serious attempts have been made to explore or to develop the mineralized belt said to exist, owing to the very great difficulties experienced in reaching that remote region, and the very large initial cost involved in such an enterprise; and

Whereas Fort Norman, at the mouth of Great Bear river, may be reached, during the short period of navigation, by rail to Fort McMurray and by river steamer on the Athabaska and Mackenzie rivers, but at that point the prospector is confronted by two very serious obstacles, that is, transportation from Fort Norman on the Mackenzie river to Fort Franklin on Great Bear lake, a distance of about one hundred miles, and from Fort Confidence at the head waters of Great Bear lake to the mouth of the Coppermine river, a distance of about one hundred and twenty miles; and

Whereas it has been represented that the area prescribed by the regulations, while sufficient in those portions of the Dominion which are easily accessible, would not be an adequate basis of return for the risk and outlay which would necessarily be incurred in sufficiently improving the means of transportation to the mouth of the Coppermine river to enable the prospector to take in machinery and supplies, and that it is essential to the exploration and development of the mineral resources of that remote part of the Dominion that additional inducements be offered to prospectors who may have sufficient capital to undertake so expensive and so hazardous an enterprise; and

Whereas it has been represented that an expenditure of at least \$25,000 would be necessary to sufficiently improve the means of transportation from Fort Norman to admit of an expedition being sent in to prospect that part of the country during a period of one year, and it has been suggested that any individual or company prepared to expend during one year such an amount in prospecting and improving the means of transportation, be given permission, in consideration of such expenditure, to stake out and obtain entry for a greater number of mineral claims than is prescribed by the regulations; and

Whereas the tract within which mineral of economic value is said to exist lies between the 108th and 118th Meridian of West Longitude, and between the 66th and 68th degree of North Latitude;

Therefore, His Excellency the Governor General in Council, in order to stimulate prospecting in that part of the country, is pleased to authorize and doth hereby authorize the grant to any prospector, whether individual or company, who expends during the calendar

year, 1917 the sum of not less than \$25,000 in actual prospecting operations within the tract above described, and in improving the means of access between Fort Norman and the mouth of the Coppermine river, entry under the provisions of the Quartz Mining Regulations for fifty mineral claims of the prescribed size, that is, one claim for each \$500 expended, upon the following terms and conditions:—

(1) That the prospector shall, on or before the 31st day of December, 1917, furnish the Minister of the Interior with evidence supported by affidavit, and accompanied by vouchers, if required, to show that he has, during the calendar year 1917, expended the sum of not less than \$25,000 in actual prospecting operations by recognized methods within the tract above described, and in improving the means of access between Fort Norman on the Mackenzie River and the mouth of the Coppermine River. The evidence submitted shall be in the form of a detailed statement, showing the amount expended in improving the means of access and the purpose for which each item of expenditure was incurred, and shall be accompanied by plans showing the position and character of the obstacle overcome, as well as the nature and cost of the improvements made. A separate statement in detail shall be furnished, showing the expenditures incurred in prospecting operations, and the exact nature of the work done at each point, and shall be accompanied by plans showing the particular tracts upon which the work set out in the detailed statement was performed.

(2) That the claims for which the prospector may desire to apply shall be staked out in the manner prescribed in the regulations, and application for entry therefor shall be made to the Mining Recorder for the district in due form before the expiration of the year 1917; provided, however, that the prospector, who has incurred during the year the expenditure of \$25,000 above provided for, may stake out and obtain entry for more than one claim on the same vein or lode, or within a distance of one-half mile, notwithstanding the restrictions of section 13 of the regulations in this respect.

(3) Staking on behalf of a company prepared to incur the expenditure of not less than \$25,000 for the purpose and in the manner provided for herein, shall be by some person or persons duly authorized by the company to do so, and accepted by the Minister of the Interior.

(4) That in staking and recording the claims and in retaining the same after entry therefor may have been granted, the prospector shall conform in every respect with the provisions of the regulations, with such exceptions as are provided for herein.

(5) The grantees of mineral claims within the tract described, who comply fully with the provisions of section 45 of the Quartz Mining Regulations in respect of each such claim, shall be entitled to receive a lease thereof under and in accordance with the provisions of the said regulations and of the Dominion Lands Act for a period of twenty-one years, at a rental to be fixed by order of the Governor in Council, renewable for a further period of twenty-one years, provided the lessee furnishes evidence to the satisfaction of the Minister of the Interior that during the term of the lease he has complied in every respect with the conditions of such lease and the provisions of the regulations, and subject to renewal for additional periods of twenty-one years each, on such terms and conditions as may be prescribed by the Governor in Council.

(6) That the entries or leases which may be issued for mineral claims staked within the tract described shall reserve to the Crown such royalty on the sales of the products of the mines as may from time to time be specified by order of the Governor in Council, the royalty to be collected in such manner as may be prescribed by the Minister of the Interior.

(7) All entries or leases which may be issued under the authority herein contained shall be subject to the provision that ores or other deposits of mineral of commercial value taken or mined from the claims described in such entries or leases shall not be exported for smelting, refining or other treatment, but shall be smelted, refined or otherwise treated entirely within

the limits of Canada, under the provisions of such regulations as the Governor in Council may enact.

(8) The evidence of expenditure submitted by the prospector shall in all cases be to the satisfaction of the Minister of the Interior, otherwise the prospector's right to receive entries for claims shall be that prescribed in the regulations for the disposal of quartz mining claims.

(9) That applications for entries for mineral claims staked during the calendar year 1917 within the tract above described shall not be finally considered by the Mining Recorder, and entries therefor shall not be granted except during the last twenty days of the said calendar year.

Clerk of the Privy Council.

**H**IS Excellency the Governor General in Council is pleased to order that the regulations governing the granting of yearly licenses and permits to cut timber on Dominion lands, established by Order in Council of the 1st July, 1898, and subsequent Orders in Council, shall be and the same are hereby amended by adding the following thereto:—

1. In any case where waters flowing through, over, or along, or having their source in any timber berth, empty into any stream, or are tributary to any stream from which a domestic or municipal water supply is or may be obtained, or in any case where the pollution of any such waters may, in the opinion of the Minister, deleteriously affect any municipal or domestic water supply, the licensee of such timber berth shall comply with the following regulations:

- (a) Locate all camp buildings, outhouses, cesspools, and other structures at a sufficient distance from any stream, lake or other source of water supply to prevent the pollution of such municipal or domestic water supply.
- (b) Immediately remove and burn any camp refuse or debris of any description, or any substance which would be likely to cause the pollution of any such waters, and otherwise keep the ground in the vicinity of all logging camps in a neat, orderly and sanitary condition.
- (c) Prevent any depositing, leaving or accumulating in any stream, lake or other source of water supply within the berth, or in an exposed or unsanitary condition on the berth, any debris of any description or any substance which would be likely to cause the pollution of such waters.
- (d) Prevent the depositing or leaving by any person employed or purporting to be employed about the berth, or the accumulation as a result of any operations carried on by reason of the license in any stream, lake or other source of such water supply on any Dominion lands whatever, or in an exposed or unsanitary condition on any such lands, any such debris or substance.
- (e) Observe all laws and regulations respecting sanitation and the protection of the purity of waters which are applicable to the premises, or any regulations which may be promulgated by the Governor in Council; and shall also comply with any requirements which may be made by the Minister for the purpose of carrying out the above provisions.

2. For each infraction of the provisions of clause (1) hereof, the licensee shall, in addition to the other penalties provided in the said regulations, be liable on summary conviction to a penalty not exceeding one hundred dollars, and such sum shall be recoverable with costs at the suit of, and in the name of the Crown.

PRESENT :

HIS EXCELLENCY THE GOVERNOR  
GENERAL IN COUNCIL.

**T**HE Committee of the Privy Council have had before them a report, dated, 6th December, 1916, from the Minister of the Interior, submitting that Mr. John R. Welch, of Grenfell, Saskatchewan, purchased at the auction sale of school lands held at Broadview in June, 1916, the northeast quarter of Section 29, Township 16, Range 7, west of the 2nd Meridian, which is now entered in the records of the Department as a sale in his name.

A communication was subsequently received from the Department of Militia and Defence stating that it was found necessary in the public interest that that Department should obtain control of this quarter section as it was urgently needed in connection with a Rifle Range at that point, and stating, also, that an arrangement has been made with Mr. Welch under which he agreed to exchange the northeast quarter of section 29 in question for the southeast quarter of the same section, provided this Department would be willing to authorize the exchange.

Before taking any steps in that direction, however, it was decided to have an inspection made of the two quarter sections to ascertain the value of each.

The report of Inspector Evans has since been received, and he states that there is very little, if any, difference in the value of the two quarter sections, the northeast quarter, which it is proposed that Mr. Welch should surrender, being possibly the more valuable. The Inspector further states that Mr. Welch is quite willing to surrender the northeast quarter provided he obtains entry for the southeast quarter in place of it.

Under these circumstances, and as the Minister is of the opinion that it would be in the public interest that the Department of Militia and Defence should be allowed the use of the northeast quarter of the section in connection with the Rifle Range at that point, he recommends that he be authorized to carry out the proposed exchange, that is, to cancel the entry of Mr. Welch for the northeast quarter and to grant his entry for the southeast quarter in place of it, and that, on this being done, the Department of Militia and Defence be allowed the use of the northeast quarter of the said section for Rifle Range purposes.

The Committee concur in the foregoing recommendation and submit the same for approval.

Whereas a joint investigation on the entire situation has been made by the local Agent of Dominion Lands and the Divisional Engineer of the British Columbia Hydrometric Survey, who report that the areas applied for comprise the watershed of East Canoe creek, from which the City's domestic water supply is obtained, and that they are of a rough mountainous character, generally unfit for agriculture and should therefore be reserved by the Crown from any disposition which would be liable to affect the purity of the waters of the stream, and

Whereas the Corporation of the City of Salmon Arm have already secured from the Provincial Water Rights Branch at Victoria the necessary water rights for the diversion and use of the waters of East Canoe creek for domestic and other purposes and have constructed a pipe line for the carriage of these waters to the town which is already in operation.

Therefore His Excellency the Governor General in Council is pleased to order and it is hereby ordered that the following lands comprising that portion of the drainage basin of East Canoe creek which are required in order to adequately protect the waters of this stream from contamination shall be withdrawn from homestead entry or sale; and further that if at any time it is desired to deal with any portion of the areas so reserved in connection with any undertaking special authority from the Minister of the Interior must first be obtained and any rights or privileges so granted shall be subject to such provisos and conditions as he may consider necessary in order that the purity of the water supply for the City of Salmon Arm may be retained,—

AT THE GOVERNMENT HOUSE AT OTTAWA.

Tuesday, the 19th day of December, 1916.

PRESENT :

HIS EXCELLENCY THE GOVERNOR  
GENERAL IN COUNCIL.

THE Committee of the Privy Council have had before them a report, dated 13th December, 1916, from the Minister of the Interior, submitting that authority has been granted under the provisions of the Irrigation Act to The Southern Alberta Land Company, Limited, to construct a system of irrigation works taking water from Bow river at a point on the southeast quarter of section thirty-one, township twenty-one, range twenty-five, west of the fourth meridian, and that, pursuant to such authority, the said company has surveyed and partly constructed a canal from the said point of intake to and across the tract of land to be irrigated.

By authority vested in the Minister of the Interior by section 54 of the Irrigation Act, regulations have

been made for granting free right of way for irrigation canals and ditches, such right of way to include, in addition to the width of the canal or ditch, a marginal strip not exceeding twenty feet on one side and ten feet on the other side of the said canal or ditch, to give access to the same for purposes of operation and repairs, provision having also been made in the said regulations for granting a greater width, not exceeding ten acres in all, when such shall be shown to be necessary for the effective operation of the irrigation system.

Owing to the size of the canal now under construction by the aforesaid company, to the depth of the excavation at certain points and to the height of the fill at other points, it has been found necessary in some cases to allow a greater area to be included in the right of way in order to permit of the disposal of the excavated material and to afford adequate facilities for the maintenance of the works.

In all cases, to which reference is hereafter made in this minute, where the lands are held under a homestead or pre-emption entry, easements have been executed by the entrants in favour of The Southern Alberta Land Company, Limited, granting right of way of the canal over the lands; the said easements being now registered in the Department of the Interior. The remainder of the lands mentioned, over which right of way is required, are still vested in the Crown.

The Minister, therefore, recommends that authority be given for granting free right of way by License of Occupation to The Southern Alberta Land Company, Limited, for its works through, over and upon the lands hereinafter described, not exceeding the area mentioned in each case and as shown on the plan of the said works filed in the office of the Commissioner of Irrigation at Calgary, and in the Department of the Interior, and registered in the office of the Registrar of Land Titles at Calgary, in the province of Alberta, such grants to remain in effect for so long as the works herein referred to are used for irrigation purposes:

- (1) The northwest quarter of section (19), township fourteen (14), range nineteen (19), west of the 4th meridian, comprising an area of thirteen and six-tenths (13.6) acres, more or less, as shown on Irrigation Plan No. 360.
- (2) The southeast quarter of section nineteen (19), township fourteen (14), range nineteen (19), west of the 4th meridian, comprising an area of thirteen and fifty-one one hundredths (13.51) acres, more or less, as shown on Irrigation Plan No. 360.
- (3) The southeast quarter of section (30) thirty, township fourteen (14), range twenty (20), west of the 4th meridian, comprising an area of twenty-seven (27) acres, more or less, as shown on Irrigation Plan No. 361.
- (4) The southeast quarter of section twenty-five (25) township fourteen (14), range twenty (20), west of the 4th meridian, comprising an area of ten and fourteen one hundredths (10.14) acres, more or less, as shown on Irrigation Plan 360.
- (5) The northeast quarter of section twenty-seven (27), township fourteen (14), range twenty (20) west of the fourth meridian, comprising an area of fourteen and eighty-four one hundredths (14.84) acres, more or less, as shown on Irrigation Plan No. 360.
- (6) The southwest quarter of section twenty-five (25), township fourteen (14), range twenty (20), west of the 4th meridian, comprising an area of sixteen and seventy-nine one hundredths (16.79) acres, as shown on Irrigation Plan No. 360.
- (7) The northwest quarter of section thirty-four (34), township thirteen (13), range seventeen (17), west of the 4th meridian, comprising an area of thirty-five and twenty-one one hundredths (35.21) acres, more or less, as shown on Irrigation Plan No. 159, and eighty-two one hundredths (82) acres, more or less, as shown on Irrigation Plan No. 296.
- (8) The northeast quarter of section sixteen (16), township fourteen (14), range eight (8), west of the 4th meridian, comprising an area of eleven and eighty-five one hundredths (11.85) acres, more or less, as shown on Irrigation Plan No. 183.

(9) The southwest quarter of section six (6), township fourteen (14), range nine (9), west of the 4th meridian, comprising an area of ten and eighty-four one hundredths (10·84) acres, more or less, as shown on Irrigation Plan No. 183.

HIS EXCELLENCY THE GOVERNOR GENERAL  
IN COUNCIL.

THE Committee of the Privy Council have had before them a report, dated 9th December, 1916, from the Minister of the Interior, representing that Mr. T. J. Kelly of Bear Lake, in the Province of Alberta, is desirous of acquiring a quarter-section of Dominion lands in the Peace River district in order to provide a home for himself and children, and is not eligible to make homestead entry having exhausted his homestead right.

The Minister states that there are no lands available for purchased homestead entry in the Peace River

district, the same lying outside the purchased homestead tract, and as Mr. Kelly is at present located in the said Peace River district with a large outfit of agricultural implements and horses, he is of the opinion that the application should receive favourable consideration.

The Minister, therefore, recommends that he be authorised to lease to Mr. Kelly for a period of three years, an available quarter-section of Dominion lands at an annual rental of two cents an acre, payable in advance, the same being the rate charged where lands are leased for grazing purposes.

The Committee concur in the foregoing recommendation and submit the same for approval.

RODOLPHE BOUDREAU,  
Clerk of the Privy Council.

Wednesday, the 29th day of November, 1916.

PRESENT :

HIS EXCELLENCY THE GOVERNOR  
GENERAL IN COUNCIL.

THE Committee of the Privy Council have had before them a report, dated 23rd November, 1916, from the Minister of the Interior, stating that Frank Nylund, a Russian by birth, made homestead entry in 1911 for the northeast quarter of Section 14, Township 59, Range 20, west of the 4th Meridian ;

Representations having been made that this entrant had deserted his wife and left the country, steps were taken to cancel his entry so that the land might be made available for his wife who has been in continuous residence ;

From a Homestead Inspector's report it appears that Mrs. Nylund has continued to work on the quarter-section and desires to secure the same, but finds that she is unable to secure a certificate of naturalization as a British subject, as required by subsection 3, of section 25, of The Dominion Lands Act,—

The Minister recommends, therefore, that authority be given under subsection (1) of section 76 of The Dominion Lands Act for the sale of this land to Mrs. Nylund at the rate of \$1 per acre, patent to issue on proof being furnished that the required three years settlement duties have been completed subsequent to desertion and on land being paid for in full.

The Committee submit the same for approval.

RODOLPHE BOUDREAU,  
Clerk of the Privy Council.

Friday, the 5th day of January, 1917.

PRESENT :

HIS EXCELLENCY THE GOVERNOR GENERAL  
IN COUNCIL.

**T**HE Committee of the Privy Council have had before them a report, dated 23rd December, 1916, from the Minister of the Interior, submitting, with reference to an application received from the Kettle Valley Railway Company for a license of occupation of that portion of the Fraser river, adjacent to the company's right-of-way on either side thereof, which is required for a bridge site, and which is described as follows:—

"That certain parcel or tract of land and land covered by water situate in section sixteen in the fifth Township, in the twenty-sixth Range, west of the sixth Meridian, in the Province of British Columbia, and which may be more particularly described as follows:

"Bounded on the east and west by the ordinary high water marks on the left and right shores respectively of the Fraser River, and on the north and south by lines parallel to and perpendicularly distant fifty feet on opposite sides of the centre line of the right-of-way of the Kettle Valley Railway, the said parcel containing by admeasurement one acre more or less, all according to the plan of the right-of-way for a bridge site of the Kettle Valley Railway approved and confirmed by E. Deville, Surveyor General of Dominion Lands and dated at Ottawa on the third day of August, one thousand nine hundred and fifteen, a copy of which is hereto attached."

The Minister states that the site and the plans of works as submitted by the company have been approved by the Department of Public Works in accord-

ance with the provisions of The Navigable Waters Protection Act, chapter 115, R.S., 1906, amended by chapter 44, 9-10 Edward VII., and that blue prints of these plans have been filed in the Department of the Interior.

The Minister, therefore, recommends that he be authorized to issue in favour of the said Kettle Valley Railway Company, a license of occupation for that portion of the bed of the Fraser river which is described above, the said license to be for such time as the company may require the same in connection with the operation of the railway and for which annual rental of \$1.00 shall be paid to the Department of the Interior.

The Committee concur in the foregoing and submit the same for approval.

## NOTICE TO MARINERS.

No. 126 of 1916.

(Inland No. 39.)

All bearings, unless otherwise noted, are true and are given from seaward in degrees from 0° (North) to 360°, measured clockwise, followed by the magnetic bearing in degrees in brackets, miles are nautical miles, heights are above high water, and all depths are at mean low water.

## ONTARIO.

(410) Lake Superior—Michipicoten island—Quebec harbour—  
Intended rearrangement of lights and buoys.

## DREDGING.

A channel, having a least depth of 18½ feet below the datum of 600.5 feet above mean tide, New York, with a least width of 200 feet, has been dredged by the Department of Public Works of Canada to improve the entrance to Quebec harbour, Michipicoten island, and as soon as possible after the opening of navigation next year the aids to navigation in the vicinity will be rearranged to facilitate entrance through this channel.

## LIGHTING ARRANGEMENT.

- (1) Michipicoten island lighthouse, the main lighthouse on the east point of the entrance, will be replaced by a new lighthouse on the summit of Davieaux island, the long narrow island lying next west of Hope island and on the west side of a direct course into the dredged cut. Full particulars of the new light will be published when established.
- (2) Agate island light will be moved to the north shore of the harbour 2200 feet 6° 10' (N. 7° 55' E. mag.) from its present position, and will form the front light of a range, which in line, bearing 0° 43' (N. 2° 28' E. mag.), will lead in deep water through the opening between Hope and Davieaux islands and will also mark the axis of the dredged cut into the deep water of the harbour. Fuller particulars respecting this range will be given when established.

## BUOYAGE.

The entrance will be marked by 6 spar buoys moored on the 18½ foot contour, as follows:

- (1) The middle ground buoy on the shoal at the entrance will be moved 250 feet eastward to guard a 17½ foot spot, and will be changed in colour from black and red stripes to black. In its new position it will be 560 feet 240° (S. 61° 45' W. mag.) from the existing Michipicoten island lighthouse.
- (2) A red buoy 250 feet 230° (S. 51° 45' W. mag.) from the same lighthouse.
- (3) A black buoy at the south extreme of the dredged cut, 910 feet 327° 30' (N. 30° 45' W. mag.) from the same lighthouse.
- (4) A red buoy opposite (3), 750 feet 336° 20' (N. 21° 55' W. mag.) from the same lighthouse.
- (5) A black buoy 125 feet 72° (N. 73° 45' E. mag.) from Agate island lighthouse.
- (6) A red buoy opposite (5), and 400 feet 89° (S. 89° 15' E. mag.) from Agate island lighthouse.

Every applicant for a Bill of Divorce shall give notice of his or her intended application, and shall specify therein from whom and for what

cause such divorce is sought, and shall cause such notice to be published during at least three months before the consideration by the Committee on Divorce of his or her petition for the said Bill, in the *Canada Gazette* and in two newspapers published in the district in Quebec, Manitoba, Saskatchewan, Alberta, British Columbia or the Northwest Territories, or in the county or union of counties in other provinces, wherein such applicant usually resided at the time of the separation of the parties; but if the requisite number of papers cannot be found therein, then in an adjoining district or county or union of counties.

Notices given in the Provinces of Quebec and Manitoba are to be published in one English and one French newspaper, if there be such newspapers published in the district, but otherwise shall be published in one newspaper in both languages. A copy of the said notice and a copy of the petition to be presented shall, at the instance of the applicant, and not less than two months before the consideration by the Committee of the petition, be served personally, when that can be done, on the person from whom the divorce is sought, who is hereinafter called "the respondent."

If the residence of the respondent is not known or personal service cannot be effected, then, if it be shown to the satisfaction of the Committee that all reasonable efforts have been made to effect personal service, and, if unsuccessful, to bring such notice and petition to the knowledge of the respondent, what has been done may be deemed and taken by the Committee sufficient service.

No petition for a bill of divorce shall be presented to the Senate after the first sixty days of the Session.

The petition should also negative connivance at, or condonation of the wrong complained of and collusion in the application for divorce.

The allegations of the petition must be verified by declaration of the petitioner, under *The Canada Evidence Act, 1893*.

The copy of the petition served upon the respondent shall have endorsed thereon, or appended thereto, the following information:—

(2) A Post Office address in Canada at which letters and notices for the petitioner may be delivered.

(3) The name and address of the solicitor, if any, acting for the petitioner.

(4) If such solicitor's address is not at Ottawa, the name and address of some agent for him at Ottawa, upon whom all notices and papers may be served.

(5) That if the respondent desires to oppose the granting of the divorce and to be heard by the Senate Committee on Divorce, the respondent must send a notice to that effect to the Clerk of the Senate at the Parliament Buildings, Ottawa, within two months from the date of service upon the respondent, and must in the notice to the Clerk of the Senate give:—

(a) The respondent's residence at the time of sending such notice.

(b) A Post Office address in Canada at which letters and notices for the respondent may be delivered.

(c) The name and address of the solicitor, if any, acting for the respondent.

(d) If such solicitor's address is not at Ottawa, the name and address of some agent for him at Ottawa upon whom all notices and papers may be served.

(6) That, if the respondent does not so notify the Clerk of the Senate, the petition may be considered, and a bill of divorce founded thereon may be passed, without any further notice to the respondent.

(7) When the petition is one by a husband for a divorce from his wife, that, if the wife shows to the satisfaction of the Senate Committee on Divorce that she has, and is prepared to establish upon oath, a good defence to the charges made by the petition, and that she has not sufficient money to defend herself, the Committee may make an order that her husband shall provide her with the necessary means to sustain her defence, including the cost of retaining Counsel and the travelling and living expenses of herself and of witnesses summoned to Ottawa on her behalf.

No petition for a bill of Divorce shall be considered by the Committee unless the applicant has paid into the hands of the Clerk of the Senate the sum of two hundred and ten dollars, (\$210).

The petition when presented to the Senate shall be accompanied by the evidence of the publication of the notice, and by declaration in evidence of the service of a copy of the notice and of a copy of the petition.

## DÉPÊCHES, Etc.

CANADA,  
N° 1353.

DOWNING STREET,  
30 novembre 1916.

MILORD DUC.—Relativement à ma dépêche n° 811 du 25 août 1915, j'ai l'honneur de transmettre à Votre Excellence, pour le renseignement de Vos Ministres, des copies d'un avis public, émanant du Board of Trade, concernant l'usage des manifestes et des connaissements durant la guerre.

2. Je serais heureux si un semblable avis était publié au Canada.

J'ai l'honneur d'être,  
Milord duc,  
de Votre Grâce le très humble  
et très obéissant serviteur,  
(Signé) A. BONAR LAW.

Au Gouverneur général

Son Excellence le

Duc de Devonshire, C.J., G.C.O.V.,  
etc., etc., etc.

AVIS AUX EXPÉDITEURS ET AUX ARMA-  
TEURS AU SUJET DES MANIFESTES  
ET CONNAISSEMENTS.

ON attire l'attention des expéditeurs et des armateurs ainsi que du commerce en général au sujet du fait qu'en temps de guerre la pratique d'expédier des marchandises sous connaissements "faits à ordre" (défendue par l'article 4 de la loi dite "Customs (War Powers) Act, 1915," dans le cas de marchandises expédiées du Royaume-Uni sous permis) est des moins désirables au sujet de toutes marchandises que ce soit exportées d'une partie quelconque de l'Empire Britannique. Les expéditeurs de marchandises qui n'ont pas besoin de permis sont en conséquence priés de ne pas faire leurs connaissements "à ordre," mais

(a) qu'à un consignataire nommé, ou

(b) qu'à une banque ou une maison financière bien cotée seulement, avec la remarque en marge du connaissement "Avisiez A. B.," "A. B." étant le nom de la personne ou de la maison à laquelle les marchandises sont destinées en dernier lieu. Les marchandises expédiées en Hollande doivent être consignées à la "Netherlands Oversea Trust."

Il est de première nécessité durant la guerre que les navires britanniques ayant à bord n'importe quelles marchandises, expédiées sous permis ou non, possèdent durant tout le voyage un manifeste complet de la cargaison ainsi que tous les connaissements ou des copies authentiquées des connaissements.

A moins qu'on ne se conforme à ces exigences, les navires courent le risque d'être arrêtés et leur route peut être changée par les navires de Sa Majesté ou les vaisseaux de guerre des nations alliées, afin de leur permettre d'examiner complètement la cargaison et de s'assurer de sa destination.

Pour les navires britanniques qui toucheront aux ports des pays contigus au territoire ennemi, il est d'importance spéciale qu'ils se soumettent à ces exigences et des délais sérieux peuvent être causés au navire et à la cargaison lorsque tous les papiers du navire ne sont pas à bord et en règle.

Cet avis annule l'annonce publiée par le Board of Trade le 19 août 1915 (voir "Board of Trade Journal" du 26 août 1915, pages 594-595), mais il n'affecte aucunement les dispositions de l'article 4 de la loi dite "Customs (War Powers) Act, 1915," au sujet des marchandises permises.

Board of Trade, 19 octobre 1916.

### SON EXCELLENCE LE GOUVERNEUR GÉNÉRAL EN CONSEIL.

AU comité du Conseil privé a été soumis un rapport du Ministre de l'Intérieur daté le 9 décembre 1916, représentant que M. T. J. Kelly, du lac des Ours, dans la province de l'Alberta, désire faire l'acquisition d'un quart de section de terres fédérales dans le district de la rivière à la Paix pour y établir domicile avec ses enfants et qu'il ne peut obtenir une inscription de homestead, son droit à une concession de homestead étant épuisé.

Le Ministre affirme qu'il n'y a pas de terres disponibles pour l'inscription d'achat de homestead dans le district de la rivière à la Paix, vu que ce district est situé en dehors des limites des homesteads sujets à achat, et considérant que M. Kelly est maintenant établi dans le dit district de la rivière à la Paix avec un outillage considérable d'instruments aratoires et de chevaux, il est d'avis que la dite demande soit accordée.

A ces causes le Ministre recommande l'autorisation de louer à M. Kelly, pour un terme de trois années, un quart de section de terres fédérales maintenant disponible, à un loyer annuel de deux cents l'acre, payable à l'avance, ce loyer étant le prix exigé pour la location de terrains pour fins de pâturage.

Le comité agréé cette recommandation et la soumet pour approbation.

PRÉSENT :

### SON EXCELLENCE LE GOUVERNEUR GÉNÉRAL EN CONSEIL.

ATTENDU que le Ministre de l'Intérieur représente qu'en vertu de l'autorisation donnée par un arrêté en conseil du 3 février 1914, il a été accordé à la ville de Lloydminster, la concession gratuite de deux cents quatre-vingt-douze lots disponibles et non encore concédés, situés dans les limites de la dite ville, la dite concession étant jugée d'intérêt public ;

Et attendu que lors de la dite concession quatorze lots dans les limites de la dite ville étaient détenus sous des ventes à termes et que ces ventes ayant été résiliées à défaut de paiement, les dits lots appartiennent maintenant en pleine propriété au Ministère de l'Intérieur ;

Et attendu que le Ministre de l'Intérieur représente de plus qu'un arrêté en conseil du 31 août 1908 a mis en réserve, pour le creusage de puits à l'usage de la ville de Lloydminster, sept lots dans les limites de la dite ville, savoir : lots 10, block 5 ; lot 26, block 6 ; lot 16, block 9 ; lot 28 ; block 11 ; lot 10 ; block 13 ; lot 8, block 15 et lot 10, block 19 ;

Et attendu que les dits sept lots appartiennent en pleine propriété au Ministère de l'Intérieur ;

Et attendu que le Ministre de l'Intérieur est d'avis qu'il serait de l'intérêt public de céder à la ville de Lloydminster les quatorze lots qui étaient détenus sous ventes à termes lors de la passation de l'arrêté en conseil du 3 février 1914 ;

A ces causes, il plaît à Son Excellence le Gouverneur général en Conseil de céder par les présentes à la ville de Westminster les dits quatorze lots et d'en autoriser la concession gratuite à la dite municipalité.

Considérant la concession faite à la ville de Lloydminster de tous les lots appartenant au gouvernement dans les limites de la dite ville, il plaît aussi à Son Excellence le Gouverneur général en conseil de rescinder le dit arrêté en conseil du 31 août 1908, et d'autoriser la concession gratuite à la ville de Lloydminster des lots y mentionnés.

**I**L plaît à Son Excellence le Gouverneur en conseil de décréter que les règlements gouvernant l'octroi de licences et de permis annuels pour la coupe du bois sur les terres fédérales établis par un arrêté en conseil du 1er juillet 1898 et par arrêtés en conseil subséquents soient par les présentes modifiés en y ajoutant les articles suivants :—

1. Partout où un cours d'eau coule à travers, au-dessus, ou le long d'une coupe de bois quelconque ou a sa source dans une coupe ou se déverse dans un autre cours d'eau ou est tributaire d'un autre cours d'eau qui fournit ou peut fournir un approvisionnement d'eau domestique ou municipal ; ou si de l'avis du ministre la population d'un tel cours d'eau peut avoir un résultat délétère sur un approvisionnement d'eau municipal ou domestique quelconque, quiconque obtiendra tel permis de coupe de bois doit se conformer aux règlements suivants :

(a) Placer toute les bâtisses, dépendances, puisards, et autres constructions de ses chantiers à une distance suffisante de tous cours d'eau, lac ou autres sources d'eau, lac ou autres sources d'approvisionnement d'eau, pour prévenir la pollution de tout approvisionnement d'eau municipal ou domestique.

(b) Enlever et brûler immédiatement tous les déchets ou débris de toute nature provenant de ces chantiers ou toute matière qui serait de nature à polluer ces cours d'eau ; enfin maintenir le terrain dans le voisinage de tout chantier dans un état propre, sanitaire et en bon ordre.

(c) Empêcher qu'il soit déposé, laissé ou qu'il s'accumule dans aucun cours d'eau, lac ou autre source d'approvisionnement d'eau dans la coupe ou sur une partie de la coupe dans un état exposé ou malsain, des débris de quelque nature ou aucune matière qui pourrait causer la pollution des dits cours d'eau.

(d) Empêcher qu'il soit déposé ou laissé par aucun employé ou soi-disant employé sur la coupe, ou qu'il s'accumule à la suite de toute opération en rapport avec la dite licence, dans aucun cours d'eau, lac ou autre source d'approvisionnement d'eau sur aucunes terres fédérales ou dans un état exposé ou malsain sur aucune des dites terres de tels débris ou matières.

(e) Se conformer à toutes les lois et règlements applicables à l'endroit concernant la préservation des dits cours d'eau dans un état sain et pur, ou tout règlement promulgué par le Gouverneur en conseil ; et se conformer aussi à toutes les prescriptions faites par le Ministre dans le but de mettre en vigueur les dits règlements.

2. Pour chaque infraction aux dispositions de l'article 1 des présents règlements, quiconque obtient un permis de coupe de bois sera passible sur conviction sommaire, en plus des autres peines imposées par les dits règlements du Gouverneur en Conseil, à une amende n'excédant pas cent dollars, laquelle amende sera exigible sur la requête et au nom de la Couronne.

PRÉSENT :

SON EXCELLENCE LE GOUVERNEUR GÉNÉRAL  
EN CONSEIL.

**A**U comité du Conseil privé a été soumis un rapport du Ministre de l'Intérieur, daté le 6 décembre 1916, représentant que M. John R. Welch, de Grenfell, Saskatchewan, a acheté à la vente à l'enchère de terrains d'école, à Broadview, en juin 1916, le quart nord-est de la section 29, township 16, rang 7, à l'ouest du 2e méridien, aujourd'hui consigné aux archives du département comme lui ayant été vendu.

Le Ministère de la Milice et de la Défense a depuis envoyé un communiqué représentant qu'il est nécessaire et d'intérêt public que le dit ministère obtienne possession du dit quart de section pour ses propres fins, vu que ce terrain est indispensable à l'établissement d'un champ de tir à cet endroit et ajoute qu'après négociations avec M. Welch, ce dernier consent à échanger le quart nord-est de la section 29 en question contre le quart sud-est de la même section si le ministère y consent.

Avant d'aller plus loin cependant, il a été décidé de faire l'inspection des deux quarts de section pour s'assurer de leur valeur respective.

L'inspecteur Evans a depuis fait rapport qu'il y a très peu de différence, s'il y en a, dans la valeur des deux quarts de section ; le quart nord-est, propriété de M. Welch, ayant probablement plus de valeur que l'autre. L'inspecteur ajoute que M. Welch est tout disposé à céder le dit quart nord-est pourvu qu'on lui accorde l'inscription du quart sud-est en retour.

Dans ces circonstances, et vu qu'il considère d'intérêt public que le ministère de la Milice et de la Défense puisse disposer du quart nord-est de la dite section pour les fins du champ de tir à cet endroit, le ministre recommande qu'on l'autorise à faire l'échange ainsi projeté et qui consiste à résilier l'inscription du quart nord-est à M. Welch et à lui accorder l'inscription du quart sud-est en retour et que le dit quart nord-est soit ensuite mis à la disposition du Département de la Milice et de la Défense pour les fins du champ de tir.

Le comité agréé cette recommandation et la soumet pour approbation.

PRÉSENT :

## SON EXCELLENCE LE GOUVERNEUR GÉNÉRAL EN CONSEIL.

ATTENDU que les règlements pour la vente des claims de mines quartzseuses sur les terres fédérales, établis par un arrêté en conseil du 13 août 1908 sous l'empire de la *Loi des terres fédérales*, prescrivent que toute personne qui a découvert du minerai en place peut jalonner personnellement un claim dont la superficie n'excède pas 1500 pieds carrés ; de plus que nulle personne en son propre nom, sauf par cession, peut détenir plus d'un claim minier sur la même veine ou le même filon, ou à une distance de moins d'un mille de cette veine ou de ce filon ; que la preuve soit fournie chaque année que celui qui a délimité le claim, y a fait exécuter des travaux pour une valeur d'au moins \$100, ou, à défaut d'exécution de ces travaux, a payé cette somme au registraire des mines ; et qu'après que la somme de \$500 a ainsi été dépensée sur le claim ou payée au registraire, celui qui a jalonné le claim a droit à un bail du terrain ainsi jalonné pour une certaine période d'années. Toutefois, les travaux exécutés en dehors du claim (avec l'intention de l'exploiter), si ces travaux sont en rapport direct avec le claim et dans son voisinage immédiat, seront considérés comme ayant été exécutés sur le claim même, si le registraire minier y consent.

Et attendu que des représentations ont été faites au Département de l'Intérieur qu'il existe des minéraux de valeur économique dans cette partie du Canada située sur le golfe Coronation, près de l'embouchure de la rivière Coppermine, dans la région arctique, mais qu'on n'a fait encore aucun effort sérieux pour explorer ou développer la zone minérale qu'on dit y exister, à cause des grandes difficultés qu'on a éprouvées pour atteindre cette région lointaine et les frais préliminaires d'une telle entreprise.

Et attendu qu'on peut atteindre le Fort Norman, à l'embouchure de la rivière Great Bear, au cours de la courte saison de navigation, par chemin de fer à partir du fort McMurray et par bateau sur les rivières Athabaska et Mackenzie, mais qu'à cet endroit le prospecteur rencontre deux obstacles très sérieux, savoir : le transport de Fort Norman, sur la rivière Mackenzie, à Fort Franklin sur le lac Great Bear, une distance d'environ 100 milles, et de Fort Confidence à la source du lac Great Bear jusqu'à l'embouchure de la rivière Coppermine, une distance d'environ 120 milles.

Et attendu qu'il a été représenté que l'étendue de terrain prévue aux règlements, quoique suffisante dans les districts d'accès facile, ne pourrait offrir une garantie adéquate pour le risque et les frais qu'il faudrait nécessairement encourir en améliorant les moyens de transport jusqu'à l'embouchure de la rivière Coppermine, afin de permettre au prospecteur d'y transporter son outillage et ses approvisionnements, et qu'il est essentiel à l'exploitation et au développement des ressources minières de cette région éloignée du pays d'offrir des avantages spéciaux aux prospecteurs qui peuvent avoir le capital nécessaire pour s'engager dans une entreprise aussi coûteuse et hasardeuse.

Attendu qu'il a, aussi, été représenté qu'une dépense d'au moins \$25,000 serait nécessaire pour améliorer suffisamment les moyens de transport à partir de Fort Norman pour permettre à une expédition d'atteindre cette région et de l'explorer pendant un an, et qu'il a été suggéré qu'en considération de telles dépenses il soit permis à tout particulier ou à toute compagnie s'engageant à dépenser cette somme dans une année, en explorations et en améliorations des moyens de transport, de jalonner un plus grand nombre de claims miniers qu'il n'est prescrit par les règlements et d'en obtenir l'inscription.

Et attendu que la région où l'on prétend que gisent ces dépôts de minéraux de valeur économique est située entre les 108e et 118e méridiens de longitude ouest, et entre les 66e et 6e degrés de cette latitude nord ;

Par conséquent, il plaît à Son Excellence le Gouverneur général en conseil, afin de stimuler la recherche

des gisements de minéraux dans cette partie du pays, d'autoriser par ces présentes la concession à tout prospecteur, soit particulier ou compagnie, qui dépense au cours de l'année civile 1917 la somme d'au moins \$25,000 en travaux d'exploration dans la région ci-dessus décrite et en améliorations des moyens de transport entre Fort Norman et l'embouchure de la rivière Coppermine, sous l'empire des dispositions des règlements concernant les mines quartzseuses, de cinquante claims de la grandeur prescrite, soit un claim pour chaque \$500, aux conditions suivantes :

(1) Le prospecteur doit le ou avant le 31e jour de décembre 1917 fournir au Ministre de l'Intérieur la preuve confirmée par affidavit et accompagnée de pièces justificatives, s'il est ainsi exigé, démontrant qu'au cours de l'année civile 1917 il a dépensé la somme d'au moins \$25,000 en travaux d'exploitation, selon les méthodes reconnues, dans les limites de la région ci-dessus décrite et en améliorations des moyens de transport entre Fort Norman sur la rivière Mackenzie et l'embouchure de la rivière Coppermine. Cette preuve doit être sous forme d'état détaillé indiquant le montant dépensé en amélioration des moyens de transport, ainsi que les fins auxquelles chaque item de dépense a été appliqué ; y seront joints des plans indiquant la position et la nature de l'obstacle qu'il a fallu surmonter, ainsi que la nature et le coût des améliorations. Doit être de plus fourni un état détaillé distinct, montrant les dépenses encourues en travaux d'exploration et la nature exacte des travaux exécutés à chaque endroit ; aussi des plans montrant les endroits particuliers où ont été exécutés les travaux mentionnés dans l'état détaillé.

(2) Les claims dont le prospecteur demande la concession doivent être jalonnés de la manière prescrite par les règlements, et la demande d'inscription doit être faite au registraire minier du district en bonne et due forme avant l'expiration de l'année 1917. Toutefois, le prospecteur qui au cours de l'année a fait la dépense de \$25,000 ci-dessus prescrite peut jalonner plus d'un claim sur la même veine ou le même filon et en obtenir l'inscription, ou dans un rayon d'un demi-mille de cette veine ou filon, nonobstant les restrictions de l'article 13 des règlements à ce sujet.

(3) La délimitation de claims pour une compagnie qui est prête à encourir une dépense d'au moins \$25,000 pour les fins susdites et de la manière ici prescrite, peut être faite par toute personne ou toutes personnes dûment autorisées par la compagnie et acceptées par le Ministre de l'Intérieur.

(4) Dans la délimitation et l'enregistrement de claims et pour les retenir après que l'inscription a été accordée, le prospecteur doit se conformer sous tous rapports aux prescriptions des règlements, sauf telles exceptions qui peuvent être ici prévues.

(5) Les concessionnaires de claims miniers dans les limites de la région ci-dessus décrite qui se conforment en tout aux prescriptions de l'article 45 des règlements des mines quartzseuses en ce qui concerne chacun de ces claims, ont droit à la cession du bail de ces claims sous l'empire des dispositions des dits règlements et de la loi des terres fédérales pour une période de 21 ans, au loyer qui sera fixé par un décret du Gouverneur en conseil, le bail étant renouvelable pour une autre période de 21 ans dès que le concessionnaire aura fourni au Ministre de l'Intérieur la preuve satisfaisante qu'au cours de la durée du bail il s'est conformé sous tous rapports aux conditions du dit bail et aux prescriptions des règlements ; de nouveaux renouvellements pourront être accordés pour des périodes additionnelles de 21 ans chacune, aux termes et conditions que prescrira le Gouverneur en conseil.

(6) La patente ou le bail d'un claim minier dans la région ci-dessus décrite réserve à la Couronne un droit régulier sur les ventes des produits des mines qui sera déterminé de temps à autre par décret du Gouverneur en conseil et sera perçu de la manière prescrite par le Ministère de l'Intérieur.

(7) Toutes les patentes émises ou les baux cédés en vertu des pouvoirs ici conférés sont sujets à la restriction que les minerais ou autres dépôts de minéraux de valeur commerciale extraits des claims et décrits dans ces patentes ou baux ne seront pas exportés pour réduction, raffinage ou autre traitement, mais devront

être réduits, raffinés ou autrement traités exclusivement dans les limites du Canada et conformément aux prescriptions des règlements que le Gouverneur en conseil peut établir.

(8) La preuve de la dépense encourue par le prospecteur doit dans tous les cas être à la satisfaction du Ministre de l'Intérieur ; sinon le droit du prospecteur à la patente de ces claims ne sera autre que celui prescrit par les règlements concernant les claims de mines quartzes.

(9) Les demandes de patente pour les claims miniers délimités au cours de l'année civile de 1917 dans la région ci-dessus décrite ne seront prises en considération définitive par le registraire minier et les patentes de ces claims ne seront accordées que dans les derniers vingt jours de la dite année civile

Lundi, le 4e jour de décembre 1916.

PRÉSENT :

SON EXCELLENCE LE GOUVERNEUR  
GÉNÉRAL EN CONSEIL.

Le comité du Conseil privé a été soumis un rapport du Ministre de l'Intérieur, daté le 14 novembre 1916, représentant ce qui suit :—

Le chapitre 22 des statuts de 1913 de la province du Manitoba ci-après désigné sous le nom de "Loi d'incorporation," a constitué en corps politique et incorporé, sous le nom "The Greater Winnipeg Water District," ci-après désigné "la corporation," les résidents des cités de Winnipeg et St-Boniface, de la ville de Transcona et de certaines municipalités rurales adjacentes mentionnées et désignées dans la dite loi. La loi d'incorporation est désignée sous le nom de "Greater Water Power District Act," a été modifiée par les statuts suivants de la législature du Manitoba, savoir : chapitres 46, 47 et 48 de 1914, chapitres 29 et 30 de 1915 et chapitre 51 de 1916.

Le chapitre 208 des statuts fédéraux de 1916 accorde à la dite corporation certains privilèges et pouvoirs, savoir ; le droit de se procurer et prendre de l'eau, y compris de l'eau provenant de sources hors la province de Manitoba ; l'érection et le maintien de tous travaux nécessaires ; l'entrée sur tous terrains pour y faire des arpentages ou pour d'autres fins en rapport avec les dits travaux ; l'achat et l'occupation des terrains nécessaires ; la construction de chemins, tunnels et ponts, de lignes téléphoniques et télégraphiques et électriques, et de tous autres travaux et constructions nécessaires ; le détournement et l'altération d'aucuns de ces travaux ou d'aucune de ces lignes ou des cours d'eau ou grandes routes ; et tous autres travaux nécessaires pour la construction, le maintien et le fonctionnement de tout ouvrage nécessaire aux fins de la corporation ; la préparation, la soumission, le classement et l'inspection des cartes, livres de renvoi et tracés indiquant les travaux pour toute partie d'icelle ; et la mise en vigueur pour les fins de la commission de certains dispositifs de la Loi des chemins de fer et de la Loi concernant l'établissement et les dépenses de la commission conjointe internationale sous l'empire du traité des eaux navigables portant la date du 11 janvier 1909.

L'article 5 de la Loi d'Incorporation donne à la dite corporation les objets et buts suivants :—

5. La dite corporation aura pour objet d'approvisionner pour toutes fins les résidents du dit district d'eau tirée de sources quelconques soit dans, soit hors la province. La dite corporation a le droit d'étendre et d'exercer les droits à elle conférés à ces fins hors les limites de cette province, sujet néanmoins à son obtention de tous droits légaux nécessaires à ses fins du Gouvernement du Canada ou de toute autre autorité extra provinciale.

Pour fournir l'approvisionnement d'eau ci-haut mentionné il a fallu construire un aqueduc du lac Shoal, une partie du lac des Bois, à la cité de Winnipeg, une distance d'environ cent milles, et il a fallu en rapport avec ces travaux et pour mener à bonne fin l'objet de la Corporation, tel que mentionné dans l'article 5 sus-

mentionné, construire le chemin de fer mentionné à l'article 1 du chapitre 47, l'une des lois qui tel que susmentionné modifie la *Loi d'incorporation*. Quand aura été construit ce chemin de fer, dont le parachèvement est prochain, il sera ouvert à la colonisation, pour des fins de culture surtout, une grande étendue de terrain qui aujourd'hui est presque complètement dépourvue de colons à cause de son éloignement des chemins de fer actuels.

Le maire de la cité de Winnipeg, qui est le président du bureau d'administration établi par la Loi d'incorporation, en sa qualité de président, a soumis au ministre un projet pour établir sur les terres adjoignant le chemin de fer qui doit s'achever prochainement entre la cité de Winnipeg et le Lac-des-Bois des colons devant être choisis par le comité de colonisation de la dite corporation parmi des gens qui ont certaine expérience en agriculture et le dit maire a demandé que les terres fédérales suivantes qui sont vacantes et disponibles soient réservées à ces fins : la moitié nord du township 7 et tout le township 8 dans le rang 13 ; tout le township 7 et la moitié sud du township 7 dans le rang 14 ; et la moitié nord du township 7 et la moitié sud du township 8 dans le rang 15 ; tout à l'est du méridien principal.

Le président représente que le bureau d'administration a reçu l'assurance que le gouvernement de la province de Manitoba contribuerait activement aux améliorations locales nécessaires sur les terrains susmentionnés : établissement d'écoles, aide à la colonisation, etc.

On a de plus représenté qu'un comité de citoyens de la ville de Winnipeg, formé d'hommes d'expérience dans ce genre de colonisation donne son appui au projet et a proposé un homme d'expérience pour se charger spécialement de l'œuvre.

Le président du bureau d'administration demande que certains privilèges mentionnés ci-après soient accordés dans le but d'aider à la colonisation des terrains susmentionnés.

Le ministre est d'avis qu'il sera d'intérêt public d'accorder les dites demandes et recommande en conséquence que, sous l'empire du paragraphe (k) de l'article 76 de la Loi de 1908 des terres fédérales, autorisation soit donnée d'accorder les dits privilèges, savoir :

1. Que la réserve soit autorisée et ratifiée de toute terre vacante et disponible dans les limites ci-haut décrites et que le Ministre de l'Intérieur soit autorisé de changer les limites de la dite réserve comme il le jugera à propos et de rescinder la dite réserve en tout temps sur douze mois d'avis publié dans la *Gazette du Canada* et dans la *Gazette du Manitoba*.

2. Que dans les limites ainsi réservées il ne soit concédé ou vendu aucune inscription excepté à des personnes agréées par le comité de colonisation susmentionné.

3. Que la concession d'inscription à des personnes agréées comme ci-dessus soit sujette aux dispositions de la dite loi et des dits règlements en autant que ces derniers peuvent s'y appliquer et sauf les réserves ci-dessus mentionnées.

4. Que la dite commission de colonisation soit autorisée de décider de quelle manière les dites terres soient subdivisées et cédées, sujet à l'approbation du Ministre de l'Intérieur.

5. Que les conditions de culture dans chaque cas soient approximativement 20% de la superficie des terres sous inscription sujettes à une réduction raisonnable si le Ministre de l'Intérieur juge que le terrain en question est trop difficile à défoncer.

6. Que la commission de colonisation soit autorisée de choisir un site central de trente acres approximativement pour l'établissement d'une école, d'une église et d'un cimetière, le site ainsi choisi devant être réservé aux fins de la dite corporation.

7. Que relativement aux inscriptions accordées aux conditions sus-mentionnées, il ne soit accepté aucune demande pour rescision sous l'empire de la Loi de 1908 des terres fédérales et ses modifications, mais au Ministère de l'Intérieur ressortit de faire l'inspection des dites terres de temps à autre selon que le Ministre de l'Intérieur le jugera opportun ; et s'il est trouvé que les conditions des dites inscriptions n'ont pas été remplies, il peut être institué des procédures en rescision sous l'empire de la loi susdite, lesquelles pro-

cédures doivent être conduites de la même manière que pour les inscriptions ordinaires ;

8. Que, sur rescision d'une inscription, les terrains en question retournent à la réserve et redeviennent sujets aux conditions susmentionnées.

9. Que, si de l'avis de la dite commission de colonisation, un colon perd son droit à un homestead gratuit, une vente peut lui être consentie aux termes et conditions d'établissement que peut exiger le Ministre de l'Intérieur.

10. Que le Ministre de l'Intérieur soit autorisé de faire toute prescriptions, règles et règlements, qu'il juge nécessaires dans les cas qui peuvent surgir et qui n'ont pas été prévus dans les présents règlements.

Le comité agréé cette recommandation et la soumet pour approbation.

SON EXCELLENCE LE GOUVERNEUR  
GÉNÉRAL EN CONSEIL.

AU comité du Conseil privé a été soumis un rapport du Ministre de l'Intérieur, daté le 18 décembre 1916, représentant que Angus Thompson, sous l'empire d'une patente accordée pour service militaire en 1885, détient la moitié nord de la section 6, township 73, rang 8, à l'ouest du 6e méridien.

Le 15 mai 1916 un arrêté en conseil a été passé relevant M. Thompson de ses obligations de résidence, en vue du fait qu'un certificat médical avait été soumis représentant qu'il souffrait de tuberculose grave des poumons, et autorisant la concession au dit Thompson de la patente dès que serait fournie la preuve que les autres conditions de l'inscription avaient été remplies. M. Thompson représente maintenant qu'à moins d'un séjour dans un climat plus chaud il ne pourra survivre aux rigueurs du prochain hiver.

En considération des faits précités, le Ministre demande l'autorisation, sous l'empire du paragraphe (1) de l'article 76 de la *Loi des terres fédérales*, chapitre 20, 7-8 Edouard VII, de vendre à M. Thompson la moitié nord de la section 6, township 73, rang 8, à l'ouest du 6e méridien, au prix de \$1 l'acre, et de lui concéder la patente de ce terrain dès que les paiements requis auront été faits.

Le comité agréé cette recommandation et la soumet pour approbation.

Mardi, le 19e jour de décembre 1916.

PRÉSENT :

## SON EXCELLENCE LE GOUVERNEUR GÉNÉRAL EN CONSEIL.

AU comité du Conseil privé a été soumis un rapport du Ministre de l'Intérieur, daté le 13 décembre 1916, représentant que sous l'empire des dispositions de la *Loi de l'Irrigation* l'autorisation a été accordée à la compagnie dite "The Southern Alberta Land Company, Limited," de construire un système d'irrigation dont l'eau serait tirée de la rivière Bow à un point dans le quart sud-est de la section 34, township 21, rang 25, à l'ouest du 4e méridien, et que sous l'empire de cette autorisation la dite compagnie a établi le tracé et partiellement construit un canal à partir du dit point jusqu'à et traversant la région qui devait être irriguée.

En vertu des pouvoirs conférés au Ministre de l'Intérieur en vertu de l'article 54 de la *Loi de l'Irrigation*, des règlements ont été établis dans le but d'accorder gratuitement le droit de passage pour les canaux et tranchées d'irrigation, ce droit de passage devant comprendre, outre la largeur du canal ou de la tranchée, une lisière marginale n'excédant pas vingt pieds d'un côté et dix pieds de l'autre côté du dit canal ou de la dite tranchée, afin d'y donner accès pour l'exploitation et les réparations, les dits règlements pourvoyant aussi à la concession d'une plus grande largeur de terrain, mais n'excédant pas dix acres en tout, s'il était démontré que cette concession est nécessaire pour le bon fonctionnement du système d'irrigation ;

A cause des dimensions du canal que la compagnie construit, ainsi que la profondeur de l'excavation à certains points, et de la hauteur du remblai à d'autres endroits il a été jugé nécessaire en certains cas de permettre que le droit de passage comprenne une plus grande superficie afin de pouvoir disposer des déblais et offrir des facilités adéquates à l'entretien du système d'irrigation ;

Dans tous les cas mentionnés dans cette minute, où les terrains sont détenus par inscription de homestead ou de préemption, des emprises ont été données par les inscrits à la compagnie dite "The Southern Alberta Land Company, Limited," cédant le droit de passage du canal sur ces terrains ; ces emprises ont été enregistrées au Ministère de l'Intérieur. Le reste des terrains mentionnés sur lesquels la compagnie demande le droit de passage, appartiennent encore à la Couronne,—

Par conséquent, le Ministre demande l'autorisation d'accorder gratuitement, par permis d'occupation, à la compagnie dite "The Southern Alberta Land Company, Limited," le droit de passage pour ses canaux et tranchées sur les terrains ci-dessous décrits, mais n'excédant pas la superficie mentionnée dans chaque cas et conformément au plan du dit système d'irrigation déposé au bureau du Commissaire d'Irrigation à Calgary et au Ministère de l'Intérieur, et enregistré au bureau du registraire des titres de terres à Calgary, dans la province d'Alberta, ces concessions demeurant valides tant que les travaux ici mentionnés serviront aux fins d'irrigation ;

(1) Le quart nord-ouest de la section 19, township 14, rang 19, à l'ouest du 4e méridien, comprenant 13.6 acres, plus ou moins, ainsi qu'indiqué sur le plan d'irrigation numéro 360.

(2) Le quart sud-est de la section 19, township 14, rang 19, à l'ouest du 4e méridien, comprenant 13.51 acres, plus ou moins, ainsi qu'indiqué sur le plan d'irrigation numéro 360.

(3) Le quart sud-est de la section 30, township 14, rang 20, à l'ouest du 4e méridien, comprenant 27 acres, plus ou moins, ainsi qu'indiqué sur le plan d'irrigation numéro 361.

(4) Le quart sud-est de la section 25, township 14, rang 20, à l'ouest du 4e méridien, comprenant 10.14 acres, plus ou moins, ainsi qu'indiqué sur le plan d'irrigation numéro 360.

(5) Le quart nord-est de la section 27, township 14, rang 20, à l'ouest du 4e méridien, comprenant 14.84 acres, plus ou moins, ainsi qu'indiqué sur le plan d'irrigation numéro 360.

(6) Le quart sud-ouest de la section 25, township 14, rang 20, à l'ouest du 4e méridien, comprenant 16.79 acres, ainsi qu'indiqué sur le plan d'irrigation numéro 360.

(7) Les quart nord-ouest de la section 34, township 13, rang 17, à l'ouest du 4e méridien, comprenant 35.21 acres, plus ou moins, ainsi qu'indiqué sur le plan d'irrigation numéro 296.

(8) Le quart nord-est de la section 16, township 14, rang 8, à l'ouest du 4e méridien, comprenant 11.85 acres, plus ou moins, ainsi qu'indiqué sur le plan d'irrigation numéro 183.

(9) Le quart sud-ouest de la section 6, township 14, rang 9, à l'ouest du 4e méridien, comprenant 10.84 acres, plus ou moins, ainsi qu'indiqué sur le plan d'irrigation numéro 183.

(10) Le quart nord-est de la section 35, township 13, rang 10, à l'ouest du 4e méridien, comprenant 13.5 acres, plus ou moins, ainsi qu'indiqué sur le plan d'irrigation numéro 183.

ATTENDU que la corporation de la ville de Salmon Arm, Colombie-Anglaise, a fait une demande au Ministère de l'Intérieur pour que certains terrains dans les limites du partage des eaux situés dans le township 20, rang 19, à l'ouest du 6e méridien, soient soustraits au droit d'inscription de homestead, à la vente ou à toute aliénation qui pourrait exposer les eaux du creek East Canoe à la contamination ; et

Attendu que l'agent local des terres fédérales et l'ingénieur divisionnaire hydrométrique de la Colombie-Anglaise ont fait un examen conjoint complet de la situation et font rapport que les terrains en question comprennent les sources du creek East Canoe qui fournit à la ville son approvisionnement d'eau domestique, et que les dits terrains sont pierreux, montueux, en général impropres à l'agriculture et que la Couronne devrait les soustraire à toute aliénation qui pourrait altérer la pureté des eaux du creek, et

Attendu que la corporation de la ville de Salmon Arm a déjà obtenu du département provincial des droits hydrauliques à Victoria l'autorisation voulue pour la diversion et l'utilisation des eaux du creek East Canoe pour les fins domestiques et autres, et qu'elle a construit un aqueduc qui actuellement conduit l'eau jusqu'à la ville.

A ces causes, il plaît à Son Excellence le Gouverneur général en conseil de décréter par les présentes que la partie du bassin d'alimentation du creek East Canoe nécessaire à la protection efficace des eaux du dit creek contre toute contamination soit soustraite aux inscriptions de homestead et à la vente ; et de plus que nul ne pourra en aucun temps se servir d'aucuns de ces terrains pour une entreprise quelconque sans obtenir au préalable une autorisation spéciale du Ministre de l'Intérieur ; et la concession de tous droits et privilèges sera sujette aux termes et conditions que la Ministre jugera nécessaires pour conserver la pureté de l'approvisionnement d'eau de la ville de Salmon Arm,—

GÉNÉRAL EN CONSEIL.

AU comité du Conseil privé a été soumis un rapport du Ministre de l'Intérieur, daté le 23 décembre 1916, au sujet d'une demande reçue de la compagnie du chemin de fer dite "Kettle Valley Railway Company," pour un permis d'occupation de cette partie du lit de la rivière Fraser adjacente à la voie ferrée de la compagnie et de chaque côté de cette voie, cette partie du lit de la rivière étant requise pour l'emplacement d'un pont, et pouvant être décrite comme suit :

"Le terrain submergé situé dans la section 16, township 5, rang 26, à l'ouest du 6e méridien, dans la province de la Colombie-Britannique, et qui peut être décrit plus minutieusement comme suit :—

"Borné à l'est et à l'ouest par les marques ordinaires de l'eau haute sur les rives gauche et droite respectivement de la rivière Fraser, et au nord et au sud par des lignes parallèles à la ligne de centre de la voie du chemin de fer de Kettle Valley et qui en sont éloignées perpendiculairement de 50 pieds de chaque côté, ce terrain contenant 1'83 acres, plus ou moins, le tout conforme au plan de la chaussée de la voie ferrée, pour l'emplacement d'un pont du chemin de fer Kettle Valley, approuvé et confirmé par E. Deville, arpenteur général des terres fédérales, et daté à Ottawa le 3e jour d'août 1915, et dont copie est annexée."

Le Ministre représente que l'emplacement et les plans des travaux soumis par la compagnie ont été approuvés par le Département des Travaux Publics conformément aux dispositions de la *Loi de la protection des eaux navigables*, chapitre 115 des Statuts révisés du Canada, 1906, modifiée par le chapitre 44, 9 10 Édouard VII, et que des copies de ces plans ont été déposées au Département de l'Intérieur.

Par conséquent le Ministre demande l'autorisation d'émettre en faveur de la compagnie dite "Kettle Valley Railway Company" un permis d'occupation pour la partie du lit de la rivière Fraser qui est décrite ci-dessus, le dit permis devant être pour telle période que la compagnie peut demander en rapport avec l'exploitation de son chemin de fer ; un loyer annuel de \$1.00 sera payé au Département de l'Intérieur.

## DEMANDES AU PARLEMENT.

## CHAMBRE DES COMMUNES.

## RÈGLES RELATIVES AUX PÉTITIONS ET AUX BILLS PRIVÉS.

88. (1) Les pétitions pour bills privés ne sont reçues par la Chambre que si elles sont présentées pendant les six premières semaines de la session, et tout bill privé sera présenté à la Chambre dans les deux semaines à compter de l'époque où l'examineur ou le comité des ordres permanents auront fait un rapport favorable sur la pétition, et nulle motion à l'effet de suspendre cette règle ne sera acceptée, à moins qu'au préalable le comité des ordres permanents n'ait présenté un rapport recommandant cette suspension et exposant les raisons la motivant.

*Instructions aux comités.*

97. Qu'il soit enjoint à tous les comités sur bills privés, dans le cas où les promoteurs ne seraient point prêts à procéder avec leurs mesures quand celles-ci auront été appelées deux fois en deux occasions différentes devant le comité pour y être discutées, de rapporter ces mesures à la Chambre sans délai, faisant connaître les faits, et avec la recommandation que ces bills soient retirés.

*Dépôt de bills et honoraires.*

89. (1) Toute personne qui voudra obtenir un bill privé sera tenu de déposer entre les mains du greffier de la Chambre, au moins huit jours avant la réunion de la Chambre, un exemplaire de ce bill en anglais ou en français, avec une somme suffisante pour en payer la traduction et l'impression, la traduction en devant être faite par les fonctionnaires de la Chambre, et l'impression par le département des impressions publiques, et si pareil bill n'est pas déposé dans le délai ci-dessus prescrit, le solliciteur devra, en sus des frais d'impression et de traduction, payer la somme de cinq dollars pour chaque jour qui s'écoulera entre le dit huitième jour avant la réunion de la Chambre et la date de la présentation du bill; mais ces taxes additionnelles ne devront pas dépasser en totalité la somme de deux cents dollars.

2. Après la deuxième lecture d'un bill et avant son examen par le comité auquel il a été renvoyé, celui qui en fait la demande doit dans tous les cas verser le prix de l'impression de la loi dans les statuts ainsi qu'un droit de deux cents piastres.

*Taxes supplémentaires.*

3. Les taxes suivantes seront également imposées et payées, en sus de celles qui précèdent, savoir:—

(a) Lorsqu'une règle de la Chambre est suspendue relativement à un bill, ou à la pétition de ce bill pour chaque suspension..	\$100 00
(b) Lorsqu'un bill est présenté dans la Chambre après la huitième semaine de la session et avant la fin de la douzième.....	100 00
(c) Lorsqu'un bill est présenté dans la Chambre après la douzième semaine de la session.....	200 00
(d) Lorsque le capital social projeté d'une compagnie dépasse \$250,000, et n'excède pas \$500,000 .....	100 00
(e) Lorsque le capital social projeté d'une compagnie dépasse \$500,000, et n'excède pas \$750,000 .....	150 00
(f) Lorsque le capital social projeté d'une compagnie dépasse \$750,000, et n'excède pas \$1,000,000 .....	200 00
(g) Lorsque le capital social projeté d'une compagnie dépasse \$1,000,000, et n'excède pas \$1,500,000 .....	300 00
(h) Lorsque le capital social projeté d'une compagnie dépasse \$1,500,000, et n'excède pas \$2,000,000 .....	400 00
(i) Pour chaque million ou fraction de million de dollars additionnel .....	100 00

4. Quand l'objet d'un bill est d'augmenter le capital social d'une compagnie existante, le droit additionnel est déterminé selon le tarif ci-dessus, mais n'est calculé que sur le montant de la majoration.

5. Quand un bill est à l'effet d'augmenter ou tend à augmenter pour une compagnie sa faculté d'emprunter sans qu'il y ait augmentation du capital social, le droit additionnel est de \$300.

6. Si, à quelque phase d'un bill, il est apporté quelque augmentation au chiffre du capital social projeté d'une compagnie, ou à celui de sa faculté d'emprunter, le bill ne passe pas à la phase subséquente tant que les droits découlant de ce changement n'ont pas été versés.

7. Dans la présente règle, l'expression "capital social projeté" comprend toute augmentation de ce capital prévue dans le bill, et dans les cas où un bill accorde le pouvoir d'augmenter, à quelque date que ce soit, le montant du capital social projeté, le droit additionnel sera prélevé sur le chiffre maximum de telle augmentation projetée, tel qu'il en est fait mention dans le bill.

8. Les taxes supplémentaires prescrites en la présente règle s'appliqueront aussi aux bills privés prenant naissance au Sénat, sauf, toutefois, que si une pétition demandant pareil bill privé a été présentée en cette Chambre dans les six premières

semaines de la session, la taxe supplémentaire imposée sous l'empire des alinéas *b* ou *c* de l'article 3, ne sera pas exigée.

THOMAS B. FLINT,  
Greffier des Communes.

## RÈGLES RELATIVES AUX AVIS DE BILLS PRIVÉS.

91. Toutes demandes, quelles qu'elles soient, adressées au Parlement pour bills privés, devront être précédées d'un avis dans la *Gazette du Canada*; le dit avis devra énoncer clairement et distinctement la nature et l'objet de la demande, et devra être signé par les postulants ou en leur nom avec les adresses des signataires; et lorsque la demande aura pour objet un acte constitutif, le nom de la compagnie projetée devra être donné dans l'avis. Et si les travaux de quelque compagnie (constituée ou à être constituée en corporation) doivent être déclarés à l'avantage général du Canada, cette intention sera spécifiquement mentionnée dans l'avis; et les postulants feront adresser une copie du dit avis, par lettre enregistrée, au greffier de chaque comté ou municipalité qui pourra être spécialement concernée dans la construction ou l'exploitation des dits travaux, et aussi au secrétaire de la province dans laquelle les dits travaux sont ou pourront être situés; et une déclaration conforme à la loi devra attester que cette formalité a été remplie par les postulants.

Outre l'avis susdit à publier dans la *Gazette du Canada*, un avis semblable devra aussi être publié dans *quelque journal important* comme suit:—

4. *Une compagnie de banque; une compagnie d'assurance; une compagnie de fidéicommis; une compagnie de prêt; ou une compagnie industrielle, sans pouvoirs exclusifs quelconques*:—Dans la *Gazette du Canada* seulement.

B) Lorsque la demande sera aux fins d'amender un acte existant,—

1. Pour le prolongement de quelque ligne de chemin de fer ou de quelque canal, ou pour la construction d'embranchements des dits chemin de fer ou canal:—Dans la principale cité, la

principale ville ou le principal village dans chaque district ou comté devant être traversé par le prolongement ou cet embranchement.

2. Pour la prolongation d'une charte ou du délai fixé pour la construction ou l'achèvement d'une ligne de chemin de fer, d'un canal, ou d'une ligne de télégraphe ou de téléphone quelconques, ou de tous autres travaux déjà autorisés; ou pour l'extension des pouvoirs d'une compagnie (lorsque cela n'implique pas la concession de droits exclusifs); ou pour l'augmentation ou la réduction du capital social de quelque compagnie; ou pour augmenter ou modifier ses pouvoirs d'émettre des obligations ou de contracter des emprunts, ou pour tout amendement pouvant porter atteinte aux droits ou intérêts des actionnaires ou des porteurs d'obligations ou des créanciers de la compagnie:—Dans la localité ou le bureau principal de la compagnie est ou doit être autorisé à s'établir.

C) Lorsque la demande a pour objet d'obtenir pour une personne ou une corporation déjà constituée des droits ou privilèges exclusifs ou le pouvoir de faire quelque chose dont l'accomplissement pourrait porter atteinte aux droits ou aux biens d'autres personnes: dans la localité ou les localités particulières que l'acte projeté pourrait atteindre.

Tous ces avis, qu'ils soient insérés dans la *Gazette du Canada* ou dans un journal, devront être publiés au moins une fois par semaine pendant une durée de cinq semaines consécutives; et en ce qui concerne les provinces de Québec et de Manitoba, ils devront y être publiés en anglais et en français; et dans le cas où il n'y aurait pas de journal dans une localité où l'avis doit être donné, cet avis sera donné dans la localité la plus rapprochée dans laquelle il se publie un journal; et la preuve de la publication régulière de l'avis sera établie dans chaque cas par une déclaration conforme à la loi; et toutes ces déclarations devront être transmises au greffier de la Chambre et être endossées "Avis de bill privé".

D) Tout pareil avis sera transmis par la poste par lettre enregistrée de manière à parvenir au secrétaire de la province, et au greffier du conseil de comté et de la corporation municipale, au moins deux semaines avant que l'Examineur ou le comité des ordres permanents ne prennent la pétition en délibération, et une déclaration conforme à la loi et établissant ce dépôt à la poste, sera adressée au greffier de la Chambre.

E) Tous bills privés pour actes constitutifs devront être dressés de manière à incorporer, par mode de renvoi, les clauses des actes généraux se rapportant aux détails auxquels ces bills doivent pourvoir; l'on devra énoncer les raisons spéciales de toute déviation de ce principe, ou de l'introduction d'autres dispositions relatives à ces détails, et une note devra être annexée au bill pour indiquer les dispositions du bill au sujet desquelles l'on propose de s'écarter de l'acte général; les bills qui ne seront pas rédigés conformément à cette règle, devront être remodelés par les promoteurs et réimprimés à leurs frais avant qu'aucun comité passe à l'examen de leurs clauses.

#### SENAT.

#### SUBSTANCES DES RÈGLES ET FORMES DE PROCÉDER DU SÉNAT CONCERNANT LES BILLS DE DIVORCE.

Telles que révisées et mises en vigueur le 23 mars 1916.

Tout pétitionnaire en divorce doit annoncer son intention de demander un bill de divorce, par un avis spécifiant contre qui et pour quelle cause le divorce sera demandé; il fait insérer cet avis, pendant trois mois au moins avant la prise en considération par le comité des divorces de sa pétition pour obtenir le bill, dans la *Gazette du Canada* et dans deux journaux—du district où il avait sa résidence habituelle à l'époque de sa séparation d'avec son conjoint, s'il résidait alors dans la province de Québec, le Manitoba, la Saskatchewan, l'Alberta, la Colombie-Britannique ou les Territoires du Nord-Ouest,—ou du comté ou des comtés-unis, s'il résidait dans une autre province; et à défaut de ce nombre de journaux, l'avis doit se publier dans le district, dans le comté ou les comtés-unis voisins.

Dans les provinces de Québec et du Manitoba, les insertions doivent se faire dans un journal anglais et un journal français, s'il en existe des deux langues dans le district; autrement, elles se font en anglais et en français au même journal. Si l'avis donné pour une session expire trop tard pour qu'il puisse être statué sur la pétition pendant cette session, la pétition pourra être présentée et accueillie à la session suivante sans nouvelle publication d'avis.

Une copie de cet avis et une copie de la pétition qui sera présentée doit, à la diligence du pétitionnaire et au moins deux mois avant la prise en considération de la pétition par le comité, être signifiée en main propre si cela est possible, à la personne contre laquelle le divorce sera demandé, ci-après appelée "partie défenderesse".

Si la résidence de la partie défenderesse n'est pas connue, ou que la remise de l'avis ne peut être faite en ses mains, s'il est prouvé, d'une manière jugée satisfaisante par le comité, que tous les efforts raisonnables ont été faits pour opérer la signification en main propre, et, en cas d'inutilité de ces efforts, pour porter l'avis et la pétition à la connaissance de la partie défenderesse, ces diligences peuvent être tenues pour une suffisante notification.

Aucune pétition en divorce n'est recevable après l'expiration des soixante premiers jours de la session.

Toute pétition en divorce doit être écrite lisiblement et porter la signature du pétitionnaire. Elle énonce sommairement le fait du mariage, en indiquant les noms au long, l'âge et l'état des parties, en quel temps, en quel lieu et par qui a été faite la célébration; le domicile et la résidence de chacune des parties à l'époque du mariage, leur domicile conjugal, leur résidence et tout changement qui en aurait eu lieu; les traits essentiels sur lesquels est fondée la demande de redressement et la nature du redressement demandé.

La pétition doit aussi contenir l'assurance qu'il n'y a pas eu ni connivence, ni pardon pour les torts qui donnent lieu à la plainte, ni collusion dans la demande en divorce.

Les allégations de la pétition doivent être appuyées d'une déclaration du pétitionnaire, faite conformément à l'Acte de la preuve en Canada, 1893.

La copie de la pétition signifiée à la partie défenderesse portera en endos ou en annexe les renseignements suivants:

(1) La résidence du pétitionnaire à l'époque de la signification.

(2) Une adresse postale en Canada à laquelle les lettres et avis pour le pétitionnaire puissent être délivrés.

(3) Le nom et l'adresse de l'avocat, s'il y en a un, agissant pour le pétitionnaire.

(4) Si cet avocat n'a pas d'adresse à Ottawa, le nom et l'adresse de quelque agent le représentant à Ottawa à qui tous avis et pièces puissent être signifiés.

(5) Si la partie défenderesse veut s'opposer à la demande en divorce et être entendue par le comité des divorces du Sénat, elle doit adresser un avis à cet effet au greffier du Sénat aux édi-

fices du Parlement, Ottawa, dans les deux mois de la signification faite à la partie défenderesse et donner dans cet avis au greffier du Sénat:

(a) La résidence de la partie défenderesse à l'époque de l'envoi de l'avis.

(b) Une adresse postale en Canada à laquelle les lettres et avis pour la partie défenderesse puissent être délivrés.

(c) Le nom et l'adresse de l'avocat, s'il y en a un agissant pour la partie défenderesse.

(d) Si cet avocat n'a pas d'adresse à Ottawa, le nom et l'adresse de quelque agent le représentant à Ottawa, à qui tous avis et pièces puissent être signifiés.

(6) Si la partie défenderesse ne notifie pas ainsi le greffier du Sénat, la pétition peut être prise en considération, et un bill de divorce basé sur cette pétition peut suivre son cours sans autre avis à la partie défenderesse.

(7) Lorsque la pétition est présentée par un mari pour obtenir le divorce contre sa femme, si celle-ci fait voir au comité d'une manière satisfaisante qu'elle peut opposer et qu'elle est prête à produire sous serment de bons moyens de défense contre les accusations portées dans la pétition, et qu'elle n'a pas l'argent nécessaire pour faire valoir ces moyens, le comité peut rendre un ordre que son mari ait à lui fournir la somme nécessaire pour qu'elle puisse présenter sa défense en retenant les services d'un conseil, payer ses frais de voyage et de séjour et ceux des témoins assignés de sa part à Ottawa.

La pétition en obtention d'un bill de divorce n'est prise en considération par le comité que lorsque le pétitionnaire a versé au bureau du greffier du Sénat une somme de \$210.

La pétition, au moment de sa présentation au Sénat doit être accompagnée de la preuve de la publication d'avis et d'une déclaration établissant qu'une copie de l'avis de la pétition a été signifiée.

Une copie de toute pétition en obtention d'un bill de divorce, ou relative à quelque demande de divorce,—et une copie de tous documents et papiers accompagnant cette pétition, ou à produire devant le comité, devra être fournie par la personne au nom de laquelle la pétition, les documents ou les papiers seront présentés ou produits.

SAML. E. ST. O. CHAPLEAU,

Greffier du Sénat.

*Avis de bills privés.*

EXTRAIT DES RÈGLES DU SÉNAT.

107. Toute demande au Parlement, pour obtenir un bill privé, de quelque nature qu'il soit, doit être annoncée par avis inséré à la *Gazette du Canada*; cet avis doit indiquer d'une manière claire et précise la nature et l'objet de la demande, être signé par les pétitionnaires ou en leur nom et contenir l'adresse des signataires; et si elle a pour objet l'obtention d'un acte constitutif, il faut donner aussi dans l'avis le nom de la compagnie projetée.

Outre l'avis à insérer dans la *Gazette du Canada*, il doit en être publié un semblable, comme il suit:—

A) Lorsque la demande a pour objet l'obtention d'un acte constituant en corporation,—

1. Une *compagnie de chemin de fer ou de canal*,—dans un des principaux journaux de la principale cité ou ville ou le principal village de chaque comté ou district par où passerait le chemin de fer ou le canal dont la construction est projetée;

2. Une *compagnie de télégraphe ou de téléphone*,—dans un des principaux journaux de la principale cité ou ville de chaque province ou territoire où elle se propose d'opérer;

3. Une *compagnie pour la confection de travaux quelconques*, dont la confection ou l'exploitation intéresserait spécialement telle localité particulière; ou une compagnie tendant à obtenir des droits ou privilèges exclusifs, ou l'autorisation de faire une chose dont l'opération pourrait porter atteinte aux droits ou à la propriété d'autrui,—dans un des principaux journaux de l'endroit ou des endroits que l'acte demandé intéresse;

4. Une *compagnie de banque*; une *compagnie d'assurance*; une *compagnie de crédit*; une *compagnie de prêt*, ou une *compagnie industrielle*, sans pouvoirs exclusifs,—dans la *Gazette du Canada* seulement;

5. Et si les travaux d'une compagnie (constituée ou à constituer) doivent être déclarés d'utilité générale pour le Canada, cette intention sera spécifiquement mentionnée dans l'avis; et les requérants feront envoyer par lettre enregistrée une copie de cet avis au secrétaire de chaque conseil de comté et de chaque corporation municipale spécialement intéressée dans la construction ou l'exploitation de ces travaux, ainsi qu'au secrétaire de la province dans laquelle ces travaux sont ou seront situés; et la preuve de l'accomplissement de cette prescription par les requérants devra s'établir par une déclaration statutaire.

B) Lorsque la demande a pour objet de modifier un acte existant,—

1. Afin de prolonger une ligne de chemin de fer ou un canal, ou de construire des embranchements qui s'y relient, l'avis sera le même, *mutatis mutandis*, que celui pour l'obtention d'un acte constituant en corporation une compagnie de chemin de fer ou de canal;

2. Afin de proroger le délai fixé pour la confection ou l'achèvement d'une ligne de chemin de fer, d'un canal, d'une ligne télégraphique ou téléphonique, ou d'autres travaux quelconques déjà autorisés,—dans un des principaux journaux de l'endroit où la compagnie a son siège ou est autorisée à avoir son siège;

3. Afin d'étendre les pouvoirs d'une compagnie (sans attribution de pouvoirs exclusifs); d'accroître ou de réduire le capital-actions d'une compagnie, ou d'augmenter ou modifier sa faculté d'émettre des obligations ou de faire des emprunts, ou d'effectuer des changements pouvant porter atteinte aux droits ou intérêts des actionnaires, obligataires ou créanciers de la compagnie,—dans un des principaux journaux du lieu de la situation de son siège.

C) Dans tous ces cas, les avis insérés soit à la *Gazette du Canada* ou dans les journaux, doivent

se publier au moins une fois par semaine pendant cinq semaines consécutives; et, lorsqu'ils se publient dans les provinces de Québec et du Manitoba, ils doivent être en langue anglaise et en langue française. Il faut envoyer au greffier du Sénat des exemplaires *marqués* de chaque numéro de tous les journaux contenant l'avis, avec, sur le pli de la feuille, les mots: "*Avis de bill privé*"; ou l'on peut transmettre, au lieu des journaux, une déclaration statutaire que l'avis a été dûment publié.

Tout avis par lettre enregistrée sera déposé à la poste à temps pour parvenir au secrétaire de la province et au greffier de chaque conseil de comté et de chaque corporation municipale cinq semaines au moins avant la considération de la pétition par le comité des Ordres permanents; et une déclaration statutaire établissant le fait du dépôt à la poste sera transmise au greffier du Sénat.

108. Nulle pétition pour la constitution en corporation d'une compagnie de chemin de fer ou d'un canal existant ou autorisé, n'est prise en considération par le comité des Ordres permanents, à moins qu'il n'ait été déposé devant le comité une carte ou un plan indiquant le tracé proposé des travaux ainsi que les comtés ou les districts par où doit passer le chemin de fer, le canal, l'embranchement ou le prolongement qu'on veut construire.

109. Avant d'adresser au Sénat la pétition pour en obtenir la permission de présenter un bill privé ayant pour objet la construction d'un pont de péage, la ou les personnes qui ont l'intention de faire cette pétition doivent, en donnant l'avis prescrit par les règles précédentes mentionner en même temps et de la même manière, les péages qu'elles se proposent de percevoir, l'étendue du privilège, la hauteur des arches, l'espace libre entre les culées ou les piles pour le passage des trains de bois et des bateaux; en outre, mentionner si le pont sera mobile ou non, et indiquer les dimensions de la partie mobile.

110. Aucune pétition en obtention d'un bill privé n'est reçue par le Sénat après les trois premières semaines de la session; aucun bill privé ne peut lui être présenté après les quatre premières semaines de la session; aucun rapport d'un comité permanent ou spécial sur un bill n'est reçu après les six premières semaines de la session.

114. Toute personne qui voudra obtenir un bill privé, si elle se propose de le présenter au Sénat, devra déposer entre les mains du greffier de cette Chambre, huit jours avant la réunion du Parlement, une copie du bill en langue anglaise ou en langue française, avec une somme d'argent suffisante pour en payer la traduction, laquelle sera faite par les traducteurs du Sénat, et payer l'impression de 600 exemplaires anglais et de 200 exemplaires français; elle aura pareillement à verser entre les mains du greffier du Sénat, aussitôt après la deuxième lecture du bill, et avant la prise en considération par le comité auquel il aura été renvoyé, une somme de \$200, avec les frais d'insertion de l'acte au corps des Statuts; et elle remettra au commis-greffier du comité un reçu constatant le versement de ces sommes.

After which the Members of the House of Commons withdrew to their own Chamber. The Deputy Governor then retired.

## CHAMBER OF THE SENATE.

OTTAWA, Friday, 19th January, 1917.

This day, at THREE o'clock p.m., HIS EXCELLENCY THE GOVERNOR GENERAL proceeded in state to the Chamber of the Senate, in the Parliament Buildings, and took his seat upon the Throne. The Members of the Senate being assembled, His Excellency was pleased to command the attendance of the House of Commons, and that House being present, HIS EXCELLENCY was pleased to open the SEVENTH SESSION of the TWELFTH PARLIAMENT OF THE DOMINION OF CANADA with the following Speech:—

*Honourable Gentlemen of the Senate:*

*Gentlemen of the House of Commons:*

I desire on this occasion to express my respectful appreciation of the honour conferred on me by the King in appointing me to the distinguished office of Governor General.

I esteem it a high privilege to become closely identified with Canada at the time when she is taking so splendid a part in the world-wide struggle, and I look forward to her ability and capacity to exercise an ever increasing influence in bringing the war to a victorious conclusion.

When peace is again happily restored I am confident that the vast resources of the Dominion will continue to be developed for the lasting benefit of the Empire and in the best interests of liberty and humanity.

Although nearly two and a half years have elapsed since the outbreak of war yet that period has not been more than sufficient for the enormous preparation necessary to enable our Empire to throw its full strength into the struggle.

The events that have transpired since prorogation give convincing testimony of the efficiency of the measures thus taken and bear splendid tribute to the valour and heroism of His Majesty's forces in every theatre of war.

With preparation already so ample and still increasing we may confidently anticipate that the not distant

future will bring such success to the allied arms as will assure the full maintenance of the purposes and ideals for which we have engaged in this war.

The Canadian forces dispatched overseas during 1916 numbered more than 165,000 and the aggregate of enlistments in Canada since the outbreak of war is nearly 400,000. In attack as well as in defence the valour, endurance and resourcefulness of the Canadian troops have been conspicuous on every occasion when they have met the enemy, and they have splendidly upheld the highest traditions of their country.

Equally notable and impressive has been the fine spirit of loyalty displayed by the people of this Dominion who have freely dedicated their energies and their material resources to the common defence of our Empire.

Steps have been taken by my advisors for better organization of National Service, and attention has been given to the more thorough utilization of our natural resources. Measures have also been taken in co-operation with the Government of the United Kingdom to facilitate the increased production of munitions in Canada.

The Government of the United Kingdom have invited the First Ministers of the Dominions to attend a series of special and continuous meetings of the War Cabinet (of which for this purpose they will be members) to consider urgent questions affecting the prosecution of the war, the possible conditions on which the Allied Nations could assent to its termination, and the problems which would then immediately arise. This invitation has been accepted on behalf of Canada.

The Fiftieth Anniversary of the foundation of this Dominion draws near and brings with it the inspiring memory of all that has been accomplished during the half century in the upbuilding of a united and powerful nation. My advisors believe that, notwithstanding the continuance of the war, there should be an appropriate commemoration of an event so notable in the history of Canada.

The life of the present Parliament will expire in October next, and under existing legislation a dissolution and election would be necessary in the early future. My advisors, however, are of opinion that the wishes of the Canadian people and the urgent requirements of the war would be best met by avoiding the distraction and confusion consequent upon a general election at so critical a time.

That purpose can only be effected through the medium of legislation by the Parliament of the United Kingdom. A resolution authorizing and requesting the enactment of such legislation as will further extend the life of this Parliament will be presented to you.

Although in some parts of the Dominion weather conditions affected adversely the excellent prospects of an unusually large harvest, yet taking the country as a whole, the labours of our husbandmen have been abundantly rewarded.

The commercial, industrial and financial stability of the country has been well maintained during the past year. There is every reason to believe that the Dominion will be in a position to meet satisfactorily the readjustment of conditions which must ensue upon the termination of the war.

Important measures designed to aid in meeting these new conditions have been in preparation and some of them will be submitted for your consideration.

*Gentlemen of the House of Commons:*

The accounts for the last, and the estimates for the next fiscal year will be submitted to you without delay, and you will be asked to make the necessary financial provision for the effective conduct of the war.

*Honourable Gentlemen of the Senate:*

*Gentlemen of the House of Commons:*

The lofty patriotism, the fine courage, and the inflexible purpose which have animated all His Majesty's Dominions in upholding our great cause are in nowise abated. In common with the rest of the Empire the people of this Dominion are firmly resolved that in this war, which has entailed so much sacrifice and which we have undertaken for the highest ideals of humanity and civilization, our efforts shall be continued and strengthened until they are crowned with an abiding peace.

I commend to your attentive consideration all measures submitted to you for that great purpose, and I pray that the Divine blessing may attend your deliberations.

## AT THE GOVERNMENT HOUSE AT OTTAWA

Tuesday, the 19th day of December, 1916.

PRESENT :

HIS EXCELLENCY THE GOVERNOR GENERAL  
IN COUNCIL.

HIS Excellency the Governor General in Council is pleased, under the provisions of Section 17 of the Dominion Forest Reserves and Parks Act, to make the accompanying regulations relating to the administration of "Project Meadows" to apply to the forest reserves within the Railway Belt in the Province of British Columbia, and the same are hereby made and established, accordingly.

RODOLPHE BOUDREAU,  
Clerk of the Privy Council.

REGULATIONS relating to Project Meadows to apply to Dominion Forest Reserves in the Railway Belt in the Province of British Columbia.

"Project Meadows" are meadows within Forest Reserves which are located in places difficult of access whence it will be impossible to haul hay so that any use of the meadows will be contingent upon feeding stock on the ground.

A "lessee of stock" is a person or company who have leased a ranch or farm and fixtures including stock as a going concern for a term of years on the basis of either a fixed rental or shares of profit and a guarantee to return an equivalent number of stock or the cash value of same to the owner on the termination of the lease.

1. A permit for a term of five years for the sole use of a project meadow or in the case of small meadows for any number of meadows whose combined acreage as determined by the method provided in clause 13 hereafter does not exceed one hundred acres may be granted to any person who is a British subject, subject to the conditions hereinafter set forth.

2. Every project meadow for which application for use under permit is received will be surveyed by a forest officer by metes and bounds. A plan of said survey will be filed in the office of the Forest Supervisor and every permit issued shall be based on the acreage as shown on such plan.

3. (a) In considering applications for the use of project meadows the following classes of applicants will be considered in the following order of preference ;

Class 1. Applicants who are *bona fide* owners of ranch or farm lands who desire to procure project meadows to be used as adjuncts to their ranches or farms.

Class 2. Applicants who do not own ranch or farm lands which they wish to supplement by the use of project meadows in raising stock but who desire to use project meadows to raise stock thereon as independent business ventures.

(b.) Applications from persons in Class 2 will not be considered until all applications of persons in Class 1 are satisfied.

4. Where more than one application of the same class is received at the same time for a meadow for which no permit is in force the forest officer may partition the meadow, if satisfactory to the applicants. If no agreement is possible between them he shall put the right up to tender on an acreage basis at an upset price not less than the rates fixed in Section 11 of these Regulations.

5. The permittee shall undertake improvement work adequate to bring the meadow to its maximum bearing capacity, such improvements to be satisfactory to the Forest Officer in charge of the Reserve.

6. Only stock of which the permittee is the *bona fide* owner or lessee shall be maintained upon a project meadow.

7. A permittee may use a project meadow in any one of the following ways :—

1. To put up hay for feeding stock the following winter.
2. To pasture stock during the summer.

3. To grow hay on one part and pasture the remainder.

8. The minimum annual use requirement for stock maintained upon a project meadow shall be as follows :—

1. During the first three years of the duration of the permit :

- a. Cattle or horses, at the rate of one head to be wintered for two acres of meadow under permit.
- b. Sheep at the rate of five head to be wintered for every two acres of meadow under permit.

2. During the fourth and fifth years of permit and during the renewal thereof granted under section 10 of these Regulations :—

- a. Cattle or horses, at the rate of one head to be wintered for every acre of meadow under permit.
- b. Sheep, at the rate of five head to be wintered for every acre of meadow under permit.

9. Every permittee shall make affidavit to the Forest Officer in charge of the Reserve before May 1st of each year of the use made of the project meadow under permit to him during the preceding twelve months. This affidavit shall set forth :—

1. Number of stock maintained;
2. Time maintained;
3. Quantity of hay put up;
4. Quantity of hay fed;
5. Improvements made;

10. Every permittee who has conformed to the requirements of these regulations shall be granted three renewals of said permit for further five year terms upon application at least six months prior to the termination of said permit or renewal thereof, and such application will have preference over all other applications for the same land under these regulations.

11. The dues to be charged for the use of project meadows will be as follows :—Original permit—five cents per acre per year. First renewal—ten cents per acre per year. Second and third renewals—fifteen cents per acre per year.

12. Permits for the use of project meadows shall not be transferable or assignable without the consent of the Minister and no person or company shall be entitled to more than one permit at a time.

13. In cases where consent has been given to the assignment of a permit the permit shall be returned to the Department and a new permit shall be issued to the assignee for the remainder of the term of the original permit assigned and subject to the same conditions.

14. In case of cancellation of a permit or where a renewal is not desired or procurable a second permittee for an improved project meadow will be required to pay the dues which the original permittee would have paid had his occupancy continued.

15. All fences constructed shall be maintained by the permittee during his occupancy in a condition satisfactory to the Forest Officer.

16. All timber required to be cut on the forest reserve for the construction of improvements shall be obtained under permit under the conditions of the forest reserve regulations and at the prescribed rates of dues.

17. Every holder of a permit will be held responsible for any fire which starts directly or indirectly, personally or through any servant, employee or agent of said permittee upon any land within a forest reserve held under permit granted to said permittee and all employees' services shall be given free whenever a fire starts on or threatens the land or improvements held under said permits. Any neglect on the part of the permittee which may cause fire is sufficient reason for the cancellation of the permit ;

18. Summer range for stock wintered on a project meadow may be secured under the terms of the grazing regulations. The holder of a permit for a project meadow shall be considered as having the same standing as applicants for grazing permits in Class one as defined in Section 39 of the Forest Reserve Regulations, as established by Order in Council of the 20th April 1916.

PRESENT :

HIS EXCELLENCY THE GOVERNOR GENERAL  
IN COUNCIL.

WHEREAS, an application has been filed with the Department of the Interior by the Corporation of the City of Salmon Arm, British Columbia, for the reservation from homestead entry, sale or other disposition which would endanger the waters of East Canoe creek to contamination, certain areas lying within that watershed which is situated in township 20, range 19, west of the 6th meridian, and

Whereas a joint investigation on the entire situation has been made by the local Agent of Dominion Lands and the Divisional Engineer of the British Columbia Hydrometric Survey, who report that the areas applied or comprise the watershed of East Canoe creek, from which the City's domestic water supply is obtained, and that they are of a rough mountainous character, generally unfit for agriculture and should therefore be reserved by the Crown from any disposition which would be liable to affect the purity of the waters of the stream, and

Whereas the Corporation of the City of Salmon Arm have already secured from the Provincial Water Rights Branch at Victoria the necessary water rights for the diversion and use of the waters of East Canoe creek for domestic and other purposes and have constructed a pipe line for the carriage of these waters to the town which is already in operation.

Therefore His Excellency the Governor General in Council is pleased to order and it is hereby ordered that the following lands comprising that portion of the drainage basin of East Canoe creek which are required in order to adequately protect the waters of this stream from contamination shall be withdrawn from homestead entry or sale; and further that if at any time it is desired to deal with any portion of the areas so reserved in connection with any undertaking special authority from the Minister of the Interior must first be obtained and any rights or privileges so granted shall be subject to such provisos and conditions as he may consider necessary in order that the purity of the water supply for the City of Salmon Arm may be retained,—

[3135]  
AT THE GOVERNMENT HOUSE AT OTTAWA.

Tuesday, the 19th day of December, 1916.

PRESENT :

HIS EXCELLENCY THE GOVERNOR  
GENERAL IN COUNCIL.

THE Committee of the Privy Council have had before them a report, dated 13th December, 1916, from the Minister of the Interior, submitting that authority has been granted under the provisions of the Irrigation Act to The Southern Alberta Land Company, Limited, to construct a system of irrigation works taking water from Bow river at a point on the southeast quarter of section thirty-one, township twenty-one, range twenty-five, west of the fourth meridian, and that, pursuant to such authority, the said company has surveyed and partly constructed a canal from the said point of intake to and across the tract of land to be irrigated.

By authority vested in the Minister of the Interior by section 54 of the Irrigation Act, regulations have

been made for granting free right of way for irrigation canals and ditches, such right of way to include, in addition to the width of the canal or ditch, a marginal strip not exceeding twenty feet on one side and ten feet on the other side of the said canal or ditch, to give access to the same for purposes of operation and repairs, provision having also been made in the said regulations for granting a greater width, not exceeding ten acres in all, when such shall be shown to be necessary for the effective operation of the irrigation system.

Owing to the size of the canal now under construction by the aforesaid company, to the depth of the excavation at certain points and to the height of the fill at other points, it has been found necessary in some cases to allow a greater area to be included in the right of way in order to permit of the disposal of the excavated material and to afford adequate facilities for the maintenance of the works.

In all cases, to which reference is hereafter made in this minute, where the lands are held under a homestead or pre-emption entry, easements have been executed by the entrants in favour of The Southern Alberta Land Company, Limited, granting right of way of the canal over the lands; the said easements being now registered in the Department of the Interior. The remainder of the lands mentioned, over which right of way is required, are still vested in the Crown.

Wednesday, the 20th day of December, 1916.

PRESENT :

HIS EXCELLENCY THE GOVERNOR GENERAL  
IN COUNCIL.

**T**HE Committee of the Privy Council have had before them a report, dated 9th December, 1916, from the Minister of the Interior, representing that Mr. T. J. Kelly of Bear Lake, in the Province of Alberta, is desirous of acquiring a quarter-section of Dominion lands in the Peace River district in order to provide a home for himself and children, and is not eligible to make homestead entry having exhausted his homestead right.

The Minister states that there are no lands available for purchased homestead entry in the Peace River

district, the same lying outside the purchased homestead tract, and as Mr. Kelly is at present located in the said Peace River district with a large outfit of agricultural implements and horses, he is of the opinion that the application should receive favourable consideration.

The Minister, therefore, recommends that he be authorised to lease to Mr. Kelly for a period of three years, an available quarter-section of Dominion lands at an annual rental of two cents an acre, payable in advance, the same being the rate charged where lands are leased for grazing purposes.

The Committee concur in the foregoing recommendation and submit the same for approval.

PRESENT :

HIS EXCELLENCY THE GOVERNOR  
GENERAL IN COUNCIL.

**T**HE Committee of the Privy Council have had before them a report, dated 23rd November, 1916, from the Minister of the Interior, stating that Frank Nylund, a Russian by birth, made homestead entry in 1911 for the northeast quarter of Section 14, Township 59, Range 20, west of the 4th Meridian ;

Representations having been made that this entrant had deserted his wife and left the country, steps were taken to cancel his entry so that the land might be made available for his wife who has been in continuous residence ;

From a Homestead Inspector's report it appears that Mrs. Nylund has continued to work on the quarter-section and desires to secure the same, but finds that she is unable to secure a certificate of naturalization as a British subject, as required by subsection 3, of section 25, of The Dominion Lands Act,—

The Minister recommends, therefore, that authority be given under subsection (1) of section 76 of The Dominion Lands Act for the sale of this land to Mrs. Nylund at the rate of \$1 per acre, patent to issue on proof being furnished that the required three years settlement duties have been completed subsequent to desertion and on land being paid for in full.

The Committee submit the same for approval.

## SALLE DU SÉNAT.

OTTAWA, vendredi, 19 janvier 1917.

Aujourd'hui, à TROIS heures p.m., SON EXCELLENCE LE GOUVERNEUR GÉNÉRAL s'est rendu, avec le cérémonial ordinaire, à la Salle du Sénat, dans l'édifice du Parlement, et a pris son siège sur le Trône. Les membres du Sénat étant assemblés, il a plu à Son Excellence d'y faire requérir la présence de la Chambre des Communes, et cette Chambre s'y étant rendue, SON EXCELLENCE a ouvert la SEPTIÈME SESSION du DOUZIÈME PARLEMENT DU DOMINION DU CANADA, par le discours suivant :—

*Honorables Messieurs du Sénat :*

*Messieurs de la Chambre des Communes :*

Je profite de la circonstance présente pour exprimer ma respectueuse appréciation de l'honneur qui m'a été conféré par le Roi en m'appelant au poste éminent de Gouverneur général.

Je regarde comme un privilège de haute valeur d'être intimement identifié avec le Canada au moment où il prend une part superbe dans la lutte mondiale, et j'anticipe sa possibilité et sa capacité d'exercer une influence toujours croissante pour amener la guerre à une fin victorieuse. Lorsque la paix aura été heureusement rétablie, je suis certain que les immenses ressources du Dominion continueront à se développer pour l'avantage permanent de l'Empire, et pour les meilleurs intérêts de la liberté de l'humanité.

Bien que près de deux ans et demi se soient écoulés depuis la déclaration de la guerre, cependant ce laps de temps n'a pas été trop long pour pourvoir aux préparatifs extraordinaires nécessaires afin de permettre à notre empire de jeter dans la lutte tout le poids de sa force.

Les faits qui se sont produits depuis la prorogation du Parlement fournissent des preuves évidentes de l'efficacité des mesures qui ont été prises, et témoignent hautement de la valeur et de l'héroïsme des troupes de Sa Majesté sur tous les théâtres de la guerre.

Grâce aux préparatifs déjà si considérables et que l'on augmente encore, nous pouvons avec confiance prévoir que, dans un avenir assez rapproché, le succès couronnera les armes des alliés, de telle façon qu'il procurera la réalisation complète des desseins et de l'idéal qui nous ont engagés dans cette guerre.

Les forces canadiennes expédiées outre-mer, au cours de l'année mil neuf cent seize, s'élevaient au nombre de plus de cent soixante-cinq mille soldats ; et le chiffre global de l'enrôlement au Canada depuis la déclaration de la guerre s'élève à près de quatre cent mille hommes. Dans l'attaque comme dans la défense, la valeur, l'endurance et les ressources des troupes canadiennes ont été remarquables chaque fois qu'elles se sont trouvées en face de l'ennemi, et elles ont maintenu, d'une façon glorieuse, les plus belles traditions de leurs pays.

Non moins remarquable et impressionnant, s'est montré l'esprit de loyauté du peuple du Dominion qui a volontairement consacré son énergie et ses ressources matérielles à la défense commune de l'empire. Des mesures ont été prises par mes conseillers pour améliorer l'organisation du Service National, et aussi pour utiliser, d'une façon plus complète, nos ressources naturelles. De concert avec le gouvernement du Royaume-Uni, des moyens ont été pris pour augmenter la fabrication des munitions au Canada.

Le gouvernement du Royaume-Uni a invité les premiers ministres des Dominions à prendre part à une série de séances spéciales et continues du Conseil de guerre (dont ils seront membres pour cette fin) dans le but d'étudier des questions urgentes concernant la continuation de la guerre, les conditions possibles auxquelles les nations alliées pourraient consentir à en voir la fin ; et les problèmes qui demanderont alors une solution immédiate. Cette invitation a été acceptée au nom du Canada.

Le cinquantième anniversaire de la fondation de ce Dominion approche, et évoque le souvenir impressionnant des progrès réalisés durant ce demi-siècle pour créer une nation unie et puissante. Mes conseillers sont d'avis que, nonobstant la continuation de la guerre, cet événement si important dans l'histoire du Canada devrait être commémoré d'une façon marquante.

La durée du Parlement actuel doit se terminer au mois d'octobre de l'année courante, et, en vertu de la loi actuelle, une dissolution des Chambres et une élection devraient avoir lieu dans un avenir prochain. Mes conseillers sont cependant d'avis qu'il serait plus conforme aux désirs du peuple canadien et aux nécessités urgentes de la guerre d'éviter le dérangement et la confusion, conséquences naturelles d'une élection générale dans un temps si critique.

On ne peut atteindre ce but qu'au moyen d'une législation du Parlement du Royaume-Uni. Une résolution autorisant la demande qu'une loi soit passée pour prolonger l'existence de ce Parlement vous sera présentée.

Bien que dans certaines parties du Canada les conditions climatiques aient nui aux promesses d'une moisson plus qu'ordinaire, cependant, en jetant un coup d'œil sur l'ensemble du pays, on peut dire que les labours de nos cultivateurs ont été abondamment récompensés.

Durant l'année écoulée, la stabilité commerciale, industrielle et financière du Canada, s'est bien maintenue. Il y a tout lieu de croire que le Dominion sera en état de coordonner, d'une façon satisfaisante, le nouvel état de choses qui devra se produire après la guerre.

Des mesures importantes destinées à faire face à cette situation nouvelle ont été étudiées, et quelques-unes d'entre elles seront soumises à votre attention.

*Messieurs de la Chambre des Communes :*

Les comptes publics pour le dernier exercice et le budget pour la prochaine année fiscale seront soumis sans délai à votre étude, et l'on vous demandera de pourvoir aux nécessités financières en vue de la conduite efficace de la guerre.

*Honorables Messieurs du Sénat :*

*Messieurs de la Chambre des Communes :*

Le patriotisme élevé, le superbe courage et la détermination inflexible qui ont animé tous les Dominions de Sa Majesté défendant notre noble cause ne faiblissent nulle part. D'accord avec le reste de l'empire, le peuple du Canada veut décidément que cette guerre qui a entraîné tant de sacrifices et dans laquelle nous nous sommes engagés pour le plus haut idéal de l'humanité et de la civilisation, soit continuée en redoublant nos efforts jusqu'à ce qu'ils soient couronnés par une paix permanente.

Je recommande à votre sérieuse attention toutes les mesures qui vous seront soumises dans ce noble but, et je prie la Divine Providence de répandre ses bénédictions sur vos délibérations.

CANADA,  
N° 1353.

DOWNING STREET,  
30 novembre 1916.

MILORD DUC,—Relativement à ma dépêche n° 811 du 25 août 1915, j'ai l'honneur de transmettre à Votre Excellence, pour le renseignement de Vos Ministres, des copies d'un avis public, émanant du Board of Trade, concernant l'usage des manifestes et des connaissements durant la guerre.

2. Je serais heureux si un semblable avis était publié au Canada.

J'ai l'honneur d'être,  
Milord duc,  
de Votre Grâce le très humble  
et très obéissant serviteur,  
(Signé) A. BONAR LAW.

Au Gouverneur général

Son Excellence le

Duc de Devonshire, C.J., G.C.O.V.,  
etc., etc., etc.

## AVIS AUX EXPÉDITEURS ET AUX ARMATEURS AU SUJET DES MANIFESTES ET CONNAISSEMENTS.

ON attire l'attention des expéditeurs et des armateurs ainsi que du commerce en général au sujet du fait qu'en temps de guerre la pratique d'expédier des marchandises sous connaissements "faits à ordre" (défendue par l'article 4 de la loi dite "Customs (War Powers) Act, 1915," dans le cas de marchandises expédiées du Royaume-Uni sous permis) est des moins désirables au sujet de toutes marchandises que ce soit exportées d'une partie quelconque de l'Empire Britannique. Les expéditeurs de marchandises qui n'ont pas besoin de permis sont en conséquence priés de ne pas faire leurs connaissements "à ordre," mais

(a) qu'à un consignataire nommé, ou

(b) qu'à une banque ou une maison financière bien cotée seulement, avec la remarque en marge du connaissement "Aviser A. B.," "A. B." étant le nom de la personne ou de la maison à laquelle les marchandises sont destinées en dernier lieu. Les marchandises expédiées en Hollande doivent être consignées à la "Netherlands Oversea Trust."

Il est de première nécessité durant la guerre que les navires britanniques ayant à bord n'importe quelles marchandises, expédiées sous permis ou non, possèdent durant tout le voyage un manifeste complet de la cargaison ainsi que tous les connaissements ou des copies authentiquées des connaissements.

A moins qu'on ne se conforme à ces exigences, les navires courent le risque d'être arrêtés et leur route peut être changée par les navires de Sa Majesté ou les vaisseaux de guerre des nations alliées, afin de leur permettre d'examiner complètement la cargaison et de s'assurer de sa destination.

Pour les navires britanniques qui toucheront aux ports des pays contigus au territoire ennemi, il est d'importance spéciale qu'ils se soumettent à ces exigences et des délais sérieux peuvent être causés au navire et à la cargaison lorsque tous les papiers du navire ne sont pas à bord et en règle.

Cet avis annule l'annonce publiée par le Board of Trade le 19 août 1915 (voir "Board of Trade Journal" du 26 août 1915, pages 594-595), mais il n'affecte aucunement les dispositions de l'article 4 de la loi dite "Customs (War Powers) Act, 1915," au sujet des marchandises permises.

Board of Trade, 19 octobre 1916.

## HOTEL DU GOUVERNEMENT À OTTAWA.

Mercredi, le 14e jour de décembre 1916.

PRÉSENT :

SON EXCELLENCE LE GOUVERNEUR GÉNÉRAL  
EN CONSEIL.

AU comité du Conseil privé a été soumis un rapport du Ministre de l'Intérieur, daté le 6 décembre 1916, représentant que M. John R. Welch, de Grenfell, Saskatchewan, a acheté à la vente à l'enchère de terrains d'école, à Broadview, en juin 1916, le quart nord-est de la section 29, township 16, rang 7, à l'ouest du 2e méridien, aujourd'hui consigné aux archives du département comme lui ayant été vendu.

Le Ministère de la Milice et de la Défense a depuis envoyé un communiqué représentant qu'il est nécessaire et d'intérêt public que le dit ministère obtienne possession du dit quart de section pour ses propres fins, vu que ce terrain est indispensable à l'établissement d'un champ de tir à cet endroit et ajoute qu'après négociations avec M. Welch, ce dernier consent à échanger le quart nord-est de la section 29 en question contre le quart sud-est de la même section si le ministère y consent.

Avant d'aller plus loin cependant, il a été décidé de faire l'inspection des deux quarts de section pour s'assurer de leur valeur respective.

L'inspecteur Evans a depuis fait rapport qu'il y a très peu de différence, s'il y en a, dans la valeur des deux quarts de section ; le quart nord-est, propriété de M. Welch, ayant probablement plus de valeur que l'autre. L'inspecteur ajoute que M. Welch est tout disposé à céder le dit quart nord-est pourvu qu'on lui accorde l'inscription du quart sud-est en retour.

Dans ces circonstances, et vu qu'il considère d'intérêt public que le ministère de la Milice et de la Défense puisse disposer du quart nord-est de la dite section pour les fins du champ de tir à cet endroit, le ministre recommande qu'on l'autorise à faire l'échange ainsi projeté et qui consiste à résilier l'inscription du quart nord-est à M. Welch et à lui accorder l'inscription du quart sud-est en retour et que le dit quart nord-est soit ensuite mis à la disposition du Département de la Milice et de la Défense pour les fins du champ de tir.

Le comité agréé cette recommandation et la soumet pour approbation.

## SON EXCELLENCE LE GOUVERNEUR GÉNÉRAL EN CONSEIL.

Un comité du Conseil privé a été soumis un rapport du Ministre de l'Intérieur, daté le 13 décembre 1916, représentant que sous l'empire des dispositions de la *Loi de l'Irrigation* l'autorisation a été accordée à la compagnie dite "The Southern Alberta Land Company, Limited," de construire un système d'irrigation dont l'eau serait tirée de la rivière Bow à un point dans le quart sud-est de la section 34, township 21, rang 25, à l'ouest du 4e méridien, et que sous l'empire de cette autorisation la dite compagnie a établi le tracé et partiellement construit un canal à partir du dit point jusqu'à et traversant la région qui devait être irriguée.

En vertu des pouvoirs conférés au Ministre de l'Intérieur en vertu de l'article 54 de la *Loi de l'Irrigation*, des règlements ont été établis dans le but d'accorder gratuitement le droit de passage pour les canaux et tranchées d'irrigation, ce droit de passage devant comprendre, outre la largeur du canal ou de la tranchée, une lisière marginale n'excédant pas vingt pieds d'un côté et dix pieds de l'autre côté du dit canal ou de la dite tranchée, afin d'y donner accès pour l'exploitation et les réparations, les dits règlements pourvoyant aussi à la concession d'une plus grande largeur de terrain, mais n'excédant pas dix acres en tout, s'il était démontré que cette concession est nécessaire pour le bon fonctionnement du système d'irrigation ;

A cause des dimensions du canal que la compagnie construit, ainsi que la profondeur de l'excavation à certains points, et de la hauteur du remblai à d'autres endroits il a été jugé nécessaire en certains cas de permettre que le droit de passage comprenne une plus grande superficie afin de pouvoir disposer des déblais et offrir des facilités adéquates à l'entretien du système d'irrigation ;

Dans tous les cas mentionnés dans cette minute, où les terrains sont détenus par inscription de homestead ou de préemption, des emprises ont été données par les inscrits à la compagnie dite "The Southern Alberta Land Company, Limited," cédant le droit de passage du canal sur ces terrains ; ces emprises ont été enregistrées au Ministère de l'Intérieur. Le reste des terrains mentionnés sur lesquels la compagnie demande le droit de passage, appartiennent encore à la Couronne,—

Par conséquent, le Ministre demande l'autorisation d'accorder gratuitement, par permis d'occupation, à la compagnie dite "The Southern Alberta Land Company, Limited," le droit de passage pour ses canaux et tranchées sur les terrains ci-dessous décrits, mais n'excédant pas la superficie mentionnée dans chaque cas et conformément au plan du dit système d'irrigation déposé au bureau du Commissaire d'Irrigation à Calgary et au Ministère de l'Intérieur, et enregistré au bureau du registraire des titres de terres à Calgary, dans la province d'Alberta, ces concessions demeurant valides tant que les travaux ici mentionnés serviront aux fins d'irrigation ;

(1) Le quart nord-ouest de la section 19, township 14, rang 19, à l'ouest du 4e méridien, comprenant 13.6 acres, plus ou moins, ainsi qu'indiqué sur le plan d'irrigation numéro 360.

(2) Le quart sud-est de la section 19, township 14, rang 19, à l'ouest du 4e méridien, comprenant 13.51 acres, plus ou moins, ainsi qu'indiqué sur le plan d'irrigation numéro 360.

(3) Le quart sud-est de la section 30, township 14, rang 20, à l'ouest du 4e méridien, comprenant 27 acres, plus ou moins, ainsi qu'indiqué sur le plan d'irrigation numéro 361.

(4) Le quart sud-est de la section 25, township 14, rang 20, à l'ouest du 4e méridien, comprenant 10.14 acres, plus ou moins, ainsi qu'indiqué sur le plan d'irrigation numéro 360.

(5) Le quart nord-est de la section 27, township 14, rang 20, à l'ouest du 4e méridien, comprenant 14.84 acres, plus ou moins, ainsi qu'indiqué sur le plan d'irrigation numéro 360.

(6) Le quart sud-ouest de la section 25, township 14, rang 20, à l'ouest du 4e méridien, comprenant 16.79 acres, ainsi qu'indiqué sur le plan d'irrigation numéro 360.

(7) Les quart nord-ouest de la section 34, township 13, rang 17, à l'ouest du 4e méridien, comprenant 35.21 acres, plus ou moins, ainsi qu'indiqué sur le plan d'irrigation numéro 296.

(8) Le quart nord-est de la section 16, township 14, rang 8, à l'ouest du 4e méridien, comprenant 11.85 acres, plus ou moins, ainsi qu'indiqué sur le plan d'irrigation numéro 183.

(9) Le quart sud-ouest de la section 6, township 14, rang 9, à l'ouest du 4e méridien, comprenant 10.84 acres, plus ou moins, ainsi qu'indiqué sur le plan d'irrigation numéro 183.

(10) Le quart nord-est de la section 35, township 13, rang 10, à l'ouest du 4e méridien, comprenant 13.5 acres, plus ou moins, ainsi qu'indiqué sur le plan d'irrigation numéro 183.

Le comité soumet cette recommandation pour approbation.

## SON EXCELLENCE LE GOUVERNEUR GÉNÉRAL EN CONSEIL.

ATTENDU que la corporation de la ville de Salmon Arm, Colombie-Anglaise, a fait une demande au Ministère de l'Intérieur pour que certains terrains dans les limites du partage des eaux situés dans le township 20, rang 19, à l'ouest du 6e méridien, soient soustraits au droit d'inscription de homestead, à la vente ou à toute aliénation qui pourrait exposer les eaux du creek East Canoe à la contamination ; et

Attendu que l'agent local des terres fédérales et l'ingénieur divisionnaire hydrométrique de la Colombie-Anglaise ont fait un examen conjoint complet de la situation et font rapport que les terrains en question comprennent les sources du creek East Canoe qui fournit à la ville son approvisionnement d'eau domestique, et que les dits terrains sont pierreux, montueux, en général impropres à l'agriculture et que la Couronne devrait les soustraire à toute aliénation qui pourrait altérer la pureté des eaux du creek, et

Attendu que la corporation de la ville de Salmon Arm a déjà obtenu du département provincial des droits hydrauliques à Victoria l'autorisation voulue pour la diversion et l'utilisation des eaux du creek East Canoe pour les fins domestiques et autres, et qu'elle a construit un aqueduc qui actuellement conduit l'eau jusqu'à la ville.

A ces causes, il plaît à Son Excellence le Gouverneur général en conseil de décréter par les présentes que la partie du bassin d'alimentation du creek East Canoe nécessaire à la protection efficace des eaux du dit creek contre toute contamination soit soustraite aux inscriptions de homestead et à la vente ; et de plus que nul ne pourra en aucun temps se servir d'aucuns de ces terrains pour une entreprise quelconque sans obtenir au préalable une autorisation spéciale du Ministre de l'Intérieur ; et la concession de tous droits et privilèges sera sujette aux termes et conditions que la Ministre jugera nécessaires pour conserver la pureté de l'approvisionnement d'eau de la ville de Salmon Arm,—

GÉNÉRAL EN CONSEIL.

Un comité du Conseil privé a été soumis un rapport du Ministre de l'Intérieur, daté le 23 décembre 1916, au sujet d'une demande reçue de la compagnie du chemin de fer dite "Kettle Valley Railway Company," pour un permis d'occupation de cette partie du lit de la rivière Fraser adjacente à la voie ferrée de la compagnie et de chaque côté de cette voie, cette partie du lit de la rivière étant requise pour l'emplacement d'un pont, et pouvant être décrite comme suit :

"Le terrain submergé situé dans la section 16, township 5, rang 26, à l'ouest du 6e méridien, dans la province de la Colombie-Britannique, et qui peut être décrit plus minutieusement comme suit :—

"Borné à l'est et à l'ouest par les marques ordinaires de l'eau haute sur les rives gauche et droite respectivement de la rivière Fraser, et au nord et au sud par des lignes parallèles à la ligne de centre de la voie du chemin de fer de Kettle Valley et qui en sont éloignées perpendiculairement de 50 pieds de chaque côté, ce terrain contenant 1.83 acres, plus ou moins, le tout conforme au plan de la chaussée de la voie ferrée, pour l'emplacement d'un pont du chemin de fer Kettle Valley, approuvé et confirmé par E. Deville, arpenteur général des terres fédérales, et daté à Ottawa le 3e jour d'août 1915, et dont copie est annexée."

Le Ministre représente que l'emplacement et les plans des travaux soumis par la compagnie ont été approuvés par le Département des Travaux Publics conformément aux dispositions de la *Loi de la protection des eaux navigables*, chapitre 115 des Statuts révisés du Canada, 1906, modifiée par le chapitre 44, 9-10 Edouard VII, et que des copies de ces plans ont été déposées au Département de l'Intérieur.

Par conséquent le Ministre demande l'autorisation d'émettre en faveur de la compagnie dite "Kettle Valley Railway Company" un permis d'occupation pour la partie du lit de la rivière Fraser qui est décrite ci-dessus, le dit permis devant être pour telle période que la compagnie peut demander en rapport avec l'exploitation de son chemin de fer ; un loyer annuel de \$1.00 sera payé au Département de l'Intérieur.

Le comité agréé cette recommandation et la soumet pour approbation.

ATTENDU que le Ministre de l'Intérieur représente qu'en vertu de l'autorisation donné par un arrêté en conseil du 3 février 1914, il a été accordé à la ville de Lloydminster, la concession gratuite de deux cents quatre-vingt-douze lots disponibles et non encore concédés, situés dans les limites de la dite ville, la dite concession étant jugée d'intérêt public ;

Et attendu que lors de la dite concession quatorze lots dans les limites de la dite ville étaient détenus sous des ventes à termes et que ces ventes ayant été résiliées à défaut de paiement, les dits lots appartiennent maintenant en pleine propriété au Ministère de l'Intérieur ;

Et attendu que le Ministre de l'Intérieur représente de plus qu'un arrêté en conseil du 31 août 1908 a mis en réserve, pour le creusage de puits à l'usage de la ville de Lloydminster, sept lots dans les limites de la dite ville, savoir : lots 10, block 5 ; lot 26, block 6 ; lot 16, block 9 ; lot 28 ; block 11 ; lot 10 ; block 13 ; lot 8, block 15 et lot 10, block 19 ;

Considérant la concession faite à la ville de Lloydminster de tous les lots appartenant au gouvernement dans les limites de la dite ville, il plaît aussi à Son Excellence le Gouverneur général en conseil de rescinder le dit arrêté en conseil du 31 août 1908, et d'autoriser la concession gratuite à la ville de Lloydminster des lots y mentionnés.

AU comité du Conseil privé a été soumis un rapport du Ministre de l'Intérieur daté le 9 décembre 1916, représentant que M. T. J. Kelly, du lac des Ours, dans la province de l'Alberta, désire faire l'acquisition d'un quart de section de terres fédérales dans le district de la rivière à la Paix pour y établir domicile avec ses enfants et qu'il ne peut obtenir une inscription de homestead, son droit à une concession de homestead étant épuisé.

Le Ministre affirme qu'il n'y a pas de terres disponibles pour l'inscription d'achat de homestead dans le district de la rivière à la Paix, vu que ce district est situé en dehors des limites des homesteads sujets à achat, et considérant que M. Kelly est maintenant établi dans le dit district de la rivière à la Paix avec un outillage considérable d'instruments aratoires et de chevaux, il est d'avis que la dite demande soit accordée.

A ces causes le Ministre recommande l'autorisation de louer à M. Kelly, pour un terme de trois années, un quart de section de terres fédérales maintenant disponible, à un loyer annuel de deux cents l'acre, payable à l'avance, ce loyer étant le prix exigé pour la location de terrains pour fins de pâturage.

Le comité agréé cette recommandation et la soumet pour approbation.

AU comité du Conseil privé a été soumis un rapport du Ministre de l'Intérieur, daté le 18 décembre 1916, représentant que Angus Thompson, sous l'empire d'une patente accordée pour service militaire en 1885, détient la moitié nord de la section 6, township 73, rang 8, à l'ouest du 6e méridien.

Le 15 mai 1916 un arrêté en conseil a été passé relevant M. Thompson de ses obligations de résidence, en vue du fait qu'un certificat médical avait été soumis

représentant qu'il souffrait de tuberculose grave des poumons, et autorisant la concession au dit Thompson de la patente dès que serait fournie la preuve que les autres conditions de l'inscription avaient été remplies. M. Thompson représente maintenant qu'à moins d'un séjour dans un climat plus chaud il ne pourra survivre aux rigueurs du prochain hiver.

En considération des faits précités, le Ministre demande l'autorisation, sous l'empire du paragraphe (1) de l'article 76 de la *Loi des terres fédérales*, chapitre 20, 7-8 Edouard VII, de vendre à M. Thompson la moitié nord de la section 6, township 73, rang 8, à l'ouest du 6e méridien, au prix de \$1 l'acre, et de lui concéder la patente de ce terrain dès que les paiements requis auront été faits.

## DEMANDES AU PARLEMENT.

## CHAMBRE DES COMMUNES.

## RÈGLES RELATIVES AUX PÉTITIONS ET AUX BILLS PRIVÉS.

88. (1) Les pétitions pour bills privés ne sont reçues par la Chambre que si elles sont présentées pendant les six premières semaines de la session, et tout bill privé sera présenté à la Chambre dans les deux semaines à compter de l'époque où l'examineur ou le comité des ordres permanents aurait fait un rapport favorable sur la pétition, et nulle motion à l'effet de suspendre cette règle ne sera acceptée, à moins qu'au préalable le comité des ordres permanents n'ait présenté un rapport recommandant cette suspension et exposant les raisons la motivant.

## Instructions aux comités.

97. Qu'il soit enjoint à tous les comités sur bills privés, dans le cas où les promoteurs ne seraient point prêts à procéder avec leurs mesures quand celles-ci auront été appelées deux fois en deux occasions différentes devant le comité pour y être discutées, de rapporter ces mesures à la Chambre sans délai, faisant connaître les faits, et avec la recommandation que ces bills soient retirés.

## Dépôt de bills et honoraires.

89. (1) Toute personne qui voudra obtenir un bill privé sera tenu de déposer entre les mains du greffier de la Chambre, au moins huit jours avant la réunion de la Chambre, un exemplaire de ce bill en anglais ou en français, avec une somme suffisante pour en payer la traduction et l'impression, la traduction en devant être faite par les fonctionnaires de la Chambre, et l'impression par le département des impressions publiques, et si pareil bill n'est pas déposé dans le délai ci-dessus prescrit, le solliciteur devra, en sus des frais d'impression et de traduction, payer la somme de cinq dollars pour chaque jour qui s'écoulera entre le dit huitième jour avant la réunion de la Chambre et la date de la présentation du bill; mais ces taxes additionnelles ne devront pas dépasser en totalité la somme de deux cents dollars.

2. Après la deuxième lecture d'un bill et avant son examen par le comité auquel il a été renvoyé, celui qui en fait la demande doit dans tous les cas verser le prix de l'impression de la loi dans les statuts ainsi qu'un droit de deux cents piastres.

*Taxes supplémentaires.*

3. Les taxes suivantes seront également imposées et payées, en sus de celles qui précèdent, savoir:—

- |   |          |
|---|----------|
| (a) Lorsqu'une règle de la Chambre est suspendue relativement à un bill, ou à la pétition de ce bill pour chaque suspension.. | \$100 00 |
| (b) Lorsqu'un bill est présenté dans la Chambre après la huitième semaine de la session et avant la fin de la douzième.....   | 100 00   |
| (c) Lorsqu'un bill est présenté dans la Chambre après la douzième semaine de la session.....                                  | 200 00   |
| (d) Lorsque le capital social projeté d'une compagnie dépasse \$250,000, et n'excède pas \$500,000 .....                      | 100 00   |
| (e) Lorsque le capital social projeté d'une compagnie dépasse \$500,000, et n'excède pas \$750,000 .....                      | 150 00   |
| (f) Lorsque le capital social projeté d'une compagnie dépasse \$750,000, et n'excède pas \$1,000,000 .....                    | 200 00   |
| (g) Lorsque le capital social projeté d'une compagnie dépasse \$1,000,000, et n'excède pas \$1,500,000 .....                  | 300 00   |
| (h) Lorsque le capital social projeté d'une compagnie dépasse \$1,500,000, et n'excède pas \$2,000,000 .....                  | 400 00   |
| (i) Pour chaque million ou fraction de million de dollars additionnel .....   | 100 00   |

4. Quand l'objet d'un bill est d'augmenter le capital social d'une compagnie existante, le droit additionnel est déterminé selon le tarif ci-dessus, mais n'est calculé que sur le montant de la majoration.

5. Quand un bill est à l'effet d'augmenter ou tend à augmenter pour une compagnie sa faculté d'emprunter sans qu'il y ait augmentation du capital social, le droit additionnel est de \$300.

6. Si, à quelque phase d'un bill, il est apporté quelque augmentation au chiffre du capital social projeté d'une compagnie, ou à celui de sa faculté d'emprunter, le bill ne passe pas à la phase subséquente tant que les droits découlant de ce changement n'ont pas été versés.

7. Dans la présente règle, l'expression "capital social projeté" comprend toute augmentation de ce capital prévue dans le bill, et dans les cas où un bill accorde le pouvoir d'augmenter, à quelque date que ce soit, le montant du capital social projeté, le droit additionnel sera prélevé sur le chiffre maximum de telle augmentation projetée, tel qu'il en est fait mention dans le bill.

8. Les taxes supplémentaires prescrites en la présente règle s'appliqueront aussi aux bills privés prenant naissance au Sénat, sauf, toutefois, que si une pétition demandant pareil bill privé a été présentée en cette Chambre dans les six premières

semaines de la session, la taxe supplémentaire imposée sous l'empire des alinéas b ou c de l'article 3, ne sera pas exigée.

THOMAS B. FLINT,  
Greffier des Communes.

## RÈGLES RELATIVES AUX AVIS DE BILLS PRIVÉS.

91. Toutes demandes, quelles qu'elles soient, adressées au Parlement pour bills privés, devront être précédées d'un avis dans la *Gazette du Canada*; le dit avis devra énoncer clairement et distinctement la nature et l'objet de la demande, et devra être signé par les postulants ou en leur nom avec les adresses des signataires; et lorsque la demande aura pour objet un acte constitutif, le nom de la compagnie projetée devra être donné dans l'avis. Et si les travaux de quelque compagnie (constituée ou à être constituée en corporation) doivent être déclarés à l'avantage général du Canada, cette intention sera spécifiquement mentionnée dans l'avis; et les postulants feront adresser une copie du dit avis, par lettre enregistrée, au greffier de chaque comté ou municipalité qui pourra être spécialement concernée dans la construction ou l'exploitation des dits travaux, et aussi au secrétaire de la province dans laquelle les dits travaux sont ou pourront être situés; et une déclaration conforme à la loi devra attester que cette formalité a été remplie par les postulants.

Outre l'avis susdit à publier dans la *Gazette du Canada*, un avis semblable devra aussi être publié dans *quelque journal important* comme suit:—

A) Lorsque la demande sera faite pour un acte constituant en corporation,—

1. *Une compagnie de chemin de fer ou de canal*:—Dans la principale cité et ville ou dans le principal village dans chaque comté où devront être construits le chemin de fer ou le canal projetés.

2. *Une compagnie de télégraphe ou de téléphone*:—Dans la principale cité ou ville dans chaque province ou territoire où la compagnie se propose de faire des opérations.

3. *Une compagnie pour la construction de travaux quelconques de nature à produire un changement dans une localité particulière par suite de leur construction ou exploitation; ou pour obtenir quelques droits ou privilèges exclusifs; ou pour faire quelques opérations pouvant porter atteinte aux droits ou à la propriété de particuliers*:—Dans la localité ou les localités qui pourraient être atteintes par la législation projetée.

4. *Une compagnie de banque; une compagnie d'assurance; une compagnie de fidéicommiss; une compagnie de prêt; ou une compagnie industrielle, sans pouvoirs exclusifs quelconques*:—Dans la *Gazette du Canada* seulement.

B) Lorsque la demande sera aux fins d'amender un acte existant,—

1. Pour le prolongement de quelque ligne de chemin de fer ou de quelque canal, ou pour la construction d'embranchements des dits chemin de fer ou canal:—Dans la principale cité, la

principale ville ou le principal village dans chaque district ou comté devant être traversé par le prolongement ou cet embranchement.

2. Pour la prolongation d'une charte ou du délai fixé pour la construction ou l'achèvement d'une ligne de chemin de fer, d'un canal, ou d'une ligne de télégraphe ou de téléphone quelconques, ou de tous autres travaux déjà autorisés; ou pour l'extension des pouvoirs d'une compagnie (lorsque cela n'implique pas la concession de droits exclusifs); ou pour l'augmentation ou la réduction du capital social de quelque compagnie; ou pour augmenter ou modifier ses pouvoirs d'émettre des obligations ou de contracter des emprunts, ou pour tout amendement pouvant porter atteinte aux droits ou intérêts des actionnaires ou des porteurs d'obligations ou des créanciers de la compagnie:—Dans la localité où le bureau principal de la compagnie est ou doit être autorisé à s'établir.

C) Lorsque la demande a pour objet d'obtenir pour une personne ou une corporation déjà constituée des droits ou privilèges exclusifs ou le pouvoir de faire quelque chose dont l'accomplissement pourrait porter atteinte aux droits ou aux biens d'autres personnes: dans la localité ou les localités particulières que l'acte projeté pourrait atteindre.

Tous ces avis, qu'ils soient insérés dans la *Gazette du Canada* ou dans un journal, devront être publiés au moins une fois par semaine pendant une durée de cinq semaines consécutives; et en ce qui concerne les provinces de Québec et de Manitoba, ils devront y être publiés en anglais et en français; et dans le cas où il n'y aurait pas de journal dans une localité où l'avis doit être donné, cet avis sera donné dans la localité la plus rapprochée dans laquelle il se publie un journal; et la preuve de la publication régulière de l'avis sera établie dans chaque cas par une déclaration conforme à la loi; et toutes ces déclarations devront être transmises au greffier de la Chambre et être endossées "Avis de bill privé".

D) Tout pareil avis sera transmis par la poste par lettre enregistrée de manière à parvenir au secrétaire de la province, et au greffier du conseil de comté et de la corporation municipale, au moins deux semaines avant que l'Examinateur ou le comité des ordres permanents ne prennent la pétition en délibération, et une déclaration conforme à la loi et établissant ce dépôt à la poste, sera adressée au greffier de la Chambre.

E) Tous bills privés pour actes constitutifs devront être dressés de manière à incorporer, par mode de renvoi, les clauses des actes généraux se rapportant aux détails auxquels ces bills doivent pourvoir; l'on devra énoncer les raisons spéciales de toute déviation de ce principe, ou de l'introduction d'autres dispositions relatives à ces détails, et une note devra être annexée au bill pour indiquer les dispositions du bill au sujet desquelles l'on propose de s'écarter de l'acte général; les bills qui ne seront pas rédigés conformément à cette règle, devront être remodelés par les promoteurs et réimprimés à leurs frais avant qu'aucun comité passe à l'examen de leurs clauses.

THOMAS B. FLINT,  
Greffier de la Chambre des Communes.

Quiconque désire obtenir du Parlement une charte de chemin de fer, devra observer les règles ci-dessous, établies par la Chambre des Communes, au sujet de la production de cartes:—

#### CARTE OU PLAN ACCOMPAGNANT LA PÉTITION.

93. "L'Examinateur ou le comité des Ordres permanents ne prendra connaissance d'aucune pétition demandant la constitution en corporation d'une compagnie de chemin de fer, ou d'une compagnie ayant pour objet la construction d'un canal, ou demandant un prolongement de la ligne d'un chemin de fer ou d'un canal existant ou autorisé, avant que soit produit devant ce comité une carte ou un plan, indiquant l'emplacement projeté des ouvrages, et chaque comté, township, municipalité ou district à travers lesquels le chemin de fer, le canal, l'embranchement ou le prolongement projeté, doit être construit."

#### CARTES, PLANS ET PIÈCES ACCOMPAGNANT LES BILLS.

94. "Nul bill tendant à la constitution en corporation d'une compagnie de chemin de fer ou de canal ou à l'effet de changer le tracé du chemin de fer ou du canal d'une compagnie déjà constituée, ne sera mis à l'étude par le comité des Chemins de fer, à moins qu'il n'ait été produit devant le comité, au moins une semaine avant l'examen du bill—

(a) "Une carte ou un plan à une échelle d'au moins un demi-pouce au mille, et indiquant le territoire sur lequel il est question de construire les ouvrages projetés, et indiquant aussi les ouvrages analogues existants ou autorisés, dans la région ou partie de la région que la ligne projetée doit desservir, ou qui ont quelque effet sur la dite région; et cette carte ou ce plan doit porter la signature de l'ingénieur ou autre personne qui l'a fait;

(b) "Une pièce faisant connaître le montant total du capital que l'on se propose de consacrer aux fins de l'entreprise, et la manière dont on se propose de se le procurer, soit au moyen d'actions ordinaires, d'obligations, de débentures ou d'autres valeurs, et le montant respectif à réaliser de chacun de ces chefs."

#### SENAT.

#### SUBSTANCES DES RÈGLES ET FORMES DE PROCÉDER DU SÉNAT CONCERNANT LES BILLS DE DIVORCE.

*Telles que révisées et mises en vigueur le 22 mars 1916.*

Tout pétitionnaire en divorce doit annoncer son intention de demander un bill de divorce, par un avis spécifiant contre qui et pour quelle cause le divorce sera demandé; il fait insérer cet avis, pendant trois mois au moins avant la prise en considération par le comité des divorces de sa pétition pour obtenir le bill, dans la *Gazette du Canada* et dans deux journaux—du district où il avait sa résidence habituelle à l'époque de sa séparation d'avec son conjoint, s'il résidait alors dans la province de Québec, le Manitoba, la Saskatchewan, l'Alberta, la Colombie-Britannique ou les Territoires du Nord-Ouest,—ou du comté ou des comtés-unis, s'il résidait dans une autre province; et à défaut de ce nombre de journaux, l'avis doit se publier dans le district, dans le comté ou les comtés-unis voisins.

Dans les provinces de Québec et du Manitoba, les insertions doivent se faire dans un journal anglais et un journal français, s'il en existe des deux langues dans le district; autrement, elles se font en anglais et en français au même journal. Si l'avis donné pour une session expire trop tard pour qu'il puisse être statué sur la pétition pendant cette session, la pétition pourra être présentée et accueillie à la session suivante sans nouvelle publication d'avis.

Une copie de cet avis et une copie de la pétition qui sera présentée doit, à la diligence du pétitionnaire et au moins deux mois avant la prise en considération de la pétition par le comité, être signifiée en main propre si cela est possible, à la personne contre laquelle le divorce sera demandé, ci-après appelée "partie défenderesse".

Si la résidence de la partie défenderesse n'est pas connue, ou que la remise de l'avis ne peut être faite en ses mains, s'il est prouvé, d'une manière jugée satisfaisante par le comité, que tous les efforts raisonnables ont été faits pour opérer la signification en main propre, et, en cas d'inutilité de ces efforts, pour porter l'avis et la pétition à la connaissance de la partie défenderesse, ces diligences peuvent être tenues pour une suffisante notification.

Aucune pétition en divorce n'est recevable après l'expiration des soixante premiers jours de la session.

Toute pétition en divorce doit être écrite lisiblement et porter la signature du pétitionnaire. Elle énonce sommairement le fait du mariage, en indiquant les noms au long, l'âge et l'état des parties, en quel temps, en quel lieu et par qui a été faite la célébration; le domicile et la résidence de chacune des parties à l'époque du mariage, leur domicile conjugal, leur résidence et tout changement qui en aurait eu lieu; les traits essentiels sur lesquels est fondée la demande de redressement et la nature du redressement demandé.

La pétition doit aussi contenir l'assurance qu'il n'y a pas eu ni connivence, ni pardon pour les torts qui donnent lieu à la plainte, ni collusion dans la demande en divorce.

Les allégations de la pétition doivent être appuyées d'une déclaration du pétitionnaire, faite conformément à l'*Acte de la preuve en Canada, 1893*.

La copie de la pétition signifiée à la partie défenderesse portera en endos ou en annexe les renseignements suivants:

(1) La résidence du pétitionnaire à l'époque de la signification.

(2) Une adresse postale en Canada à laquelle les lettres et avis pour le pétitionnaire puissent être délivrés.

(3) Le nom et l'adresse de l'avocat, s'il y en a un, agissant pour le pétitionnaire.

(4) Si cet avocat n'a pas d'adresse à Ottawa, le nom et l'adresse de quelque agent le représentant à Ottawa à qui tous avis et pièces puissent être signifiés.

(5) Si la partie défenderesse veut s'opposer à la demande en divorce et être entendue par le comité des divorces du Sénat, elle doit adresser un avis à cet effet au greffier du Sénat aux édi-

fices du Parlement, Ottawa, dans les deux mois de la signification faite à la partie défenderesse et donner dans cet avis au greffier du Sénat:

(a) La résidence de la partie défenderesse à l'époque de l'envoi de l'avis.

(b) Une adresse postale en Canada à laquelle les lettres et avis pour la partie défenderesse puissent être délivrés.

(c) Le nom et l'adresse de l'avocat, s'il y en a un agissant pour la partie défenderesse.

(d) Si cet avocat n'a pas d'adresse à Ottawa, le nom et l'adresse de quelque agent le représentant à Ottawa, à qui tous avis et pièces puissent être signifiés.

(6) Si la partie défenderesse ne notifie pas ainsi le greffier du Sénat, la pétition peut être prise en considération, et un bill de divorce basé sur cette pétition peut suivre son cours sans autre avis à la partie défenderesse.

(7) Lorsque la pétition est présentée par un mari pour obtenir le divorce contre sa femme, si celle-ci fait voir au comité d'une manière satisfaisante qu'elle peut opposer et qu'elle est prête à produire sous serment de bons moyens de défense contre les accusations portées dans la pétition, et qu'elle n'a pas l'argent nécessaire pour faire valoir ces moyens, le comité peut rendre un ordre que son mari ait à lui fournir la somme nécessaire pour qu'elle puisse présenter sa défense en retenant les services d'un conseil, payer ses frais de voyage et de séjour et ceux des témoins assignés de sa part à Ottawa.

La pétition en obtention d'un bill de divorce n'est prise en considération par le comité que lorsque le pétitionnaire a versé au bureau du greffier du Sénat une somme de \$210.

La pétition, au moment de sa présentation au Sénat doit être accompagnée de la preuve de la publication d'avis et d'une déclaration établissant qu'une copie de l'avis de la pétition a été signifiée.

Une copie de toute pétition en obtention d'un bill de divorce, ou relative à quelque demande de divorce,—et une copie de tous documents et papiers accompagnant cette pétition, ou à produire devant le comité, devra être fournie par la personne au nom de laquelle la pétition, les documents ou les papiers seront présentés ou produits.

SAML. E. ST. O. CHAPLEAU,

Greffier du Sénat.

Toute demande au Parlement, pour obtenir un bill privé, de quelque nature qu'il soit, doit être annoncée par avis inséré à la *Gazette du Canada*; cet avis doit indiquer d'une manière claire et précise la nature et l'objet de la demande, être signé par les pétitionnaires ou en leur nom et contenir l'adresse des signataires; et si elle a pour objet l'obtention d'un acte constitutif, il faut donner aussi dans l'avis le nom de la compagnie projetée.

Outre l'avis à insérer dans la *Gazette du Canada*, il doit en être publié un semblable, comme il suit:—

A) Lorsque la demande a pour objet l'obtention d'un acte constituant en corporation,—

2. Une *compagnie de télégraphe ou de téléphone*,—dans un des principaux journaux de la principale cité ou ville de chaque province ou territoire où elle se propose d'opérer;

3. Une *compagnie pour la confection de travaux quelconques*, dont la confection ou l'exploitation intéresserait spécialement telle localité particulière; ou une compagnie tendant à obtenir des droits ou privilèges exclusifs, ou l'autorisation de faire une chose dont l'opération pourrait porter atteinte aux droits ou à la propriété d'autrui,—dans un des principaux journaux de l'endroit ou des endroits que l'acte demandé intéresse;

4. Une *compagnie de banque; une compagnie d'assurance; une compagnie de crédit; une compagnie de prêt*, ou une *compagnie industrielle*, sans pouvoirs exclusifs,—dans la *Gazette du Canada* seulement;

5. Et si les travaux d'une compagnie (constituée ou à constituer) doivent être déclarés d'utilité générale pour le Canada, cette intention sera spécifiquement mentionnée dans l'avis; et les requérants feront envoyer par lettre enregistrée une copie de cet avis au secrétaire de chaque conseil de comté et de chaque corporation municipale spécialement intéressée dans la construction ou l'exploitation de ces travaux, ainsi qu'au secrétaire de la province dans laquelle ces travaux sont ou seront situés; et la preuve de l'accomplissement de cette prescription par les requérants devra s'établir par une déclaration statutaire.

B) Lorsque la demande a pour objet de modifier un acte existant,—

1. Afin de prolonger une ligne de chemin de fer ou un canal, ou de construire des embranchements qui s'y relient, l'avis sera le même, *mutatis mutandis*, que celui pour l'obtention d'un acte constituant en corporation une compagnie de chemin de fer ou de canal;

2. Afin de proroger le délai fixé pour la confection ou l'achèvement d'une ligne de chemin de fer, d'un canal, d'une ligne télégraphique ou téléphonique, ou d'autres travaux quelconques déjà autorisés,—dans un des principaux journaux de l'endroit où la compagnie a son siège ou est autorisée à avoir son siège;

3. Afin d'étendre les pouvoirs d'une compagnie (sans attribution de pouvoirs exclusifs); d'accroître ou de réduire le capital-actions d'une compagnie, ou d'augmenter ou modifier sa faculté d'émettre des obligations ou de faire des emprunts, ou d'effectuer des changements pouvant porter atteinte aux droits ou intérêts des actionnaires, obligataires ou créanciers de la compagnie,—dans un des principaux journaux du lieu de la situation de son siège.

C) Dans tous ces cas, les avis insérés soit à la *Gazette du Canada* ou dans les journaux, doivent

se publier au moins une fois par semaine pendant cinq semaines consécutives; et, lorsqu'ils se publient dans les provinces de Québec et du Manitoba, ils doivent être en langue anglaise et en langue française. Il faut envoyer au greffier du Sénat des exemplaires *marqués* de chaque numéro de tous les journaux contenant l'avis, avec, sur le pli de la feuille, les mots: "*Avis de bill privé*"; ou l'on peut transmettre, au lieu des journaux, une déclaration statutaire que l'avis a été dûment publié.

Tout avis par lettre enregistrée sera déposé à la poste à temps pour parvenir au secrétaire de la province et au greffier de chaque conseil de comté et de chaque corporation municipale cinq semaines au moins avant la considération de la pétition par le comité des Ordres permanents; et une déclaration statutaire établissant le fait du dépôt à la poste sera transmise au greffier du Sénat.

108. Nulle pétition pour la constitution en corporation d'une compagnie de chemin de fer ou d'un canal existant ou autorisé, n'est prise en considération par le comité des Ordres permanents, à moins qu'il n'ait été déposé devant le comité une carte ou un plan indiquant le tracé proposé des travaux ainsi que les comtés ou les districts par où doit passer le chemin de fer, le canal, l'embranchement ou le prolongement qu'on veut construire.

109. Avant d'adresser au Sénat la pétition pour en obtenir la permission de présenter un bill privé ayant pour objet la construction d'un pont de péage, la ou les personnes qui ont l'intention de faire cette pétition doivent, en donnant l'avis prescrit par les règles précédentes mentionner en même temps et de la même manière, les péages qu'elles se proposent de percevoir, l'étendue du privilège, la hauteur des arches, l'espace libre entre les culées ou les piles pour le passage des trains de bois et des bateaux; en outre, mentionner si le pont sera mobile ou non, et indiquer les dimensions de la partie mobile.

110. Aucune pétition en obtention d'un bill privé n'est reçue par le Sénat après les trois premières semaines de la session; aucun bill privé ne peut lui être présenté après les quatre premières semaines de la session; aucun rapport d'un comité permanent ou spécial sur un bill n'est reçu après les six premières semaines de la session.

114. Toute personne qui voudra obtenir un bill privé, si elle se propose de le présenter au Sénat, devra déposer entre les mains du greffier de cette Chambre, huit jours avant la réunion du Parlement, une copie du bill en langue anglaise ou en langue française, avec une somme d'argent suffisante pour en payer la traduction, laquelle sera faite par les traducteurs du Sénat, et payer l'impression de 600 exemplaires anglais et de 200 exemplaires français; elle aura pareillement à verser entre les mains du greffier du Sénat, aussitôt après la deuxième lecture du bill, et avant la prise en considération par le comité auquel il aura été renvoyé, une somme de \$200, avec les frais d'insertion de l'acte au corps des Statuts; et elle remettra au commis-greffier du comité un reçu constatant le versement de ces sommes.

## ORDERS IN COUNCIL.

[85]

AT THE GOVERNMENT HOUSE AT OTTAWA.

Saturday, the 13th day of January, 1917.

PRESENT :

HIS EXCELLENCY THE GOVERNOR GENERAL  
IN COUNCIL.

**W**HEREAS the Minister of Marine and Fisheries and the Minister of Public Works submit that they have had under consideration the question of providing for the maintenance at night of lights to mark the channels to be used under fixed bridge spans over navigable waters as aids to navigation ;

And whereas in section 233 of The Railway Act, chapter 37, Revised Statutes of Canada, it is prescribed that a plan and description of the proposed site of any contemplated railway bridge (not being a bridge over a canal) and a general plan of the work to be constructed must first be submitted to the Minister of Public Works for approval ;

And whereas in section 7 of The Navigable Waters Protection Act, chapter 115, Revised Statutes of Canada, a like provision is made for bridges other than railway bridges ;

And whereas the Ministers concur in the recommendation of the Officers of the Departments of Marine and Fisheries and of Public Works that in either case such plans and descriptions be not approved unless and until they show and indicate the presence of such lights as are deemed necessary for the safety of navigation ;

Therefore His Excellency the Governor General in Council is pleased to order and it is hereby ordered as follows :—

No plan and description of a fixed bridge over navigable waters (not a canal) required by section 233 of chapter 37, Revised Statutes of Canada, or by section 7 of chapter 115, Revised Statutes of Canada, to be submitted to the Minister of Public Works for approval, shall be approved unless and until such plan and description show and indicate a fixed white light on each side of every channel to be navigated through such fixed bridge ; such lights, of an intensity to be approved by the Department of Marine and Fisheries, to be maintained by the owner or owners of such bridge during each and every night from sundown until sunrise during the entire season of navigation.

## AT THE GOVERNMENT HOUSE AT OTTAWA.

Monday, the 15th day of January, 1917.

PRESENT :

HIS EXCELLENCY THE GOVERNOR GENERAL  
IN COUNCIL.

THE Committee of the Privy Council have had before them a report, dated 11th January, 1917, from the Minister of the Interior, stating that by an Order in Council, dated the 11th of March, 1910, regulations were established for the disposal of petroleum and natural gas rights, the property of the Crown, under and in accordance with the provisions of section 37 of The Dominion Lands Act.

That in November, 1913, the available petroleum and natural gas rights, the property of the Crown, in portions of Townships 46, 47, 48 and 49, in Ranges 10, 11, 12 and 13 west of the 4th Meridian, containing an approximate area of 55,620 acres, were temporarily withdrawn from disposal under the provisions of the above regulations at the request of the City of Edmonton, in order to secure for that municipality a sufficient supply of natural gas for the use of the people.

That it has now been represented to the Department of the Interior that it is essential to the commercial prosperity of the city that the petroleum and natural gas rights already reserved should not be disposed of to or diverted by outside interests; that the city, while not desiring to exploit the said rights, should be given such control of them as might be necessary to prevent the same from being diverted to other centres of population, and to insure their conservation to the city for its domestic supply, and for the extension and development of its several industries.

Representations have also been made to the Department of the Interior that a very large expenditure has already been incurred in boring for natural gas within this reservation; that gas in commercial quantity has been discovered; and that action is now being taken to pipe the gas to the City of Edmonton, a distance of about eighty-five miles, to be utilized by and on behalf of that municipality.

As it would appear to be in the public interest that the petroleum and natural gas rights, the property of the Crown, within the limits of the reservation above referred to, should be conserved for the use of the City of Edmonton, the Minister recommends that he be authorized to withdraw for the present from disposal the available petroleum and natural gas rights within the tract, comprising portions of Townships 46, 47, 48 and 49, in Ranges 10, 11, 12 and 13, west of the 4th Initial Meridian, shown outlined in pink on the plan hereto attached, upon the following terms and conditions:

1. That the withdrawal at the instance of the City of Edmonton of the petroleum and natural gas rights, the property of the Crown, in the above area, shall not apply to lands which have been set apart as School lands in accordance with the provisions of the Dominion Lands Act;
2. That the withdrawal from disposal under the provisions of the regulations of the available petroleum and natural gas rights under the lands described will not operate as an obstacle to the disposal by the Crown of other mining rights under these lands;
3. That the City of Edmonton be required to immediately obtain a lease under and in accordance with the provisions of the regulations of each quarter section within the reservation upon which a well has been bored by on behalf of the municipality with a view to the discovery of petroleum or natural gas;
4. That the City of Edmonton, before commencing in the future boring or other operations with a view to the discovery or development of petroleum or natural gas on any lands included in the above reservation, shall apply for and obtain a lease of such rights in accordance with the provisions of the regulations in that behalf;
5. That upon receipt in the Department of the Interior of advice from the municipal council of the City of Edmonton that any parcel of land within

the limits of the reservation is no longer required for municipal purposes, the Minister of the Interior may declare that the rights so relinquished are withdrawn from the reservation, and are open to application under and in accordance with the provisions of the regulations and the practice of the Department;

6. That the City of Edmonton shall be given a period of two years from the date hereof, within which to select and obtain leases under the provisions of the regulations of the available petroleum and natural gas rights within the limits of the above reservation, and at the expiration of the said period of two years the reservation will terminate, and any petroleum and natural gas rights within the limits of such reservation which have not in the meantime been selected and leased shall revert to the Crown for disposal under and in accordance with the provisions of the regulations in that behalf.

The Committee concur in the foregoing recommendation and submit the same for approval.

RODOLPHE BOUDREAU,  
Clerk of the Privy Council.

## AT THE GOVERNMENT HOUSE AT OTTAWA

Tuesday, the 19th day of December, 1916.

PRESENT :

HIS EXCELLENCY THE GOVERNOR GENERAL  
IN COUNCIL.

HIS Excellency the Governor General in Council is pleased, under the provisions of Section 17 of the Dominion Forest Reserves and Parks Act, to make the accompanying regulations relating to the administration of "Project Meadows" to apply to the forest reserves within the Railway Belt in the Province of British Columbia, and the same are hereby made and established, accordingly.

RODOLPHE BOUDREAU,

Clerk of the Privy Council.

REGULATIONS relating to Project Meadows to apply to Dominion Forest Reserves in the Railway Belt in the Province of British Columbia.

"Project Meadows" are meadows within Forest Reserves which are located in places difficult of access whence it will be impossible to haul hay so that any use of the meadows will be contingent upon feeding stock on the ground.

A "lessee of stock" is a person or company who have leased a ranch or farm and fixtures including stock as a going concern for a term of years on the basis of either a fixed rental or shares of profit and a guarantee to return an equivalent number of stock or the cash value of same to the owner on the termination of the lease.

1. A permit for a term of five years for the sole use of a project meadow or in the case of small meadows for any number of meadows whose combined acreage as determined by the method provided in clause 13 hereafter does not exceed one hundred acres may be granted to any person who is a British subject, subject to the conditions hereinafter set forth.

2. Every project meadow for which application for use under permit is received will be surveyed by a forest officer by metes and bounds. A plan of said survey will be filed in the office of the Forest Supervisor and every permit issued shall be based on the acreage as shown on such plan.

3. (a) In considering applications for the use of project meadows the following classes of applicants will be considered in the following order of preference ;

Class 1. Applicants who are *bona fide* owners of ranch or farm lands who desire to procure project meadows to be used as adjuncts to their ranches or farms.

Class 2. Applicants who do not own ranch or farm lands which they wish to supplement by the use of project meadows in raising stock but who desire to use project meadows to raise stock thereon as independent business ventures.

(b.) Applications from persons in Class 2 will not be considered until all applications of persons in Class 1 are satisfied.

4. Where more than one application of the same class is received at the same time for a meadow for which no permit is in force the forest officer may partition the meadow, if satisfactory to the applicants. If no agreement is possible between them he shall put the right up to tender on an acreage basis at an upset price not less than the rates fixed in Section 11 of these Regulations.

5. The permittee shall undertake improvement work adequate to bring the meadow to its maximum bearing capacity, such improvements to be satisfactory to the Forest Officer in charge of the Reserve.

6. Only stock of which the permittee is the *bona fide* owner or lessee shall be maintained upon a project meadow.

7. A permittee may use a project meadow in any one of the following ways :—

1. To put up hay for feeding stock the following winter.
2. To pasture stock during the summer.

3. To grow hay on one part and pasture the remainder.

8. The minimum annual use requirement for stock maintained upon a project meadow shall be as follows :—

1. During the first three years of the duration of the permit :

- a. Cattle or horses, at the rate of one head to be wintered for two acres of meadow under permit.
- b. Sheep at the rate of five head to be wintered for every two acres of meadow under permit.

2. During the fourth and fifth years of permit and during the renewal thereof granted under section 10 of these Regulations :—

- a. Cattle or horses, at the rate of one head to be wintered for every acre of meadow under permit.
- b. Sheep, at the rate of five head to be wintered for every acre of meadow under permit.

9. Every permittee shall make affidavit to the Forest Officer in charge of the Reserve before May 1st of each year of the use made of the project meadow under permit to him during the preceding twelve months. This affidavit shall set forth :—

1. Number of stock maintained;
2. Time maintained;
3. Quantity of hay put up;
4. Quantity of hay fed;
5. Improvements made;

10. Every permittee who has conformed to the requirements of these regulations shall be granted three renewals of said permit for further five year terms upon application at least six months prior to the termination of said permit or renewal thereof, and such application will have preference over all other applications for the same land under these regulations.

11. The dues to be charged for the use of project meadows will be as follows :—Original permit—five cents per acre per year. First renewal—ten cents per acre per year. Second and third renewals—fifteen cents per acre per year.

12. Permits for the use of project meadows shall not be transferable or assignable without the consent of the Minister and no person or company shall be entitled to more than one permit at a time.

13. In cases where consent has been given to the assignment of a permit the permit shall be returned to the Department and a new permit shall be issued to the assignee for the remainder of the term of the original permit assigned and subject to the same conditions.

14. In case of cancellation of a permit or where a renewal is not desired or procurable a second permittee for an improved project meadow will be required to pay the dues which the original permittee would have paid had his occupancy continued.

15. All fences constructed shall be maintained by the permittee during his occupancy in a condition satisfactory to the Forest Officer.

16. All timber required to be cut on the forest reserve for the construction of improvements shall be obtained under permit under the conditions of the forest reserve regulations and at the prescribed rates of dues.

17. Every holder of a permit will be held responsible for any fire which starts directly or indirectly, personally or through any servant, employee or agent of said permittee upon any land within a forest reserve held under permit granted to said permittee and all employees' services shall be given free whenever a fire starts on or threatens the land or improvements held under said permits. Any neglect on the part of the permittee which may cause fire is sufficient reason for the cancellation of the permit ;

18. Summer range for stock wintered on a project meadow may be secured under the terms of the grazing regulations. The holder of a permit for a project meadow shall be considered as having the same standing as applicants for grazing permits in Class one as defined in Section 39 of the Forest Reserve Regulations, as established by Order in Council of the 20th April 1916.

**T**HE Committee of the Privy Council have had before them a report, dated the 18th December, 1916, from the Minister of the Interior, stating that Angus Thompson holds under Military Bounty Warrant (1885) the north half of Section 6, Township 73, Range 8, west of the 6th Meridian.

On the 15th May, 1916, an Order in Council was passed relieving Mr. Thompson of the necessity of performing any residence duties, in view of the fact that a medical certificate had been submitted stating that he was suffering from tuberculosis of the lungs in an advanced stage, and authorizing the issue of patent in Mr. Thompson's favour on proof being submitted that the other conditions of the entry had been complied with. Mr. Thompson now represents that unless he moves to a warmer climate he will not survive the coming winter.

In view of the foregoing, the Minister recommends that authority be given, under subsection (4) of section 76 of The Dominion Lands Act, chapter 20, 7-8 Edward VII, for the sale of the north  $\frac{1}{2}$  of Section 6, Township 73, Range 8, west of the 6th Meridian to Mr. Thompson at the rate of \$1.00 per acre, and that patent for this land be issued in his favour on completion of the required payments.

**T**HE Committee of the Privy Council have had before them a report, dated 2nd January, 1917, from the Minister of the Interior, stating that John F. The Minister further states that by Order in Council dated the 4th of March, 1910, the quarter-section described was set apart for the School Lands Endowment.

It is now represented that John F. Morton, the former entrant, has been living upon this land for some years and has complied with the requirements of the Dominion Lands Act with respect to residence and cultivation ;

The Minister recommends, in view of all the circumstances, that the Order in Council of the 4th of March, 1910, be rescinded, so that the quarter-section above described may be again available for homestead purposes ;

HIS EXCELLENCY THE GOVERNOR GENERAL  
IN COUNCIL.

THE Committee of the Privy Council have had before them a report, dated 11th January, 1917, from the Minister of the Interior, stating that an application has been received from Moses Lessard, of Ashcroft, British Columbia, to purchase on irrigation conditions the fractional north half of Section 34, in Township 19, Range 24, west of the 6th Meridian, (containing approximately 250 acres), of which the applicant went into occupation in October, 1913, before the survey thereof;

The Minister further states that the case was inspected by an engineer of the Hydrographic Survey Office, who reported that the applicant had made a good many improvements to the land, and that there was sufficient cultivable land to justify irrigation and that arrigation of the land could be effected by the applicant—

The Minister therefore recommends that the applicant, Moses Lessard, be permitted to purchase those portions of the north half of Section 34, in Township 19, Range 24, west of the sixth Meridian, which may be successfully irrigated and cultivated by him in a bona fide manner, on the following terms and conditions:

- (a) The lands sold to be brought under cultivation by irrigation;
- (b) The purchase price to be at the rate of five dollars (\$5) per acre, subject to a deduction of the cost of the irrigation works up to an amount not exceeding two dollars (\$2) per acre, and the amount so credited shall be deemed to be a payment in cash made on the date of sale. The said purchase price to be paid as follows: One dollar (\$1) per acre within one year from date of the authorization of the sale by the Governor in Council, the balance within three years from the date of such authorization or upon fulfilment before the expiration of the said three years of all other conditions of the sale, with interest at 5% per annum;
- (c) The necessary water rights to be secured from the Provincial Government of British Columbia; no work to be done on the land until preliminary water rights are secured from the province;
- (d) The work to be commenced within one year from the date of the authorization by Order in Council of the sale, and to be completed to the satisfaction of the Minister of the Interior within three years from such date, unless other dates are fixed by the Provincial authorities in connection with water rights, in which case the provincial dates may be accepted if approved by the Minister of the Interior;
- (e) Examination to be made by engineers of the Department of the Interior on completion of the work;
- (f) Patent to issue, when conditions completed, for the portions which have been brought under cultivation by irrigation;
- (g) The sale to be cancelled for non-payment of the purchase price or for failure to comply with any of the terms or conditions of sale.
- (h) Prior to patent no transfer or assignment of the lands, or any rights therein, to be made without the consent of the Minister of the Interior.

The Committee concur in the foregoing recommendation and submit the same for approval.

RODOLPHE BOUDREAU,  
Clerk of the Privy Council.
